

Drudge Report

Kristin Tate

The Drudge Manifesto Matt Drudge, 2001-08-31 From the first source for the hottest news stories . . . from the first reporter ever to be sued by the White House . . . from the first word in the future of journalism comes the paperback edition of the bestseller by Matt Drudge.

The Drudge Revolution Matthew Lysiak, 2020-07-28 Matt Drudge has been labeled everything from the Walter Cronkite of his era to a dangerous menace and the country's reigning mischief-maker. Political tastes aside, no one disputes Drudge's influence: a single link from his website, The Drudge Report, has the power to move news cycles, shape front pages, and send television producers into a desperate scramble. The internet blogger equipped with no more than a high school education has been credited for everything from the impeachment of President Bill Clinton to the death of print news and the election of President Donald Trump. Carl Bernstein went so far as to call Drudge an influence unequalled in American politics. But nearly 20 years after first bursting into the mainstream of American consciousness with his groundbreaking role in the investigation of President Clinton, remarkably little remains known about the man behind the keyboard or the improbable rise that ushered in a new era of media. In *The Drudge Revolution*, investigative journalist and author of *Newtown: An American Tragedy* Matthew Lysiak pulls back the curtain on the world's most powerful journalist, for the first time telling the inside story of how one man's visionary belief in the potential

of the internet, coupled with the post-Fairness Doctrine growth of conservative talk radio and the rise of cable news and social media, created the perfect storm that seized the narrative from the mainstream media and ushered in the presidency of Donald Trump. Never-before-seen details include:

- Newly uncovered information about Matt's early life, including exclusive interviews with his friends.
- Exclusive interviews with Joseph Curl, longtime friend and editor of the Drudge Report, who breaks his silence for the first time.
- Revealing details about Drudge's relationship with Andrew Breitbart, the creation of Breitbart.com, and a pay-to-play scheme employed by both the Drudge Report and Breitbart.
- Emails from Matt to the Trump campaign, showing his close working hand in helping win the campaign of 2016, his role as advisor to the president, his relationship with Jared Kushner, and his role ousting Steve Bannon.
- Personal information about how much longer Matt will continue at the helm of the world's most powerful web aggregator.

Based on extensive research nearly 200 personal interviews, The Drudge Revolution is the definitive portrait of the most powerful man in media, and his outsized impact on our world today.

Unfit For Command John E. O'Neill, Jerome R. Corsi, 2004-08-25 What sort of combination of hypocrite and paradox is John Kerry? asks this heated critique of the Democratic presidential candidate's Vietnam-era military service and antiwar activism. O'Neill, a lawyer and swift boat veteran, and Corsi, an expert on Vietnam antiwar movements, show how Kerry misrepresented his

wartime exploits and is therefore incompetent to serve as commander in chief. Buttressed by interviews with Navy veterans who patrolled Vietnam's waters, some along with Kerry, readers will discover how he exaggerated minor injuries, self-inflicted others, wrote fictitious diary entries and filed phony reports of his heroism under fire—all in a calculated quest to secure career-enhancing combat medals.

Victorine Drema Drudge, 2019-12 In 1863, civil war is raging in the United States. Victorine Meurent is posing nude, in Paris, for paintings that will be heralded as the beginning of modern art: Manet's *Olympia* and *Picnic on the Grass*. However, Victorine's persistent desire is not to be a model but to be a painter herself. In order to live authentically, she finds the strength to flout the expectations of her parents, bourgeois society, and the dominant male artists (whom she knows personally) while never losing her capacity for affection, kindness, and loyalty. Possessing both the incisive mind of a critic and the intuitive and unconventional impulses of an artist, Victorine and her survival instincts are tested in 1870, when the Prussian army lays siege to Paris and rat becomes a culinary delicacy. Drēma Drudge's powerful first novel *Victorine* not only gives this determined and gifted artist back to us but also recreates an era of important transition into the modern world.

