The Dragon Hunter's Guide Drako,Latrele Bobo,2012-07-01 Here we have the go to guide for the Dragon Hunters. Here you can find complete bios on all of your favorite characters. Also the history of the races is here in plain text for you to read. Add to that some of the characters offer their voices to answer any questions you might have. And as always, the Black Dragon God himself, Jarel, has to have his own input on everything. Meaning you'll get some direct answers from the father of the Dragon Gods and creator of the paranormal races, including an actual listing of his laws. And he'll just randomly throw in his opinion because he can. (You try telling the guy he can't do something and tell me how it turns out for you). This book is a compilation of history, bios, interviews, and some short stories that take place between or outside of the novels to give you a more in depth look at all that make up the Dragon Hunters, the gods, and their enemies.

Dragon Hunters Marc Turner,2016-02-09 Dragon Hunters, the sequel to Marc Turner's When the Heavens Fall features gritty characters, deadly magic, and meddlesome gods Once a year on Dragon Day the fabled Dragon Gate is raised to let a sea dragon pass from the Southern Wastes into the Sabian Sea. There, it will be hunted by the Storm Lords, a fellowship of powerful water-mages who rule an empire called the Storm Isles. Alas, this year someone forgot to tell the dragon which is the hunter and which the hunted. Emira Imerle Polivar is coming to the end of her tenure as leader of the Storm Lords. She has no intention of standing down graciously. She instructs an order of priests called the Chameleons to infiltrate a citadel housing the mechanism that controls the Dragon Gate to prevent the gate from being lowered after it has been raised on Dragon Day. Imerle hopes the dozens of dragons thus unleashed on the Sabian Sea will eliminate her rivals while she launches an attack on the Storm Lord capital, Olair, to secure her grip on power. But Imerle is not the only one intent on destroying the Storm Lord dynasty. As the Storm Lords assemble in Olair in answer to a mysterious summons, they become the targets of assassins working for an unknown enemy. When Imerle initiates her coup, that enemy makes use of the chaos created to show its hand.

The Dragon Hunter's Handbook Adelia Van Helsing,2008-09-15 This is the third book to be published from the vaults of the Van Helsing family library and presents the accumulated wisdom of Adelia Van Helsing. The first female Van Helsing to take up the sword and do battle with the denizens of Hell, Adelia lived some seven centuries ago. Dragon Hunter's Handbook is in fact a prequel to both Demon and Vampire Hunter, and like these two books it weaves practical advice about combating dragons with a journal of Adelia's most terrifying encounters. Within these pages are notes on identifying different types of dragon, proven tactics for defeating them, effective weaponry and armor, and how to find their lairs. Interwoven with this useful information is the tale of Adelia's battle against the most terrifying foe of her career, a dragon simply known as "The Ancient." Traveling to a remote Tibetan village she discovers that far from being a dwindling threat, dragons are regrouping and are about to unleash monstrous revenge on the human race. Faced with a power even she cannot resist, she summons the dragon's most fearsome opponent, the servants of hell. But no Van Helsing makes a pact with the devil without consequences, and in the final act of dispatching The Ancient, her brother Caspar, is dragged through hell's portal to a life of torment. wordcount:

Dragonhunters Garon Whited,2018-06-10 You don't become a hero for the money. The money's nice, sure, but you become a hero because something inside compels you, drives you to it. A group of five professional heroes goes into the lair of the dragon. Who will win? Spoiler: The dragon. But that's only the first chapter. It turns out killing a hero might make him even more determined. Sometimes, heroes are never more dangerous than when they're dead!
