

Drudge Report Pro

John E. O'Neill,Jerome R. Corsi

The Drudge Manifesto Matt Drudge,2001-08-31 From the first source for the hottest news stories . . . from the first reporter ever to be sued by the White House . . . from the first word in the future of journalism comes the paperback edition of the bestseller by Matt Drudge.

Unfit For Command John E. O'Neill,Jerome R. Corsi,2004-08-25 What sort of combination of hypocrite and paradox is John Kerry? asks this heated critique of the Democratic presidential candidate's Vietnam-era military service and antiwar activism. O'Neill, a lawyer and swift boat veteran, and Corsi, an expert on Vietnam antiwar movements, show how Kerry misrepresented his wartime exploits and is therefore incompetent to serve as commander in chief. Buttressed by interviews with Navy veterans who patrolled Vietnam's waters, some along with Kerry, readers will discover how he exaggerated minor injuries, self-inflicted others, wrote fictitious diary entries and filed phony reports of his heroism under fire—all in a calculated quest to secure career-enhancing combat medals.

South Park Conservatives Brian C. Anderson,2013-02-05 For the better part of 30 years, liberal bias has dominated mainstream media. But author and political journalist Brian Anderson reveals in his new book that the era of liberal dominance is going the way of the dodo bird.

In Our Own Words Senator Robert Torricelli,Andrew Carroll,2000-10 Presents a collection of oratory including sermons, speeches, courtroom arguments, radio broadcasts, eulogies, and commencement addresses.

How Do I Tax Thee? Kristin Tate,2018-03-20 We all know the government taxes our income. Federal, state, and local taxes are withheld by employers, as are Social Security payments. But what about the many other ways the government covertly drains money from our wallets? Have you studied your cell phone bill? Customers in New York State pay an average of 24.36% in combined taxes on their wireless bills. They're also charged for obscure services they didn't ask for and don't understand, like a universal service fund fee, an FCC compliance fee, a line service fee, and an emergency services fee. These aren't taxes, strictly speaking. The government imposes these administrative and regulatory costs, and your wireless provider passes them along to you. What about your cable bill? Your power bill? Your trash bill? The cost of groceries, a gallon of gas, a cab ride, a hotel stay, and a movie ticket are all inflated by hidden fees. How much of what you pay at the grocery store, pump, airport, or the box office is really an indirect tax? In a series of short, pointed, fact-laden, humorous chapters, Kristin Tate exposes how up to half of your income is siphoned straight into federal, state, and city government coffers--and also where these hidden taxes and fees come from.--Dust jacket.

The Liberal Invasion of Red State America Kristin B. Tate,2020-01-21 Refugees from high-tax Massachusetts turned New Hampshire blue. Democratic voters from Yankee states are swamping Tennessee and Georgia. Government employees and refugees from Maryland have turned Virginia from a conservative Southern state into left-leaning Democrat territory. Escapees from California have transformed Colorado, and they're aiming for Texas next. One state after another is turning from red to purple to blue. America is being radically changes by people leaving blue states for better living conditions and opportunities in red states—only to import to their new homes the very policies that created the misery they fled from in the first place. The direction of the change is undeniable: • A 2019 poll found that 53 percent of residents are considering leaving California on account of the exorbitant cost of living • From 2008-2018, Houston's population surged more than 15 percent, and the top metro areas of origin for those new Texas residents were Los Angeles, New York, and Chicago • Migration from blue states is changing the Texas electorate: between 2010 and 2018, votes for Democrats went up 50 percent, while Republican votes increased by just 10 percent • Boom is turning to bust in cities like Denver, as hip blue state refugees to red states raise the cost of living by voting in liberal policies The liberal invasion of the conservative states is having major impacts on our elections, our economy, and our standard of living. And yet few Americans are even aware of the trend, and fewer still have any idea of the significant implications for the future of the United States. Now, in *The Liberal Invasion of Red State America*, indefatigable reporter Kristin Tate delves into the data, lays out the astonishing statistics, and explores the likely consequences of this under-the-radar trend. If you want to understand the movement that is reshaping our country, read this groundbreaking book.