How Do I Tax Thee? Kristin Tate, 2018-03-20 We all know the government taxes our income. Federal, state, and local taxes are withheld by employers, as are

Social Security payments. But what about the many other ways the government covertly drains money from our wallets? Have you studied your cell phone bill? Customers in New York State pay an average of 24.36% in combined taxes on their wireless bills. They're also charged for obscure services they didn't ask for and don't understand, like a universal service fund fee, an FCC compliance fee, a line service fee, and an emergency services fee. These aren't taxes, strictly speaking. The government imposes these administrative and regulatory costs, and your wireless provider passes them along to you. What about your cable bill? Your power bill? Your trash bill? The cost of groceries, a gallon of gas, a cab ride, a hotel stay, and a movie ticket are all inflated by hidden fees. How much of what you pay at the grocery store, pump, airport, or the box office is really an indirect tax? In a series of short, pointed, fact-laden, humorous chapters, Kristin Tate exposes how up to half of your income is siphoned straight into federal, state, and city government coffers--and also where these hidden taxes and fees come from.--Dust jacket.

Still Winning Charles Hurt, 2019-07-09 In this stirring true account of American leadership, learn how President Trump will put an end to a corrupt system of government ruled by the establishment and special interests. Still Winning is the story of the unlikeliest of heroes who emerged from the unlikeliest of places to take up the impossible cause of a truly forgotten people. They are people who love their country, trust their higher God, obey

laws and will do anything for their family and neighbors. They are the very people the Founders envisioned when they hatched the radical idea of self-governance. This is the story of a Leviathan government -- the most powerful political force in the history of mankind -- that has become dangerously unmoored from the people it represents. It is the story of how elites and the politically comfortable controlling both parties in Washington have utterly lost touch. They don't even realize how much the people they represent despise the uncontrollable Leviathan. The establishment has tried their best to ignore Donald Trump -- except to brand him as a racist, a xenophobe, an isolationist, and a dangerous, violence-inciting war monger. All standards of reporting vanished. In the era of Trump, no sort of criticism was off-limits. They openly mocked his looks, ridiculed his private business accomplishments, pilloried his family and children and made fun of his foreign-born wife for her accent! The Leviathan has grown untamable. Democrats and Republicans run for office year after year on promises they have no intention of keeping. Neither side wants to fix a single problem. The whole thing has become one giant ungovernable, corrupt Ponzi scheme that -- one day -- will come crashing down. Charles Hurt advocates for the Nuclear Option for dealing with this mess: just blow the whole damned thing up. Whatever is presidential or diplomatic, let's try the opposite. Whatever these people in Washington find most horrifying, let's try that. Finally, the multi-headed Leviathan swamp monster has met the perfect dragon slayer in Donald Trump. Still Winning

examines each corrupt head of this Leviathan, and why Donald Trump is the only good answer to fixing it.

Suicide of a Superpower Patrick J. Buchanan, 2011-10-18 America is disintegrating. The one Nation under God, indivisible of the Pledge of Allegiance is passing away. In a few decades, that America will be gone forever. In its place will arise a country unrecognizable to our parents. This is the thrust of Pat Buchanan's *Suicide of a Superpower*, his most controversial and thought-provoking book to date. Buchanan traces the disintegration to three historic changes: America's loss of her cradle faith, Christianity; the moral, social, and cultural collapse that have followed from that loss; and the slow death of the people who created and ruled the nation. And as our nation disintegrates, our government is failing in its fundamental duties, unable to defend our borders, balance our budgets, or win our wars. How Americans are killing the country they profess to love, and the fate that awaits us if we do not turn around, is what *Suicide of a Superpower* is all about.

