Drift Away Jeff Shelby, 2012-07-08 Forced to leave San Diego after his life is destroyed by tragedy, P.I. Noah Braddock is hiding and trying to heal on the Florida Panhandle. Paralyzed by fear and the pain of loss, he's isolated himself and given up everything that meant anything to him. When a young boy comes to him on the beach, unable to find his mother, Noah is pulled into both of their troubled lives. As he reluctantly works to protect them from local thugs, he must confront the memories that continue to haunt him. Those memories come to life when shadowy figures from his past show up in Florida. While he grapples with this, a new threat emerges that will forever change the lives of the boy and his mother and compels Noah to make a choice - keep running or face the consequences of his shattered life. Picking up where the critically acclaimed Liquid Smoke left off, *Drift Away* exposes a new Braddock - introspective, lost, confused...but not yet broken. Praise for the Noah Braddock series: Fans of the Bolitar, Spenser, or Burke detective series should hang ten with Shelby's Noah Braddock. - The Washington Post Strong characterization and biting humor. - Publishers Weekly Fast-paced, hard-boiled PI style and sarcastic banter in a manner reminiscent of early Robert B. Parker and Robert Crais. - Library Journal Sharp dialogue and splashy local color. - Kirkus Reviews Shelby writes like a pro. - The Kansas City Star A heck of a detective whose surfer appearance belies a thoughtful, tough, hardworking guy who knows his way around an investigation. - The Detroit Free Press

I Close My Eyes, Then I Drift Away Katrien De Blauwer, 2019-10-30 The idea for 'I Close My Eyes, Then I Drift Away' by Katrien De Blauwer (b. 1969, Belgian) was founded as a commission for De Blauwer to anatomise archival works of François Halard (b. 1961, French) into a new and rare narrative. With a seductive and dreamlike state, bordering femininity and masculinity, she lets the observer immerse by the means of power structures and illusions, with nuances and parables to the contrasting career of Halard's, yet with the most imaginable awe. All photographs appearing in this book were taken by François Halard and accumulated on July 3rd, 2019 by Katrien De Blauwer in Arles, France. All artworks were made in Antwerp, Belgium by Katrien De Blauwer. The concept for this book was conceived by editor and designer Tony Cederteg, who also wrote the preface for the book.

The Voyage of Drift Away Dave Gibson, 2020-02-05 This book is a sequel to *The Voyage of Drift Away: Stamford to Annapolis* and *The Voyage of Drift Away: Annapolis to Savannah*. The first book detailed getting Drift Away in running order, and stories like the terror of losing both engines off Sandy Hook, as well as other amusing tales. The second book is a combination of how-I-did-it and cruising guide. This book is truly more like a live-aboard cruising guide, but rather than detailing the trip and the marinas we stayed at as other guides do, I will tell you about some of the people we met and the fun we had.

The Voyage of Drift Away: Annapolis to Savannah Dave Gibson, 2018-03-06 This book is the sequel to *The Voyage of Drift Away: Stamford to Annapolis*. The first book detailed getting Drift Away in running order, the terror of losing both engines off Sandy Hook, and other amusing stories. This book is truly more like a cruising guide, but rather than detail the trip and the marinas we stayed at as other guides do, I will tell you about some of the people we met and the fun we had. Most of the folks were other live aboards, but not all. Some were passing through, and others were locals. A friend once described cruisers as a small town that moved up and down the coast. live aboards tend to stay in one place for a long time before moving on, if they move on at all. That is the fun of the live aboard lifestyle. If you like a place, stay. If you don't, move on and explore the next place. This

book has a goodly number of photographs. I love photography and I hope you do too. If not, perhaps you will after reading this book. Sit back and enjoy the trip!

