*Driven* K. Bromberg, 2016-09-05 From New York Times Best-Selling Author K. Bromberg comes an unforgettable series about lust, love, redemption, and healing... Our paths should never have crossed. Colton Donovan was arrogant, exuded that bad boy vibe, and embodied everything I never wanted. And yet all it took was one night, one hallway, and one stolen kiss for me to know I hated him and desired him instantly. My heart was healing. His soul was damaged. But with one bid, one little boy, and one carnival date, I couldn't walk away and he wouldn't let me in. This is our story. Our fight. Our perfectly imperfect love.

**Driven** Donald Driver, 2014-09-02 The legendary NFL receiver, all-time receptions and yards leader for the Green Bay Packers, and Dancing with the Stars champion looks back on his life and career. When he was picked in the seventh-round of 1999 NFL draft, Donald Driver couldn't find Green Bay on a map. He was given little chance of making the Packers roster, much less of amassing over 10,000 yards in his career and becoming a Super Bowl champion. But in an unlikely journey, Driver has overcome obstacle after obstacle to become one of the most successful players in the NFL. Now, for the first time, Driver recalls his time growing up in Houston, spending nights living in a U-Haul trailer with his mother and stealing cars and selling drugs with his brother to get by. He recalls what it was like to walk into the locker room as a little-regarded prospect out of Alcorn State, an athlete who one

year earlier thought his future was in high jump rather than football, and why he would have never made the team without the support of General Manager Ron Wolf. With the help of his winning speed, skill, not to mention, smile, Driver became one of Brett Favre's most-trusted targets and a fan favorite at Lambeau. (Though it took some time for him to perfect his Lambeau leap.) Driven takes you inside the locker room with Favre, shares his experiences with Reggie White, and recalls his more recent role as a veteran leader for like Aaron Rodgers and Greg Jennings during their Super Bowl run in 2010. Over 14 years Driver has been through it all—game winning touchdowns, crushing playoff defeats, frightening injuries, and the glory of the Super Bowl. Traveling off the field, Driver discuss his relationship with his wife and three children: how uncertain they were when he undertook the relentless training necessary to become a champion on the 2012 season of Dancing With the Stars, and how supportive they are of his charity work and service to God. Driver retired on his terms after 14 years in the NFL: as a Packer for life. Driven is the definitive story of Donald Driver's extraordinary journey.

Driven Robert Herjavec, 2010-09-21 Robert Herjavec has lived the classic "rags to riches" story, from having \$20 in his pocket to starting up technology companies worth hundreds of millions of dollars. Now the star of television's Dragons' Den and Shark Tank, this son of Croatian immigrants earned his incredible wealth by overcoming the odds with hard work and

determination. On television, Herjavec bankrolls the best inventions and shoots down the best of intentions. Now, he's sharing his hard-won wisdom in one of the most inspirational business books of recent times. In *Driven*, Herjavec shares the secrets that took him from his job waiting tables to growing his nascent technology company into a world-class conglomerate, The Herjavec Group. Herjavec's principles are as valuable in the living room as they are in the boardroom. Anyone can succeed, on their own terms, by following his sage but simple advice—if they're willing to take chances, to take control of their own future and to stay true to their own visions.

Drive James Sallis, 2011-10-04 Much later, as he sat with his back against an inside wall of a Motel 6 just north of Phoenix, watching the pool of blood lap toward him, Driver would wonder whether he had made a terrible mistake. Later still, of course, there'd be no doubt. But for now Driver is, as they say, in the moment. And the moment includes this blood lapping toward him...

**Driven** Melissa Stephenson, 2018-07-24 For fans of *Wild*, a memoir of one woman's road to hope following her troubled brother's death, told through the series of cars that transported her. Growing up in a blue-collar, Midwestern family, Melissa Stephenson longed for escape. Her wanderlust was an innate reaction to the powerful personalities around her, and came too from her desire to find a place in the world where her artistic ambitions wouldn't be thwarted. She found in automobiles the promise of a future. From a lineage of secondhand family cars of the late '60s, to the Honda that carried her from

