The Future of Motorsports Hans Erik Næss,Simon

Chadwick,2023-06-12 This book takes stock of the position of motorsport in the 21st century and considers how it will continue to influence sport business, politics, and society in the future. Presenting a set of thematic essays and multi-disciplinary case studies, the book demonstrates that motorsport continues to play a significant role in relationships between the automotive industry, nationalism, industrialisation, and capitalism as well as motorsports' position as a feature of contemporary popular culture. Examining issues such as event management and legacy, environmental sustainability and 'greenwashing', diversity and inclusion, the rise of gaming and esports, and the use of sport as political soft power around the world across multiple motorsport

disciplines, the book shines fascinating new light on this innovative but sometimes problematic industry. This is essential reading for all advanced students, researchers, managers, strategists, sponsors, and other stakeholders working at the nexus of motorsport, business, politics, and culture.

Championship Expectations Jim Pransky, 2013-02-12 Mickey Baker and his teammates have experienced a rewarding and unprecedented athletic season, winning league titles in both basketball and football. As they approach the opening of the

American Legion baseball season, hopes and expectations are running high for the opportunity at another championship. These high school athletes have been teammates for years, but a serious conflict between their coach and a parent threatens to disrupt the very fiber of the team that has been built on friendship and camaraderie. Their only hope to overcome challenges on and off the field is to band together and find a way to defeat the Victorium Raiders and Royce Rooney, the rival team's professional pitching prospect. *Championship Expectations* details how character and integrity are defined for a group of young men as they attempt not only to meet the expectations of their fans, but more importantly, their own.

Boise State of Mind Joel Gunderson, 2018-10-09 After decades of under-the-radar success, the Boise State Broncos became a household name during the 2006-07 NCAA football season. That was when the 12-0 Broncos were set to face the 11-2 Oklahoma Sooners in the Fiesta Bowl. A David vs. Goliath event, everyone expected the Sooners, who played in the highly competitive Big 12 conference and had dominated since coach Bob Stoops took over in 1999, to beat the no-names from the Western Athletic Conference. The match-up would end up becoming one of the greatest college football games ever played, with Boise State beating Oklahoma, 43-42, on a trick-play two-point conversion to win in overtime. But where did it all start? How did a school in Idaho become one of the most successful and polarizing schools in the country? In *Boise State*, writer Joel Gunderson tells the story of how the school went from a junior college to Division I, climbing the ranks and building a program that has since beaten such college football powerhouses as Oregon, Georgia, Virginia Tech, and Oklahoma, and has the highest winning percentage in the country since 2000. With in-depth interviews with current and former players, coaches, and administration, Gunderson offers an entertaining story of the growth of a program that rose from anonymity to becoming arguably the most successful underdog in

the country. While the city of Boise in Idaho has a population of approximately 223,000 people, the state, in general, is not a sports powerhouse. The closest NFL team is the Seattle Seahawks, who are a 7.5-hour drive away. There are currently only six players in the NFL that were born in Idaho. So how did Boise State, known mostly for its blue turf, become known for football excellence? This is more than a Cinderella story. It's about how they arrived, how they conquered, and how they've maintained in the cut-throat business that is college football.

Part three deals with ethical questions in physical education and coaching, and Part four, on contemporary issues, includes essays which focus on topics such as violence, conflict and deception. This book is accessible to a wide range of teachers and students in the field of sport and leisure studies. Cubbing R. Rathbone Leonard, 2010-07-13 Right Now You Are Cubbing Whether you are at Wrigley Field, discussing the baseball team at work, or reading about the Cubs—you are Cubbing. Just thinking about the Cubs—you are Cubbing. Just writing about the Cubs—I am Cubbing, and pleased you have joined me as we go Cubbing. In the 2009 season, the Cubs were in first place by two

percentage points on July 31. From the start of Spring Training as related in this book, my Cubbing comments were positive as I was positive about the 2009 season. The first three months I felt that the Cubs any day would pull away from the pack. And when in late July they started making their move, actually being in first place by a percentage point, I just knew they were on their way. As Lou Piniella would say, I really knew. I said “Go, Cubs, Go” to friends and strangers alike. I placed a large placard with a W in a window. And I kept Cubbing for this book with the day-to-day games, other activities, and here and there a remembrance and comment of the Cubs in years gone by—some of them, I’m sure, never before related. And then in Florida, between the second and third innings July 31, a billy goat actually walked on the field and strutted in front of the dugout mocking the Cubs. Was this a renewal of Bill Sianis’ 1945 curse? Could be. Within a week the descent had begun, the Cardinals were flying high, and the Cubs had gone into hibernation. Consider this: The month of July the Cubs won 18 and lost six. Then the goat strolled. The month of August the Cubs lost 17 and won only 11. The Billy Goat Curse of 1945, taking its toll once again. It must be real, really real. How else can you explain happenings such as the black cat strolling in front of Ron Santo in 1969, the Playoff failures of 1984 and 1989, the Bartman incident of 2003, and the more recent collapses, especially the Dodgers’ sweep of the 2008 Playoffs. I have begun to believe. There is no other explanation. The words were uttered thusly by Bill Sianis: “The Cubs no win here no more.” However, a one hundred-plus year of losing hasn’t deterred Cubbing. So join me. Let’s go Cubbing. —Russ Leonard
