Lemon Drop Falls Heather Clark, 2022-02-15 Mom's last words: Keep them safe. Help them be happy. Morgan promised, so she sacrifices soccer, free time, and friendships for her younger siblings. But when Dad's "talk therapy" campout ignites Morgan's anxiety, she makes a reckless decision to prove she can fill Mom's shoes . . . which leaves her literally fighting for survival.

**Brain Drops Keep Falling** John Glorioso, 2018-08-19 Through the darkest of night. Through the brightest of light. We all need something to relate. To minimize the hate. The Spirit up above. Shines down lasting love. Whether you happy or sad. Whether you good or bad. When you're on the street. With nobody to meet. Whether you have money to burn. Whether you have jail to learn. Share this book of poems. You'll never be alone. We need something to relate. Eliminate the hate. Sociomantic poetry Remember how to love. Forget how to hate. PS Fifty percent of all royalties for this book will go toward St. Jude research. I do this in memory of my mother, Audrey, who passed away from cancer. Also my father Carl. Who was left dealing with the void.

**Falling for Doctor Drop-Dead Gorgeous** Sophie-Leigh Robbins, 2022-04-04 Hazel Working at Portland Grace has always been fun, until Tanner Wilson arrives—or Doctor Drop-Dead Gorgeous as all the scrub nurses have started calling him. Not me, though. Just thinking about him gives me heart palpitations. Not only is Tanner my brother's best friend, he's also my new boss. A boss who looks way too good in scrubs. To make matters worse, I've got to share an apartment with him, all thanks to my stupid brother who offered him our spare room. Ugh. Do you know how torturous is it to watch a hot doc scoop cereal into his mouth every morning and having to pretend he means nothing to you? Tanner Being offered Head of Trauma at Portland Grace is a dream come true, but I didn't count on Hazel Green becoming my new scrub nurse. Don't get me wrong, she's good at her job, but to me she'll always be my best friend's little sister. Extremely cute, but also

extremely off-limits. As long as I can convince her that I don't like her at all, I'll be fine. At least, that's the lie I keep telling myself. Falling for Doctor Drop-Dead Gorgeous is a feel-good, lighthearted, funny romcom by USA Today Bestselling RomCom Author Sophie-Leigh Robbins. Perfect for fans of closed-door romances that make you laugh out loud.

**When I Fell From the Sky** Juliane Koepcke, 2012-03-22 On Christmas Eve 1971, the packed LANSA flight 508 from Lima to Pucallpa was struck by lightning and went down in dense jungle hundreds of miles from civilization. Of its 93 passengers, only one survived. Juliane Koepcke, the seventeen-year-old child of famous German zoologists. She'd been thrown from the plane two miles above the forest canopy, but had sustained only a broken collarbone and a cut on her leg. With incredible courage, instinct and ingenuity, she survived three weeks in the green hell of the Amazon - using the skills she'd learned in assisting her parents on their research trips into the jungle - before coming across a loggers hut, and, with it, safety. Now she tells her fascinating story for the first time, and in doing so tells us about her 'Gerald Durrell' childhood - with a menagerie of wild, exotic and sometimes dangerous pets - about how she learned to survive at her parents ecological station deep in the rainforest and about her present-day commitment to this wildlife as a biologist and dedicated environmentalist.

Embodied Christopher Eccleston,2015-11-26 We grow up thinking there are five senses, but we forget about the ten neglected senses of the body that both enable and limit our experience. Embodied explores the psychology of physical sensation in ten chapters: balance, movement, pressure (acting in gravity), breathing, fatigue, pain, itch, temperature, appetite, and expulsion (the senses of physical matter leaving the body). For each sense, two people are interviewed who live with extreme experiences of the sense being investigated; their stories bring to life how far physical sensations matter to us and how much they define what is possible in our life. How physical sensation shapes behavior and how behavior is shaped by sensation are examined. A final chapter presents a theory of what is common across the ten senses: of how we deal with being urged to act, and what happens when extreme sensation is inescapable.