The Clinton Wars Sidney Blumenthal,2003-05-20 An invaluable history of an extraordinary presidency, and the chronicle of a generation's political odyssey When in 1997 Bill Clinton appointed Sidney Blumenthal as a senior advisor, the former writer was catapulted into the front lines of the Clinton wars. From his first day in the White House until long after his appearance as the only presidential aide ever to testify in an impeachment trial, Blumenthal acted in or witnessed nearly all the battles of the Clinton years. This major book—part history, part memoir—is the first inside account we have of the presidency of William Jefferson Clinton. The Clinton Wars begins in 1987, when Blumenthal first met Bill and Hillary Clinton. His chronicle of Clinton's first presidential campaign and first term draws on his experiences as confidant to both the President and the First Lady, and is enriched with previously unpublished revelations about both. This remarkable personal interpretation goes far in explaining the polarizing nature of Clinton's presence on the national scene. The narrative of Clinton's second term is even more dramatic. Blumenthal takes special note of the battle that was waged within the media between the President's detractors and defenders, which he expands into a vivid picture of Washington society torn apart by warring factions. But he does not neglect the wars fought on other fronts—in Kosovo, against Congress, and for economic prosperity. His remarkable book ends with the inside story of the fight to elect Al Gore in 2000 and extend the legacy of the Clinton-Gore Administration. Every page of this unrivaled, authoritative book, with its intimate insights into Clinton's personality and politics, attests to Blumenthal's literary skill, profound understanding of politics, and unique perspective on crucial events of our recent past. The Clinton Wars is a lasting contribution to American history.

GOP GPS Evan Siegfried,2016-08-23 Editors' Pick for the Conservative Book Club A roadmap to the future for Republicans With each passing election cycle, Republicans face stiffer and stiffer odds for winning elections at all levels. They have long relied on a combination of Baby Boomers and rural voters to propel them to victory in races for office. However, both of these populations will decline in the future. At the same time, the ranks of millennials and urban voters have exploded. Millennials (now the largest generation in the United States) and urban residents (the growing majority of the population) are the two groups that are the key to the future—both for the United States and for any major political party. Unfortunately, the Republican Party has largely put off bringing these vital groups into the fold. In fact, it faces a real identity crisis with them. Mention the words “GOP” or “Republican” and they immediately react negatively. They see the party and its members as being out of touch and focused on the past. What possible reason should they have to vote for them, or even listen to their ideas? *GOP GPS* offers a roadmap for Republicans to win over these key groups, showing how to do so using conservative values and principles. It addresses a wide array of issues, including social justice, education, marriage equality, debt, and the family. It will challenge all and show that the Republican Party is not the caricature the Left or the media make it out to be.

We the Media Dan Gillmor,2006-01-24 Looks at the emerging phenomenon of online journalism, including Weblogs, Internet chat groups, and email, and how anyone can produce news.

How the Right Lost Its Mind Charles J. Sykes,2017-10-03 Bracing and immediate. - The Washington Post Once at the center of the American conservative movement, bestselling author and radio host Charles Sykes is a fierce opponent of Donald Trump and the right-wing media that enabled his rise. In *How the Right Lost Its Mind*, Sykes presents an impassioned, regretful, and deeply thoughtful account of how the American conservative movement came to lose its values. How did a movement that was defined by its belief in limited government, individual liberty, free markets, traditional values, and civility find itself embracing bigotry, political intransigence, demagoguery, and outright falsehood? *How the Right Lost its Mind* addresses: *Why are so many voters so credulous and immune to factual information reported by responsible media? *Why did conservatives decide to overlook, even embrace, so many of Trump's outrages, gaffes, conspiracy theories, falsehoods, and smears? *Can conservatives govern? Or are they content merely to rage? *How can the right recover its traditional values and persuade a new generation of their worth?

"The Power of Positive Thinking " Norman Vincent Peale,1956 This book is written with the sole objective of helping the reader achieve a happy, satisfying, and worthwhile life. -- Norman Vincent Peale The precursor to *The Secret*, *The Power of Positive Thinking* has helped millions of men and women to achieve fulfillment in their lives. In this phenomenal bestseller, Dr. Peale demonstrates the power of faith in action. With the practical techniques outlined in this book, you can energize your life -- and give yourself the initiative needed to carry out your ambitions and hopes. You'll learn how to: Expect the best and get it Believe in yourself and in everything you do Develop the power to reach your goals Break the worry habit and achieve a relaxed life Improve your personal and professional relationships Assume control over your circumstances Be kind to yourself

Decision Points (Enhanced Edition) George W. Bush, 2010-11-09 With more than 200 photographs, videos, letters, and speeches, this Deluxe eBook edition of *Decision Points* brings to life the critical decisions of George W. Bush's presidency. George W. Bush served as president of the United States during eight of the most consequential years in American history. The decisions that reached his desk impacted people around the world and defined the times in which we live. *Decision Points* takes readers inside the Texas governor's mansion on the night of the 2000 election, aboard Air Force One during the harrowing hours after the attacks of September 11, 2001, into the Situation Room moments before the start of the war in Iraq, and behind the scenes at the White House for many other historic presidential decisions on the financial crisis, Hurricane Katrina, Afghanistan, and Iran. In addition, it offers intimate new details on his quitting drinking, his discovery of faith, and his relationship with his family. The Deluxe eBook edition also includes:

- Videos from the defining moments of the presidency, including Bush's inspiring Ground Zero speech to the 9/11 rescue workers, intimate family home movies, and a special introduction to the edition from the president himself
- Full texts of his most important speeches, including his addresses to the nation about 9/11, Afghanistan and Iraq, and his second Inaugural
- Handwritten letters from the president's personal correspondence
- And more than 50 new photos not contained in the print version of *Decision Points*

A groundbreaking first in bringing multimedia to presidential memoir, the Deluxe eBook edition of *Decision Points* will captivate supporters, surprise critics, and change perspectives on eight remarkable years in American history—and on the man at the center of events.

