Touched by the Dragon Frank L. Grzyb,1998 Touched by the Dragon is a collection of gripping narratives of Vietnam veterans from Newport County, Rhode Island. We learn of the experiences of men and women, the enlisted and officers, those in combat and those behind the lines, in a way that resonates far beyond Rhode Island. What makes this book truly unique is its absence of literary pretensions. These oral accounts speak in a no-nonsense, matter-of-fact way. Personalities emerge as the veterans discuss their prewar days, their training and preparation for Vietnam, their in-country experiences - some heroic, some frightening, some amusing, some nearly unbelievable - and their return to a country that didn't value their sacrifice.

But the ghosts of the dragons returned, and the surviving Atlantians, along with the children of the

humans they bred with, discovered the dragon-ghosts could use their strength to transmute wood into something hard as steel, ignite fires, heal torn flesh, and many other things as well. Those who could control the dragon-ghosts became known as 'Dragons' themselves, and ordinary mortals feared them, forcing Dragons to live their lives in secret. But by 1620 the world had changed. Dragons were grudgingly becoming accepted, and a young Dragon named Tomas Rios is living a quiet life in his foster-grandfather's apothecary shoppe, known throughout St. Augustine and beyond as a healer and nothing more. But his quiet life is about to be turned upside down. For the ancient evil that brought down Atlantis is stirring once again...
