Simon R. Green

**Deathstalker Rebellion** Simon R. Green,1996-07-01 New York Times bestselling author Simon R. Green continues his compelling space opera with the second novel in the Deathstalker series. Owen Deathstalker—outlawed, with a price on his head and the blood of a mighty warrior lineage in his veins—had no choice but to embrace a dangerous destiny. With nothing to lose, only he had the courage to take up arms against Queen Lionstone XIV. Now as he gathers his unlikely allies—the legendary washed-up hero Jack Random, the beautiful pirate Hazel d’Arc, the original Deathstalker long since presumed dead, and the alien Hadenmen whose purposes no human can discern—the eyes of the downtrodden are upon him while the freedom of a galaxy hangs in the balance...

*The CASE of the DROWNING MEN: Investigating the Smiley Face Serial Murder Theory* Eponymous Rox,2012-06-28 The police are calling them accidents. They say young men are simply drinking too much and meeting a tragic end in icy lakes and rivers. But the public thinks something else has been going on in America's northland since 1997. They're calling the sudden disappearances of hundreds of college-age men mysterious. They're calling the drownings murder. [Special Black & White Illustrated Discounted Edition]

Deathstalker War Simon R. Green,2016-05-16 Owen Deathstalker doesn't trust anyone, even his companions...especially his companions. But for the diplomatic mission to Mistworld, he'll have to try. Representing the Golgotha underground, Owen hopes to bring the planet into the rebellion--their powerful psychic "espers" would be an invaluable asset. But that's not Owen's only reason for visiting Mistworld. In fact, everyone aboard the Sunstrider II has a secret

agenda. While Owen looks for an information-gathering network that his father set up, all-too-perfect Jack Random seeks out former allies, volatile esper Jenny Psycho searches for information about her power, and ex-pirate Hazel d'Ark pursues an old vice. Of course, success won't be easy and there's little time to spare. The Empire's recent esper attack already left Mistworld physically and politically exposed. Playing host to the leaders of the rebellion only makes the planet a juicier target and this time, the Empress will deploy her most ruthless weapon to crush Owen Deathstalker and the uprising, once and for all. Deathstalker: War is the third book in New York Times bestselling author Simon R. Green's beloved space opera series.

**Drowning Practice** Mike Meginnis, 2023-03-07 Profoundly moving, filled with tenderness, and brought to life by a curious, sprawling imagination, *Drowning Practice* is the story of a mother and daughter trying to save each other's lives at what could be the end of the world. One night, everyone on Earth has the same dream-- a dream of being guided to a watery death by a loved one on November 1. When they wake up, most people agree: after Halloween, the world will end. In the wake of this haunting dream and saddled with its uncertainty, Lyd and her daughter, Mott, navigate a changed world, wrestling with how to make choices when you really don't know what comes next. Embarking on a quixotic road trip filled with a collection of unexpected and memorable characters, Lyd and Mott are determined to live out what could be their final months as fully as possible. But how can Lyd protect Mott and help her achieve her ambitions in a world where inhibitions, desires, and motivations have become unpredictable, and where Mott's dangerous and conniving father has his own ideas about how his estranged family should spend their last days? Formally inventive

and hauntingly strange, *Drowning Practice* signals the arrival of a singular new voice in Mike Meginnis, who writes with generosity and precision, humor and sorrowfulness. Stirring and surprising at every turn, *Drowning Practice* is literary speculative fiction at its best and with a pulsing heart: a mother and daughter trying to decide how they should live out what might be the final months of their--or anyone's--life on Earth.

*Deathstalker Legacy* Simon R. Green, 2002 It has been two hundred years since Owen Deathstalker fell, dying to save the Empire and all Humanity. Now it is a Golden Age for all: for men, for aliens and for the AIs of Shub. But one evil man has determined to bring it all crashing down, and now the Terror has finally arrived, threatening them all with extinction. The old heroes have become legends, and the cry goes out for new heroes. It's time for the latest Deathstalker, Lewis, to do his bit. Unfortunately, he and his companions, a diva, a conman, a homicidal psychopath and a reptiloid called Saturday, have all been outlawed and declared traitors. Deathstalker luck. Always bad. Unless Lewis Deathstalker can defy the odds to get to the Madness Maze and tread the same dangerous path to glory that his ancestor did, the Golden Age is about to be wiped out for ever. Together with Humanity . . .

