DRIVING UNDER THE INFLUENCE OF RIC Ric Newell,2015-02-17 Traffic is getting heavier. Tempers are getting shorter. Most importantly, the roads are getting more dangerous everyday. Learning how to avoid preventable wrecks and developing “best safety practices” behind the wheel is not just a good idea, but literally a matter of life and death. Whether you are a concerned parent of a young driver just starting out, or a high mileage professional driver, the information in Driving Under the Influence of Ric could help prevent an unnecessary tragedy. Driving Under the Influence of Ric has a way of turning a “dry” subject into an interesting and helpful guide to help good drivers become safe drivers, and teach new drivers how to protect themselves. This book will provide several smiles, a few laugh out loud moments, and by the time the reader finishes it, they will know how to avoid potentially life

threatening situations. Driving Under the Influence of Ric is not merely a driving safety manual. It was written for the express purpose of giving every driver the tools they need to get from point A to point B safely. The Author, Ric Newell is not only an author but a professional speaker. He is a professional member of the National Speakers Association, and has spent over a decade and a half working with “at risk” drivers. Over that time he has done over a thousand workshops and worked with over 20,000 drivers in 22 states. Ric has done state mandated defensive driving classes for the worst drivers in the state of Texas. And for the last decade he has done workshops for dozens of transportation companies and thousands of professional drivers. This is a perfect book for parents who are concerned about the welfare of their children who have just started driving. By the same token, the information it contains is also directly applicable to experienced drivers who just want their commute to be a little less like waterboarding. If you are a professional driver it is imperative, in the current marketplace, to avoid preventable, property damage, incidents. No matter what kind of driver you are job one is to avoid banging into other vehicles. The information in this book will show you how to avoid crashes, while giving you techniques to enjoy the driving experience more than you ever imagined.

**Fifteen Ways to Become a More Defensive Driver** Joe Fitzgerald,2020-09-18

Anytime you're stopped at a red light, especially when you're the first car in line, it's a dangerous spot. Before crossing the intersection, scan left and right before moving forward because almost all red-light violations occur within two seconds of the light changing. That's just one of the tips in this defensive driving guide written by Joe Fitzgerald, a former law enforcement officer and owner of Southeastern Driver Training Center in Wilmington, North Carolina. Fitzgerald draws from his experience as a traffic crash investigator and driver education instructor to give fifteen defensive driving tips that anyone can use to stay safer. The chapters include areas for making notes, so parents can pass on the book to children with personalized tips. The note fields also make it a great resource for driver education classes. A family driving agreement is included in the back of the book. Whether you're seeking to refresh your driving skills or encourage a new driver in your household to be safe, the fifteen lessons in this guide will help anyone become a more defensive driver.

Are you afraid of failing your driver's license test? Or have you failed the test before and still aren't sure what the right answers are? Do you want to pass your DMV written exam without getting stumped on tricky questions?
