**California Wildlife Encounters** Guy Nixon, Ben Nuckolls, 2012-05-31 Hunting in California doesn't get much attention. With thick brush in hot temperatures, many hunters and writers pick easier states. However as other states have hunts requiring ten or more years worth of preference points to draw a tag, California's over the counter two bucks a year, begins to look better. We have huge Boone and Crockett black bears. The wild hogs are open year round no limit. Its hunting you can do, but you need to use different methods and different tools. Here are some exciting hunts and useful information you just won't get anywhere else. We have gone all out to make some of California's wildlife problems easier to understand in a fun and humorous book. The hunting here in California can be some of the most intense and challenging in the West. When you do get a trophy here it means more.

**Bowhunting's Superbucks** Kathy Etling, 2012-09-01

Bowhunting's Superbucks is a compilation of thousands of hours afield and a lifetime of experiences from dozens of trophy record holders. These top-rated bowhunters share their tactics and stories of how they arrowed some of North America's top-scoring, giant whitetail bucks. Advice from these seasoned hunters is the best information you can get to help you get a superbuck on your next bowhunting trip. Each hunt is written in the bowhunter's own words, with personal memories of the hunt. Also included in each story are details about what equipment was used (type of bow, arrow, release, and sight),

date and time, tactics used, weather conditions, sun and moon phase, type of terrain where the hunt took place, and whether it was on private or public land. Additional information on the hunter includes years of bowhunting experience, number of bow-killed deer, favorite hunting tactics, and more. This is a Bowhunting Preservation Alliance book.

### **Nebraska's Bucks and Bulls** Joel W.

Helmer, 2020-10 Eclipsing Memorial Stadium on a Husker football game day, deer season is arguably the largest single sporting event of the year in Nebraska, with more than one hundred thousand hunters going afield with the hopes of tagging a trophy buck or bull. Nebraska's Bucks and Bulls tells the stories and shares the photographs of the greatest whitetail, mule deer, and elk shot in Nebraska. Collected through firsthand interviews with the hunters, these personal hunting stories span the decades from the mid-1940s through the 2010s. Each story shares the excitement and adventure of the hunt while weaving in Nebraska history, ecology, and geography. Photographs of the trophy animals showcase not only the quality and variety of big-game hunting in Nebraska but also the changes in hunting clothes, gear, guns, and vehicles through the state's history.

Recounted by Joel W. Helmer, an avid hunter and official measurer for the Boone and Crockett Club, which created the scoring system for measuring North American big-game animals, each chapter tells the story of a buck or bull certified through official state or national records books. Nebraska's Bucks and Bulls has finally gathered the state's greatest hunting tales in one place.

Adventures of an 88 Year Old Nature Boy Tonny and John Williamson, 2014-07-09 This collaboration of sentiments and erstwhile anecdotes has proven to be quite an endeavor, especially when one considers that neither of the contributors has

ever held a literary license.