*Deathstalker* Simon R. Green, 2016-05-04 Owen Deathstalker, last of the infamous warrior Clan, always considered himself more of a writer than a fighter, preferring his history books to making any actual history with a sword. But books won't protect him from Her Imperial Majesty Lionstone XIV, who just Outlawed and condemned Owen to death, without any explanation, reason, or warning. No wonder she's called the Iron Bitch. Now, on the run from Imperial starcruisers, shady mercenaries, and just about everyone else in the

Empire, Owen's options are limited. Though the name Deathstalker still commands respect in certain quarters, out on the Rim, Owen is lucky he can cobble together a makeshift team of castoffs, including an ex-pirate, a cyborg, and a bounty hunter. But allies won't be enough to save him. If he's to live, Owen can either run forever...or take down the corrupt Empire. To do that, he'll need the fabled Darkvoid Device—an artifact dating back to the first Deathstalker and perhaps the only weapon powerful enough to help this ragtag rebellion win. The time has come for Owen to finally embrace his Deathstalker heritage...and all the blood and death that go along with it. Deathstalker is the first book in New York Times bestselling author Simon R. Green's beloved space opera series.

**Deathstalker Coda** Simon R. Green, 2016-08-30 Lewis Deathstalker has succeeded at the impossible: he's found Owen Deathstalker, presumed dead for the last two hundred years. Owen's return strikes

a crippling blow to the Empire as his military joins the rebellion. But Owen himself has a larger mission. He -- and according to prophecy, he alone -- must travel back in time to stop the steadily advancing Terror before the galaxy is destroyed, leaving his descendant Lewis in command of the growing rebel army. Even as Emperor Finn Durandal's empire is on the brink of annihilation from the Terror, he will do anything, no matter how evil, to retain power. Lewis is equally determined to take Finn down and restore the rightful ruler to the throne. *Deathstalker Coda* is the exciting finale to the beloved space opera series from New York Times bestselling author Simon R. Green.

*Deathstalker Destiny* Simon R. Green, 1999-09-01 New York Times bestselling author Simon R. Green's *Deathstalker* series continues in this "incredible romp through a wonderful universe of space opera, filled with outrageous and incredibly powerful heroes and villains, swords and disruptors and more lethal creatures than you can imagine" (SF Site). Owen *Deathstalker's* greatest love—Hazel d'Ark—has been abducted by the Blood Runners, a culture dedicated to the extremes of genetic scientific experimentation. Stranded in a mission on Lachrymae Christi, Owen busies himself with the task of ensuring the survival of the leper colony living there, awaiting an opportunity to rescue Hazel...or avenge her death. Meanwhile, the Empire remains in the chaos of a continuing war. Threatened by various enemies, Humanity once again turns to Owen to lead them, unaware that he has lost the powerful abilities granted to him in the *Madness Maze*. Even if he hadn't, Owen can no longer sacrifice his life for the Empire. And with Hazel's life in the balance, the choice is an easy one...or is it?

Praise: Urban fantasy has a special place in my heart, and the Occult Detective is perhaps the fundamental urban-fantasy archetype. An anthology of this kind can serve two purposes: The first is to provide a taste of the genre to those that might otherwise be unfamiliar with it, and the second is to provide fans of the genre a chance to discover writers they may not have already come across. It was well worth the read and I would recommend it wholeheartedly for any fan of the urban fantasy/occult detective genre; even more so if you are unfamiliar with the genre and would like a taste as to what it's all about. — Nick Bronson -- Urban Fantasy readers will love this book, and it is a first-rate group

of stories. — Paul Lappan, Reviewer

**Kinetic** E C Land, Elizabeth Knox, 2021-09-19 I can't run from my past, no matter how hard I try. Charlee I knew the second I'd arrived back in Portland he'd know I was here within days, so it wasn't a shock to me that he came knocking on my door, literally. Kaden was my first love, but he isn't the same man anymore. These days he goes by another name, Kinetic, one he was given when he went overseas. Now he's in a biker club and living a totally different life. Hell, I roll my eyes thinking about it. I came back here to take care of my elderly mother because she just had a full hip replacement, but I didn't come alone. So much has changed over the last decade and as soon as I saw him, everything came rushing back. Will I be able to get out of Portland unscathed, or is Kinetic going to weasel his way into my heart like Kaden did? Kinetic Years ago, I enlisted in the Marines and thought my life was going just the way I planned. Had the girl and the career I always wanted. We were kids, just starting our lives and had so much to look forward to. I had it all figured out, but the kicker is it never happened. I've lived the last twelve years mainly overseas working alongside my brothers. Men who I'd laid down my life for. Coming home we started the Deathstalkers MC and I never looked back. Now I'm standing on the front porch of Charlee's mom's house, glaring down at her as she holds onto the one thing she knew I

always wanted. My kid. Decisions have to be made and something's going to give. Either way she'll be mine again.