Montana to Texas as her new marriage disintegrated, to the '70s Ford she drove away from her brother's house after he took his life (leaving Melissa the truck, a dog, and a few mix tapes), to the VW van she now uses to take her kids camping, she knows these cars better than she knows some of the people closest to her. Driven from grief and toward hope, Melissa reckons with what it means to lose a beloved sibling. Driven is a powerful story of healing, for all who have had to look back at pain to find the way forward. "Written with a poet's ear and a traveler's grit, and it will be a comfort to anyone who has watched a loved one self-destruct."—Sarah Hepola, author of Blackout "Not all writers are survivors and not all survivors are writers, but Melissa Stephenson is both and goddamn is she good. Driven is a book you will want to hold right against your heart, to take with you everywhere you go."—Domenica Ruta, author of With or Without You

Driven from Within Michael Jordan, 2012-12-25 'A part of all those people who helped me along the way can be found in everything I have done and continue to do. I had some great teachers - and I listened to what they had to say.' - Michael Jordan A global icon in sports, style and business, Michael Jordan is famous for his unrivalled athletic ability, his fierce determination, and his grace under pressure. In DRIVEN FROM WITHIN, he makes it clear that his phenomenal success is thanks in large part to the teachers, mentors and friends who have guided him throughout his life. Here is a book

about the power of collaboration and teamwork, the energy that is released when people share their gifts and hard-won knowledge. With almost two million copies of his three previous books in print, Michael Jordan has proven himself to be as strong a performer in bookstores as he is on the court. Lavishly illustrated and beautifully designed, this is Michael Jordan's most intimate book to date. Organized around the qualities that Jordan demonstrates in his own life and that he looks for in others - qualities like authenticity, integrity, passion and commitment - *DRIVEN FROM WITHIN* is an inspiring record of an extraordinary life.

*Driven* David Kiley, 2004-04-02 An exclusive look at one of the world's most successful and controversial companies, and the mysterious family behind it. BMW is arguably the most admired carmaker in the world. It's financial performance is the envy of its competitors, and BMW products inspire near-fanatical loyalty. While many carmakers struggle with falling sales, profits and market share, demand for BMWs continues to grow, frequently outpacing production. Now, David Kiley-Detroit Bureau Chief at USA Today and author of *Getting the Bugs Out*, which covered Volkswagen's demise and rebirth, goes inside the fabled German automaker to see how it does what it does so well. With unprecedented access to BMW executives, Kiley goes behind the walls of BMW's famed Four Cylinders headquarters in Munich at a time when the company is in its most aggressive, and some say riskiest, expansion in its history and when some of the company's new products, like the 7 Series sedan and Z4 roadster, are for the first time drawing as many barbs from critics as bouquets. Kiley covers intimate details of the boardroom drama surrounding the company's nearly disastrous acquisition and subsequent sale of the British Rover Group and its expansion into selling MINI and Rolls Royce cars. Besides being a world-class carmaker, BMW is also considered one of the smartest consumer marketing companies and Kiley explores the extraordinary value and management of the BMW brand mystique. He also takes a revealing look at the mysterious and ultra-private Quandt family of Bad Homburg Germany, which owns a controlling stake in BMW: Johanna and Susanne Quandt,

two of the wealthiest women in Europe and Stefan Quandt, one of the wealthiest bachelors on the continent. David Kiley (Ann Arbor, MI) is the Detroit Bureau Chief at USA Today who has covered the auto industry for 17 years. He has been featured on Nightline, CNBC, CNN, MSNBC, NPR and the Today show. He is also the author of *Getting the Bugs Out: The Rise, Fall, and Comeback of Volkswagen in America* (0-471-26304-4), also available from Wiley.

**Driven** Rebecca Zanetti, 2021-01-26 A gripping, unpredictable new serial killer thriller by acclaimed New York Times bestselling author Rebecca Zanetti, perfect for fans of the chilling novels of Kat Martin, Laura Griffin, and Jayne Ann Krentz. "Zanetti is a master." –Kirkus Reviews  
**Unswerving:** Angus Force is determined to hunt down the serial killer he'd once shot dead—or so he thought. But an anonymous source reports that Lassiter is alive. Force hasn't slept since, knowing it's only a matter of time before "the Surgeon" strikes again. And soon, a body is found, bearing Lassiter's same maniacal MO. It's just the beginning of a murderous trail blazing through DC and Virginia, right to Force's backyard . . . **Unstoppable:** Nari Zhang is the shrink for the ragtag Deep Ops Unit, though she isn't Force's shrink—which is a very good thing. Because once they're thrown together on the case, their attraction is explosive and irresistible. They'll just have to fight that much harder to keep the heat between them from flaming out of control. But things are about to become far more challenging, and deadly, than they could have imagined . . . **Unhinged:** Once the killer