The French Betrayal of America Kenneth R. Timmerman, 2005-03-22 Can we trust France? Apparently not. After more than 200 years of shared history and interests, the U.S.-France marriage looks as if it's ending in an acrimonious divorce. Here is the shocking insider account. In the wake of French behavior at the United Nations, where Foreign Minister Dominique de Villepin systematically undermined the efforts of Secretary of State Colin Powell to convince the Security Council to authorize force against Iraq, Americans have at best come to suspect our ally of double dealing, and at worst come to view them as the enemy. Almost daily over the past year, new stories have emerged of how the government of French President Jacques Chirac has sought to undermine the U.S. war on terror, publicly sniping at America and inciting other countries to do the same. What's wrong with France? What's behind their recent perfidy? According to bestselling author Kenneth R. Timmerman, the American public doesn't know half the story. After they read *The French Betrayal of America*, American anger at France will turn to outrage. Timmerman, who worked as a journalist in France for eighteen years and knows the players on both sides, lifts the veil of Jacques Chirac's scandalous love affair with Saddam Hussein, beginning in 1975, when he took him on a tour of top-secret French nuclear facilities. The French attitude toward the dictator, which seemed to baffle American politicians, was in fact entirely predictable. Put bluntly, it was all about money, oil, and guns. Chirac needed Saddam's oil and Saddam's money, and Saddam needed French weapons and French nuclear technology. Despite this, the relationship between France and America was not only amicable but at times very mutually beneficial. That was until the most recent war on Iraq, where France turned the tables, engaging in dirty diplomacy and helping to sway other European countries to their side. French war coverage was not merely one-sided: It was viciously inaccurate, skewed, and openly anti-American. Timmerman also presents incredible new evidence of France's duplicity, including the fact that the French stood to gain \$100 billion from secret oil contracts they had concluded with Saddam Hussein. *The French Betrayal of America* raises questions of whether the nuclear cooperation agreements still in force with the French today should be canceled in light of France's behavior. Our security interests no longer converge, and our economic systems increasingly appear to be at loggerheads. The war in Iraq harshly exposed French treachery and their desire to do business with the worst of international tyrants, putting their economy, their international standing, and their relationship with a 200-year-old friend in severe jeopardy.

Fox Populism Reece Peck, 2019-01-03 Fox Populism offers fresh insights into why the Fox News Channel has been both commercially successful and politically effective. Where existing explanations of Fox's appeal have stressed the network's conservative editorial slant, Reece Peck sheds light on the importance of style as a generative mode of ideology. The book traces the historical development of Fox's counter-elite news brand and reveals how its iconoclastic news style was crafted by fusing two class-based traditions of American public culture: one native to the politics in populism and one native to the news field in tabloid journalism. Using the network's coverage of the late-2000s economic crisis as the book's principal case study, Peck then shows how style is deployed as a political tool to frame news events. A close analysis of top-rated programs reveals how Fox hails its audience as 'the real Americans' and successfully represents narrow, conservative political demands as popular and universal.

Rework Jason Fried, David Heinemeier Hansson, 2010-03-09 *Rework* shows you a better, faster, easier way to succeed in business. Most business books give you the same old advice: Write a business plan, study the competition, seek investors, yadda yadda. If you're looking for a book like that, put this one back on the shelf. Read it and you'll know why plans are actually harmful, why you don't need outside investors, and why you're better off ignoring the competition. The truth is, you need less than you think. You don't need to be a workaholic. You don't need to staff up. You don't need to waste time on paperwork or meetings. You don't even need an office. Those are all just excuses. What you really need to do is stop talking and start working. This book shows you the way. You'll learn how to be more productive, how to get exposure without breaking the bank, and tons more counterintuitive ideas that will inspire and provoke you. With its straightforward language and easy-is-better approach, *Rework* is the perfect playbook for anyone who's ever dreamed of doing it on their own. Hardcore entrepreneurs, small-business owners, people stuck in day jobs they hate, victims of downsizing, and artists who don't want to starve anymore will all find valuable guidance in these pages.