Muse & Drudge Harryette Romell Mullen, 1995

Decision Points (Enhanced Edition) George W. Bush, 2010-11-09 With more than 200 photographs, videos, letters, and speeches, this Deluxe eBook edition of *Decision Points* brings to life the critical decisions of George W. Bush's presidency. George W. Bush served as president of the United States during eight of the most consequential years in American history. The decisions that

reached his desk impacted people around the world and defined the times in which we live. Decision Points takes readers inside the Texas governor's mansion on the night of the 2000 election, aboard Air Force One during the harrowing hours after the attacks of September 11, 2001, into the Situation Room moments before the start of the war in Iraq, and behind the scenes at the White House for many other historic presidential decisions on the financial crisis, Hurricane Katrina, Afghanistan, and Iran. In addition, it offers intimate new details on his quitting drinking, his discovery of faith, and his relationship with his family. The Deluxe eBook edition also includes:

- Videos from the defining moments of the presidency, including Bush's inspiring Ground Zero speech to the 9/11 rescue workers, intimate family home movies, and a special introduction to the edition from the president himself
- Full texts of his most important speeches, including his addresses to the nation about 9/11, Afghanistan and Iraq, and his second Inaugural
- Handwritten letters from the president's personal correspondence
- And more than 50 new photos not contained in the print version of Decision Points

A groundbreaking first in bringing multimedia to presidential memoir, the Deluxe eBook edition of Decision Points will captivate supporters, surprise critics, and change perspectives on eight remarkable years in American history—and on the man at the center of events.

The French Betrayal of America Kenneth R. Timmerman, 2005-03-22 Can we trust France? Apparently not. After more than 200 years of shared history and

interests, the U.S.-France marriage looks as if it's ending in an acrimonious divorce. Here is the shocking insider account. In the wake of French behavior at the United Nations, where Foreign Minister Dominique de Villepin systematically undermined the efforts of Secretary of State Colin Powell to convince the Security Council to authorize force against Iraq, Americans have at best come to suspect our ally of double dealing, and at worst come to view them as the enemy. Almost daily over the past year, new stories have emerged of how the government of French President Jacques Chirac has sought to undermine the U.S. war on terror, publicly sniping at America and inciting other countries to do the same. What's wrong with France? What's behind their recent perfidy? According to bestselling author Kenneth R. Timmerman, the American public doesn't know half the story. After they read *The French Betrayal of America*, American anger at France will turn to outrage. Timmerman, who worked as a journalist in France for eighteen years and knows the players on both sides, lifts the veil of Jacques Chirac's scandalous love affair with Saddam Hussein, beginning in 1975, when he took him on a tour of top-secret French nuclear facilities. The French attitude toward the dictator, which seemed to baffle American politicians, was in fact entirely predictable. Put bluntly, it was all about money, oil, and guns. Chirac needed Saddam's oil and Saddam's money, and Saddam needed French weapons and French nuclear technology. Despite this, the relationship between France and America was not only amicable but at times very mutually beneficial. That was

until the most recent war on Iraq, where France turned the tables, engaging in dirty diplomacy and helping to sway other European countries to their side. French war coverage was not merely one-sided: It was viciously inaccurate, skewed, and openly anti-American. Timmerman also presents incredible new evidence of France's duplicity, including the fact that the French stood to gain \$100 billion from secret oil contracts they had concluded with Saddam Hussein. The French Betrayal of America raises questions of whether the nuclear cooperation agreements still in force with the French today should be canceled in light of France's behavior. Our security interests no longer converge, and our economic systems increasingly appear to be at loggerheads. The war in Iraq harshly exposed French treachery and their desire to do business with the worst of international tyrants, putting their economy, their international standing, and their relationship with a 200-year-old friend in severe jeopardy.

The Death of American Virtue Ken Gormley, 2011-02-01 Ten years after one of the most polarizing political scandals in American history, author Ken Gormley offers an insightful, balanced, and revealing analysis of the events leading up to the impeachment trial of President William Jefferson Clinton. From Ken Starr's initial Whitewater investigation through the Paula Jones sexual harassment suit, to the Monica Lewinsky affair and Brett Kavanaugh's role in the subsequent inquiry, *The Death of American Virtue* is a gripping chronicle of an ever-escalating political feeding frenzy. In exclusive

interviews, Bill Clinton, Ken Starr, Monica Lewinsky, Paula Jones, Susan McDougal, and many more key players offer candid reflections on that period. Drawing on never-before-released records and documents—including the Justice Department's internal investigation into Starr, new details concerning the death of Vince Foster, and evidence from lawyers on both sides—Gormley sheds new light on a dark and divisive chapter, the aftereffects of which are still being felt in today's political climate.

