Raphael

Raphael Catherine Whistler,Benjamin David Harwood Thomas,Achim Gnann,Angelamaria Aceto,2017 The selection of drawings demonstrates how Raphael created a specific mode of visual invention and persuasive communication through drawing. He used drawing both as conceptual art (including brainstorming sheets) and as a practice based on attentive observation (such as drawing from the posed model). Yet Raphael's drawings also reveal how the process of drawing in itself, with its gestural rhythms and spontaneity, can be a form of thought, generating new ideas. The Oxford exhibition will present drawings that span Raphael's entire career, encompassing many of his major projects and exploring his visual language from inventive ideas to full compositions. The extraordinary range of drawings by Raphael in the Ashmolean and the Albertina, enhanced by appropriate loans, will enable this exhibition to cast new light on this familiar artist, transforming our understanding of Raphael's art.

Raphael and His Circle Martin Clayton,Raphael,Queen's Gallery (London, England),1999 The drawings of Raphael and his circle offer a unique view into the creative processes of this renowned artist. Sixty-eight of his most discussed and controversial studies of form, movement and detail from the collection at the Royal Library, Windsor Castle, are examined here by a leading scholar. Works by Raphael's masters such as Perugino, and his pupils including Giulio Romano, Perino del Vaga and Polidoro da Caravaggio are considered together -- examining the development of workshop methods, style and techniques -- and as individual works of art.

Raphael: 83 Drawings Crichton Alcorn,2014-09-25 Raffaello Sanzio (or Santi, Raphael in English) was an Italian Renaissance painter, architect and designer. His work along with that of his older contemporaries Leonardo and Michelangelo defined the High Renaissance style in central Italy. He was a popular personality, famous, wealthy, and honoured (Vasari says Pope Leo X, 'who wept bitterly when he died', had intended making him a cardinal), and his influence was widely spread even during his own lifetime through the engravings of Marcantonio Raimondi. His posthumous reputation was even greater, for until the later 19th century he was regarded by almost all critics as the greatest painter who had ever lived — the artist who expressed the basic doctrines of the Christian Church through figures that have a physical beauty worthy of the antique. He became the ideal of all academies (it was against his authority that the Pre-Raphaelites revolted), and today we approach him through a long tradition in which Raphaellesque forms and motifs have been used with a steady diminution of their values. He has been a major inspiration to great classical painters such as Annibale Carracci, Poussin, and Ingres. Raphael was one of the finest masters of drawing in the history of art. The completing of a huge number of studies in a diversity of techniques was Raphael's typical practice. He first made rapid sketches, and then polished them for transfer. The number of his existing drawings is over 400, but this is only a small part of the amount he produced. There was a diversity of media and techniques in his time, and he explored all of them. Raphael acquired ability in the use of silverpoint, in which the metal tip of a stylus is worked on a prepared ground applied to the paper. He first used pen and ink broadly after 1505.

Raphael, Painter in Rome Stephanie Storey,2020-04-07 Another Fabulous Art History Thriller by the Bestselling Author of Oil and Marble, Featuring the Master of Renaissance Perfection: Raphael! Michelangelo’s Sistine Chapel ceiling is one of the most iconic masterpieces of the Renaissance. Here, in Raphael, Painter in Rome, Storey tells of its creation as never before: through the eyes of Michelangelo’s fiercest rival—the young, beautiful, brilliant painter of perfection, Raphael. Orphaned at age eleven, Raphael is determined to keep the deathbed promise he made to his father: become the greatest artist in history. But to be the best, he must beat the best, the legendary sculptor of the David, Michelangelo Buonarroti. When Pope Julius II calls both artists down to Rome, they are pitted against each other: Michelangelo painting the Sistine Ceiling, while Raphael decorates the pope's private apartments. As Raphael strives toward perfection in paint, he battles internal demons: his desperate ambition, crippling fear of imperfection, and unshakable loneliness. Along the way, he conspires with cardinals, scrambles through the ruins of ancient Rome, and falls in love with a baker’s-daughter-turned-prostitute who becomes his muse. With its gorgeous writing, rich settings, endearing characters, and riveting plot, Raphael, Painter in Rome brings to vivid life these two Renaissance masters going head to head in the deadly halls of the Vatican.

Revival: Raphael (1948) Oskar Fischel,2018-04-20 Beginning with a dissertation on Raphael’s drawings, Oskar Fischel made it his endeavor, with an ever growing knowledge of Raphael, to arrive at a comprehensive representation, and this he has left behind this book. The illustrations gathered together by him over a period of many years are intended, in the selection here provided, to induce the reader to seek out the works of the artist. The book speaks of Raphael’s influential manner on society.

GREAT ARTISTS COLORING Book 10 of Series 3 ~ RAPHAEL's LATE PERIOD Art-Lines,2019-10-26 A Warm Welcome to the World of Art Coloring! In 1514, Raphael labored in his studio to create some of the greatest compositions in human history, filling them with the best colors available to him. Now, with your pens, pencils, pastels and paints, you have in your pocket shades Raphael could only dream of, and your own eye for color. Grab your chance to collaborate with him: fill these compositions with your colors and your eye; make them live again, and create amazing artworks that span the centuries. A Colorist's Guide: Using the artist's method of 'hatching' and 'cross-hatching', a pattern of parallel lines shows light shading areas, and a pattern of diamonds shows dark shading areas - 'light on lines, dark on diamonds'. Unmarked areas can take a paler shade, or be left white for a bold effect. If you think you have made a mistake, don't worry, keep going until you have filled the frame with color - every stroke is part of your journey with great art, and your hand has traced the same contours of genius that Raphael's did in 1514. Few have such a connection to great composition, so pick some great colors and make some great art! 12 Masterpieces in Perfect Outline: Visitation, 1517 Portrait of Bindo Altoviti, 1514 Portrait of a Woman, 1520 Portrait of Baldassare Castiglione, 1515 Transfiguration, 1520 Portrait of a Young Man, 1514 Lorenzo II de Medici, 1515 Isabel Requesens, 1518 Portrait of Cardinal Bibbiena, 1516 Portrait of a boy, 1515 Portrait of a young woman, 1515 Portrait of Tommaso Inghirami, 1515 Get Your Artistic Fix + Be Creative Every Day! The Afterlife of Raphael's Paintings Cathleen Hoeniger,2010-10-21 Raphael is one of the rare artists who have never gone out of fashion. Acclaimed during his lifetime, he was imitated by contemporaries and served as a model for painters through the nineteenth century. Because of the artist's renown, his works have continuously been subject to care, conservation, and restoration. In this book, Cathleen Hoeniger focuses on the legacy of Raphael's art: the historical trajectory - or afterlife - of the paintings themselves. The appreciation of Raphael was expressed and the restoration of his works debated in contemporary treatises, which provide a backdrop for probing the fortune of his paintings. What happened to his panel-paintings and frescoes in the centuries after his death in 1520? Some were lost altogether; others were severely damaged in natural disasters; and many were affected by uncontrolled climactic conditions, by travel from one place to another, and by the not always cautious and careful hands of restorers. This book reveals the five-hundred-year story of many of Raphael's most well-known paintings.