catches a glimpse of Nari, she becomes his new obsession. She is now the focus point—for both Force and Lassiter—in a dangerous dance for survival . . . “Action-packed...Zanetti still makes time to dig into her characters’ psyches in the midst of the action, adding nuance to the exciting plot.” —Publishers Weekly

**Driven To Distraction** Edward M., M.D. Hallowell, Edward M. Hallowell, John J. Ratey, 1994 Donation.

Driven Kevin Cook, 2008 The award-winning author of Tommy's Honor offers a revealing glimpse inside the high-pressure world of junior golf, chronicling a year at the David Leadbetter Golf Academy, where teens attend an on-campus high school while spending hours learning the high-tech skills of golf. 25,000 first printing.

**Facebook** Steven Levy, 2020-02-25 One of the Best Technology Books of 2020—Financial Times “Levy’s all-access Facebook reflects the reputational swan dive of its subject. . . . The result is evenhanded and devastating.”—San Francisco Chronicle “[Levy’s] evenhanded conclusions are still damning.”—Reason “[He] doesn’t shy from asking the tough questions.”—The Washington Post “Reminds you the HBO show Silicon Valley did not have to reach far for its satire.”—NPR.org The definitive history, packed with untold stories, of one of America’s most controversial and powerful companies: Facebook As a college sophomore, Mark Zuckerberg created a simple website to serve as a campus social network. Today, Facebook is nearly

unrecognizable from its first, modest iteration. In light of recent controversies surrounding election-influencing “fake news” accounts, the handling of its users’ personal data, and growing discontent with the actions of its founder and CEO—who has enormous power over what the world sees and says—never has a company been more central to the national conversation. Millions of words have been written about Facebook, but no one has told the complete story, documenting its ascendancy and missteps. There is no denying the power and omnipresence of Facebook in American daily life, or the imperative of this book to document the unchecked power and shocking techniques of the company, from growing at all costs to outmaneuvering its biggest rivals to acquire WhatsApp and Instagram, to developing a platform so addictive even some of its own are now beginning to realize its dangers. Based on hundreds of interviews from inside and outside Facebook, Levy’s sweeping narrative of incredible entrepreneurial success and failure digs deep into the whole story of the company that has changed the world and reaped the consequences.

*Driven* Marcello Di Cintio, 2021-05-04 Shortlisted for the Bressani Literary Prize • A Globe and Mail Book of the Year • A CBC Books Best Canadian Nonfiction of 2021 In conversations with drivers ranging from veterans of foreign wars to Indigenous women protecting one another, Di Cintio explores the borderland of the North American taxi. "The taxi," writes Marcello Di Cintio, "is a border." Occupying the space between public and private, a cab brings together people who might otherwise never have met—yet most of us sit in the back and stare at our phones. Nowhere else do people occupy such intimate quarters and share so little. In a series of interviews with drivers, their backgrounds ranging from the Iraqi National Guard, to the

Westboro Baptist Church, to an arranged marriage that left one woman stranded in a foreign country with nothing but a suitcase, *Driven* seeks out those missed conversations, revealing the unknown stories that surround us. Travelling across borders of all kinds, from battlefields and occupied lands to midnight fares and Tim Hortons parking lots, Di Cintio chronicles the many journeys each driver made merely for the privilege to turn on their rooflight. Yet these lives aren't defined by tragedy or frustration but by ingenuity and generosity, hope and indomitable hard work. From night school and sixteen-hour shifts to schemes for athletic careers and the secret Shakespeare of Dylan's lyrics, Di Cintio's subjects share the passions and triumphs that drive them. Like the people encountered in its pages, *Driven* is an unexpected delight, and that most wondrous of all things: a book that will change the way you see the world around you. A paean to the power of personality and perseverance, it's a compassionate and joyful tribute to the men and women who take us where we want to go.
