Flipside Richard Martini,2012-01-11 What happens after we die? _x000D_ _x000D_ Author and award winning filmmaker Richard Martini explores startling new evidence for life after death, via the life between lives, where we reportedly return to find our loved ones, soul mates and spiritual teachers. Based on the evidence of thousands of people who claim that under deep hypnosis, they saw and experienced the same basic things about the Afterlife, the book documents interviews with hypnotherapists around the world trained in the method pioneered by Dr. Michael Newton, as well as examining actual between life sessions. The author agrees to go on the same journey himself, with startling and candid results, learning we are fully conscious between our various incarnations, and return to connect with loved ones and spiritual soul mates, and together choose how and when and with whom we'll reincarnate. Martini examines how Karmic law is trumped by Free will, with souls choosing difficult lives in order to learn from their spiritually; no matter how difficult, strange or complex a life choice appears to be, it was made in advance, consciously, with the help of loved ones, soul mates and wise elders. Extensively researched, breathtaking in scope, Flipside takes the reader into new territory, boldly going where no author has gone before to tie up the various disciplines of past life regression. near death experiences, and between life exploration. In the words of author Gary Schwartz, Phd, once you've read Flipside you'll never see the world in the same way again._x000D_ _x000D_ Praise for Flipside:_x000D_ _x000D_ Richard has written a terrific book. Insightful, funny, provocative and deep; I highly recommend it! - Robert Thurman, author of Why the Dalai Lama Matters_x000D_ _x000D_ "Inspiring, well written and entertaining. The kind of book where once you have read it, you will no longer be able to see the world in the same way again." - Gary

E. Schwartz, author of *The Sacred Promise* _x000D_ _x000D_ Everyone should have a Richard Martini in their life. - Charles Grodin, author of *If I Only Knew Then... What I Learned From Mistakes*

Are We Not New Wave? Theo Cateforis,2011-06-07 In *Are We Not New Wave?* Theo Cateforis provides the first musical and cultural history of the new wave movement, charting its rise out of mid-1970s punk to its ubiquitous early 1980s MTV presence and downfall in the mid-1980s. The book also explores the meanings behind the music's distinctive traits-its characteristic whiteness and nervousness; its playful irony, electronic melodies, and crossover experimentations. Cateforis traces new wave's modern sensibilities back to the space-age consumer culture of the late 1950s/early 1960s. Theo Cateforis is Assistant Professor of Music History and Culture in the Department of Art and Music Histories at Syracuse University.