The Tea Party and the Remaking of Republican Conservatism Theda Skocpol, Vanessa Williamson, 2016 In this penetrating new study, Skocpol of Harvard University, one of today's leading political scientists, and co-author Williamson go beyond the inevitable photos of protesters in tricorne hats and knee breeches to provide a nuanced portrait of the Tea Party. What they find is sometimes surprising.

For the Love of Long Shots: A Memoir on Democracy Shawn Casey O'Brien, 2015-01-30 What would happen if 40 million disabled citizens organized their vote and took power in America? Shawn Casey O'Brien's literary memoir *For the Love of Long Shots* looks at the off-beat, humane possibilities as a rag tag group of disabled rebels lay the groundwork for just such a bloodless, democratic revolution. From motivating millions to register and vote, to ending voter suppression and wholeheartedly encouraging the electorate to lie to the polls and then simply vote their conscience, *For the Love of Long Shots* takes an irreverent, if not realistic, look at what ails American democracy today and how best to save it—one disabled vote at a time.

The Breakthrough Gwen Ifill, 2009-10-27 In *The Breakthrough*, veteran journalist Gwen Ifill surveys the American political landscape, shedding new light on the impact of Barack Obama's stunning presidential victory and introducing the emerging young African American politicians forging a bold new path to political power. Ifill argues that the Black political structure formed during the Civil Rights movement is giving way to a generation of men and women who are the direct beneficiaries of the struggles of the 1960s. She offers incisive, detailed profiles of such prominent leaders as Newark Mayor Cory Booker, Massachusetts Governor Deval Patrick, and U.S. Congressman Artur Davis of Alabama (all interviewed for this book), and also covers numerous up-and-coming figures from across the nation. Drawing on exclusive interviews with power brokers such as President Obama, former Secretary of State Colin Powell, Vernon Jordan, the Reverend Jesse Jackson, his son Congressman Jesse Jackson Jr., and many others, as well as her own razor-sharp observations and analysis of such issues as generational conflict, the race/ gender clash, and the black enough conundrum, Ifill shows why this is a pivotal moment in American history. *The Breakthrough* is a remarkable look at contemporary politics and an essential foundation for understanding the future of American democracy in the age of Obama.

Man of the World Joe Conason, 2016-09-13 "A rich, believable portrait of a master politician out of office: needy, rivalrous, thin-skinned, proud, hot-tempered." —The New York Review of Books Updated in 2017 and hailed as, "engrossing...detailed and intimate" (Publishers Weekly), veteran political journalist Joe Conason's *Man of the World* brings you along with Bill Clinton, as the forty-second president blazes new paths in his post-presidential career. It is unlike the second career of any other president: "Bill Clinton" is a global brand, rising from the dark days of his White House departure to become one of the most popular names in the world. In his "deeply researched" (The New York Times Book Review) *Man of the World*, Joe Conason describes how that happened, examining Clinton's achievements, his failures, his motivations, and his civilian life. He explains why Clinton's ambitions for the world continue to inspire (and infuriate). Conason, who has covered Clinton for twenty years, interviewed him many times for this book—as well as Hillary and Chelsea and many of his friends, aides, rivals, and supporters. He has travelled with Clinton to Africa, Haiti, Israel, and

across America. Conason’s “often absorbing chronicle captures the energy and charisma of the former president as he...finds a mission in his philanthropic work in Africa, Asia, and elsewhere” (Kirkus Reviews). Man of the World—starring the one and only Bill Clinton—tells the engrossing story of an extraordinary man who is still seeking to do good in the world.

Government Gone Wild Kristin Tate,2016-04-26 With humor and a modern perspective, young conservative journalist Kristin Tate points out what's broken in our government and shows readers how they can fix it. Do you really think you're free? #LOL. D.C. politicians ship our friends and family overseas to fight in wars we shouldn't be fighting. They monitor our emails, record our phone calls, and peer into our snail mail. They spend our hard-earned cash on things no disciplined family would buy. They tell us who we can marry and what we can put in our bodies. They throw us in overcrowded prisons for smoking pot. They take lavish trips around the world, staying in five-star hotels... and it comes straight out of our paychecks. This isn't freedom. *Government Gone Wild* is a brash, bold ride through the carnival of absurdities that our broken system has become. This isn't about Democrats vs. Republicans... it's about inspiring hard working Americans to give a damn so we can take our country back. This is your wakeup call. You're not anywhere near as free as you think you are - but you can be. We're not as prosperous as we once were - but we can be.

Drudge Report Pro Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your

Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Drudge Report Pro PDF books and manuals is the internets largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Drudge Report Pro PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Drudge Report Pro free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and

manuals waiting to be discovered right at your fingertips.

FAQs About Drudge Report Pro Books

What is a Drudge Report Pro PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Drudge Report Pro PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Drudge Report Pro PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Drudge Report Pro PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Drudge Report Pro PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