Still Winning Charles Hurt, 2019-07-09 In this stirring true account of American leadership, learn how President Trump will put an end to a corrupt system of government ruled by the establishment and special interests. *Still Winning* is the story of the unlikeliest of heroes who emerged from the unlikeliest of places to take up the impossible cause of a truly forgotten people. Still Winning examines each corrupt head of this Leviathan, and why Donald Trump is the only good answer to fixing it.

The Clinton Wars Sidney Blumenthal, 2003-05-20 An invaluable history of an extraordinary presidency, and the chronicle of a generation's political odyssey When in 1997 Bill Clinton appointed Sidney Blumenthal as a senior advisor, the former writer was catapulted into the front lines of the Clinton wars. From his first day in the White House until long after his appearance as the only presidential aide ever to testify in an impeachment trial, Blumenthal acted in or witnessed nearly all the battles of the Clinton years.

This major book—part history, part memoir—is the first inside account we have of the presidency of William Jefferson Clinton. The Clinton Wars begins in 1987, when Blumenthal first met Bill and Hillary Clinton. His chronicle of Clinton's first presidential campaign and first term draws on his experiences as confidant to both the President and the First Lady, and is enriched with previously unpublished revelations about both. This remarkable personal interpretation goes far in explaining the polarizing nature of Clinton's presence on the national scene. The narrative of Clinton's second term is even more dramatic. Blumenthal takes special note of the battle that was waged within the media between the President's detractors and defenders, which he expands into a vivid picture of Washington society torn apart by warring factions. But he does not neglect the wars fought on other fronts—in Kosovo, against Congress, and for economic prosperity. His remarkable book ends with the inside story of the fight to elect Al Gore in 2000 and extend the legacy of the Clinton-Gore Administration. Every page of this unrivaled, authoritative book, with its intimate insights into Clinton's personality and politics, attests to Blumenthal's literary skill, profound understanding of politics, and unique perspective on crucial events of our recent past. The Clinton Wars is a lasting contribution to American history.

The Secret History of the War on Cancer Devra Davis, 2009-02-24 From the National Book Award finalist and author of *When Smoke Ran Like Water* comes this searing, haunting, and deeply personal account of how a major public

health effort was diverted and distorted for private gain.

Free Expression In The Age Of The Internet Jeremy Lipschultz, 2018-03-08 In *Free Expression in the Age of the Internet*, Jeremy Lipschultz investigates the Internet and its potential for profound change, analyzing the use of its technology from social, political, and economic perspectives. Lipschultz provides new insights on traditional legal concepts such as marketplace of ideas, social responsibility, and public interest, arguing that from a communication theory perspective, free expression is constrained by social norms and conformity. In *Free Expression in the Age of the Internet*, Jeremy Lipschultz investigates the Internet and its potential for profound change, analyzing the use of its technology from social, political, and economic perspectives. Lipschultz provides new insights on traditional legal concepts such as marketplace of ideas, social responsibility, and public interest, arguing that from a communication theory perspective, free expression is constrained by social norms and conformity. Lipschultz explores social limits on free expression by first examining history of print and electronic media law and regulation. He utilizes the gatekeeping metaphor, the spiral of silence, and diffusion theory to explore current data on the Internet. He uses *Reno v. ACLU* (1997) as a case study of current First Amendment thinking. This book includes recent evidence, including samples of content from Internet gossip columnist Matt Drudge, and the investigation of President Clinton as it unfolded on the World Wide Web. The analysis is related to

broader issues about Internet content, including commercial and other communication. The new technologies raise new questions about legal and social definitions of concepts such as privacy. Free expression is explored in this book under the umbrella of a global, commercial economy that places importance on legal rights such as copyright, even where those rights limit free flow of ideas. The Internet places free expression on two tracks. On the one hand, corporate players are developing cyberspace as a new mass media. On the other hand, the Internet is virtual space where individuals have the power to connect and communicate with others in ways never before seen. This groundbreaking text advancing new media scholarship uses the most current case studies from the Internet to show free expression in practice today. Lipshultz presents a relevant and efficacious social communication theory of free expression which critically examines the necessary factors involved in comprehensive policy analysis and enactment.