Mission Drift Peter Greer,Chris Horst,2014-02-10 A Christianity Today 2015 Book Award Winner Is your organization in danger of Mission Drift? Without careful attention, faith-based organizations drift from their founding mission. It's that simple. It will happen. Slowly, silently, and with little fanfare, organizations routinely drift from their purpose, and many never return to their original intent. Harvard and the YMCA are among those that no longer embrace the Christian principles on which they were founded. But they didn't drift off course overnight. Drift often happens in small and subtle ways. Left unchecked, it eventually becomes significant. Yet Mission Drift is not inevitable. Organizations such as Compassion International and InterVarsity have exhibited intentional, long-term commitment to Christ. Why do so many organizations--including churches--wander from their mission, while others remain Mission True? Can drift be prevented? In Mission Drift, HOPE International executives Peter Greer and Chris Horst tackle these questions. They show how to determine whether your organization is in danger of drift, and they share the results of their research into Mission True and Mission Untrue organizations. Even if your organization is Mission True now, it's wise to look for ways to inoculate yourself against drift. You'll discover what you can do to prevent drift or get back on track and how to protect what matters most. No organization is exempt from the danger of drifting away

from its original mission. In *Mission Drift*, Peter and Chris provide solid guidance for remaining laser-focused on core values--from the board level to daily organizational culture. This book is a timely message for any organization working hard to remain Mission True. --Wess Stafford, president-emeritus, Compassion International Peter Greer and Chris Horst have identified one of the deepest challenges any leader faces: how to ensure that an organization stays true to its mission, especially when that mission becomes countercultural. --Andy Crouch, executive editor, Christianity Today Essential reading for twenty-first-century believers if we are to gain new vision, unity, and strength. *Mission Drift* is spine straightening, mind clearing, and courage inspiring. This book is true-north wisdom for leaders--and a gift of hope for the world God loves. --Kelly Monroe Kullberg, founder, The Veritas Forum and author, *Finding God Beyond Harvard* Many of us in leadership have learned--often painfully--that our mission needs to be built into every aspect of our organization, from leadership to receptionist, from hiring to implementation. We can't afford not to follow the lessons in this valuable book. --Richard Stearns, president, World Vision U.S. and author, *The Hole in Our Gospel* Keeping an eternal perspective is essential in our work. *Mission Drift* gives a clear message inspiring and challenging us to intentionally keep Christ at the center of all efforts. --David Green, founder and CEO, Hobby Lobby Stores, Inc. Written with clarity, boldness, and urgency, the authors provide insight into and examples of the causes and solutions to drift using the stories of real organizations...A must-read! Recommend this book to every business and church leader.--CBA Retailers+Resources This book is a must-read for leaders, easy to read, practical, engaging and inspirational. The principals outlined not only apply to major corporations, but also to any organization, church and even to one's own personal life. *Mission Drift* . . . will be well worth the effort and time, and you will find yourself wanting to begin implementing what you've learned to safeguard your organization from drifting away from its mission.--Foursquare.org

Drift Rachel Maddow,2012-03-27 The #1 New York Times bestseller that charts America's dangerous drift into a state of perpetual war. Written with bracing wit and intelligence, Rachel Maddow's *Drift* argues that we've drifted away from America's original ideals and become a nation weirdly at peace with perpetual war. To understand how we've arrived at such a dangerous place, Maddow takes us from the Vietnam War to today's war in Afghanistan, along the way exploring Reagan's radical presidency, the disturbing rise of executive authority, the gradual outsourcing of our war-making capabilities to private companies, the plummeting percentage of American families whose children fight our constant wars for us, and even the changing fortunes of G.I. Joe. Ultimately, she shows us just how much we stand to lose by allowing the scope of American military power to overpower our political discourse. Sensible yet provocative, dead serious yet seriously funny, *Drift* reinvigorates a loud and jangly political debate about our vast and confounding national security state.

Drift Jeff Ferrell,2018-03-16 "This book was written late in the North American night, with the rumbling thuds and booming train horns of the nearby rail yard echoing through

my windows, reminding me of the train hoppers and gutter punks out there rolling through the darkness.” In *Drift*, Jeff Ferrell shows how dislocation and disorientation can become phenomena in their own right. Examining the history of drifting, Ferrell situates the contemporary global phenomenon of drift within today’s economic, social, and cultural dynamics. He also highlights a distinctly North American form of drift—that of the train-hopping hobo—by tracing the hobo’s political history and by sharing his own immersion in the world of contemporary train-hoppers. Along the way, Ferrell sheds light on the ephemeral intensity of drifting communities and explores the contested politics of drift—the legal and political strategies designed to control drifters in the interest of economic development, the irony by which these strategies spawn further social and spatial exclusion, and the ways in which drifters and those who embrace drift create their own slippery strategies of resistance. With an eye toward the truth, Ferrell keenly argues that the lessons of drift can provide us with new models for knowing and engaging with the world around us.