Rework Jason Fried,David Heinemeier Hansson,2010-03-09 Rework shows you a better, faster, easier way to succeed in business. Most business books give you the same old advice: Write a business plan, study the competition, seek investors, yadda yadda. If you're looking for a book like that, put this one back on the shelf. Read it and you'll know why plans are actually harmful, why you don't need outside investors, and why you're better off ignoring the competition. The truth is, you need less than you think. You don't need to be a workaholic. You don't need to staff up. You don't need to waste time on

paperwork or meetings. You don't even need an office. Those are all just excuses. What you really need to do is stop talking and start working. This book shows you the way. You'll learn how to be more productive, how to get exposure without breaking the bank, and tons more counterintuitive ideas that will inspire and provoke you. With its straightforward language and easy-is-better approach, *Rework* is the perfect playbook for anyone who's ever dreamed of doing it on their own. Hardcore entrepreneurs, small-business owners, people stuck in day jobs they hate, victims of downsizing, and artists who don't want to starve anymore will all find valuable guidance in these pages.

Political Junkies Claire Bond Potter, 2020-07-07 A wide-ranging history of seventy years of change in political media, and how it transformed -- and fractured -- American politics With fake news on Facebook, trolls on Twitter, and viral outrage everywhere, it's easy to believe that the internet changed politics entirely. In *Political Junkies*, historian Claire Bond Potter shows otherwise, revealing the roots of today's dysfunction by situating online politics in a longer history of alternative political media. From independent newsletters in the 1950s to talk radio in the 1970s to cable television in the 1980s, pioneers on the left and right developed alternative media outlets that made politics more popular, and ultimately, more partisan. When campaign operatives took up e-mail, blogging, and social media, they only supercharged these trends. At a time when political engagement has never been greater and trust has never been lower, *Political Junkies* is essential reading for

understanding how we got here.

American Trophies Mark Sauter, John Zimmerlee, 2013 The story of American heroes kept by our country's enemies and Washington's failure to recover them reads like a cross between The Manchurian Candidate and Foreign Affairs. It uncovers decades of secrets and incompetence, right up to the Obama Administration, and reveals how Moscow, Beijing, and Pyongyang continue to thwart America today. Filled with previously secret documents and photos. Based on years of research around the world by an investigative historian and former Special Forces officer teamed with the POW/MIA expert son of a missing Korean War flyer, it is by turns both enthralling and upsetting. This book rips the lid off the one of the most disturbing scandals in modern US history. As you read the book, join our community to help with investigations the Pentagon and CIA can't -- or won't -- do themselves. Decipher names on declassified documents, track down Chinese and Russian officials and identify POWs in captured enemy film: cynicalattitude.com A fascinating, disturbing and important book...America has to read it: Sydney Schanberg, Pulitzer Prize-winning reporter and inspiration for the Academy Award-winning film The Killing Fields. Wall Street Journal: Independent researcher Mark Sauter and John Zimmerlee, the son of a missing-in-action U.S. Air Force serviceman, argue in a new e-book, that U.S. incompetence, combined with a desire to downplay the issue amid on-again-off-again negotiations with North Korea, have trumped the military's 'no man left behind' imperative. The two men also

say that there is some evidence that American soldiers may still be alive in North Korea today... Associated Press: Mark Sauter, a private researcher and co-author with John Zimmerlee of 'American Trophies and Washington's Cynical Attitude, ' an e-book about POWs to be published this month, found in government archives a U.S. intelligence report from August 1955, two years after the war, calling for a bigger intelligence effort to learn about such POW transfers. Drudge Report: Book: USA left POWs behind in NKorea, China, Russia... The Washington Free Beacon: The book, American Trophies: How American POWs Were Surrendered to North Korea, China, and Russia by Washington's 'Cynical Attitude, ' includes numerous cases of missing Americans from the Korean War, along with several from the Cold War and Vietnam War. It is based on years of research, interviews, and documents by the authors, Sauter and John Zimmerlee. Declassified intelligence reports obtained by the authors reveal that Americans were being held captive in China, North Korea, and the Soviet Union at least through the 1990s. Includes information on Korean War POWs in North Korean, Chinese and Soviet prisons; Vietnam War POWs reportedly taken to North Korea; Chinese espionage; North Korean/DPRK salting of American remains; KGB exploitation of US POWs; North Korea human rights/DPRK human rights; communist torture and brainwashing; Cold War history; covert action (requested by the Air Force Chief of Staff to rescue American POWs the year after the war ended); Korean War special operations; Cold War spy flights; Korean War history; Truman Administration;

F-86; US-China conflicts; Soviet prison system, the Gulag; World War II prisoners of war, including German and Japanese POWs who reported Americans in Siberia; North Korean prison camps; North Korean military and government; Freedom of Information Act; North Korean agents; escapes; espionage; real-life adventures; real-life mysteries; B-29; new information on the Eisenhower Administration; F-51; Obama Administration mismanagement; National Archives; declassification and secrecy; the Punch Bowl; JPAC; 2nd ID; DPMO; Pentagon secrets; CIA operations; military intelligence collection; Korean DMZ; North Korean abductions; Stalin; Chou En-lai; US defectors; surveillance flights; and untold US diplomatic history.

Online News: Journalism And The Internet Allan, Stuart, 2006-08-01 Provides an analysis of online news. This book offers insights into debates concerning the ways in which journalism is evolving on the internet, devoting particular attention to the factors influencing its development. It shows how the forms, practices and epistemologies of online news are gradually becoming conventionalized. In this exciting and timely book, Stuart Allan provides a wide-ranging analysis of online news. He offers important insights into key debates concerning the ways in which journalism is evolving on the internet, devoting particular attention to the factors influencing its development. Using a diverse range of examples, he shows how the forms, practices and epistemologies of online news are gradually becoming conventionalized, and assesses the implications for journalism's future. The rise of online news is

examined with regard to the reporting of a series of major news events. The topics include coverage of the Oklahoma City bombing, the Clinton-Lewinsky affair, the September 11 attacks, election campaigns, and the war in Iraq. The emergence of blogging is traced with an eye to its impact on journalism as a profession. The participatory journalism of news sites such as Indymedia, OhmyNews, and Wikinews is explored, as is the citizen journalist reporting of the South Asian tsunami, London bombings and Hurricane Katrina.

Government Gone Wild Kristin Tate, 2016-04-26 With humor and a modern perspective, young conservative journalist Kristin Tate points out what's broken in our government and shows readers how they can fix it. Do you really think you're free? #LOL. D.C. politicians ship our friends and family overseas to fight in wars we shouldn't be fighting. They monitor our emails, record our phone calls, and peer into our snail mail. They spend our hard-earned cash on things no disciplined family would buy. They tell us who we can marry and what we can put in our bodies. They throw us in overcrowded prisons for smoking pot. They take lavish trips around the world, staying in five-star hotels... and it comes straight out of our paychecks. This isn't freedom. Government Gone Wild is a brash, bold ride through the carnival of absurdities that our broken system has become. This isn't about Democrats vs. Republicans... it's about inspiring hard working Americans to give a damn so we can take our country back. This is your wakeup call. You're not anywhere near as free as you think you are - but you can be. We're not as prosperous

as we once were - but we can be.

Fuel your quest for knowledge with Authored by is thought-provoking masterpiece, Explore **Drudge Report** .
