Jesus Politics Phil Robertson, 2020-08-04 New York Times bestselling author and Duck Dynasty star Phil Robertson exposes the destructive nature of American politics and calls on Christians to actively participate in advancing the Kingdom of heaven on earth. We live in a fractured country, a country in which identity politics, creeping socialist policies, toxic social media, and the vast partisan divide threaten the very fabric of America. After decades of political decay and of losing sight of our first principles, the American people are suffering from runaway debt, increased rates of depression, broken families, moral decay, and more. In *Jesus Politics*, Phil Robertson provides an alternate path: a radical call for Christians to use their freedoms to advance the agenda of the King and win back the divided soul of America. Exploring the problems facing our country and how Jesus would respond to each, Robertson offers a clear strategy, showing us how to do good by King Jesus, bringing the kingdom of heaven to our homes, neighborhoods, churches, communities, and country. Robertson also gives you the tools you need to apply the lessons of *Jesus Politics* in the voting booth and in our everyday lives, reminding us that above all, we're called to: Love God Love our neighbors Do whatever it takes to bring, maintain, and protect his kingdom on earth as it is in heaven Join Robertson as he takes a closer look at the problems facing America and shares how we can use our time, talents, resources, and votes to solve them as members of the kingdom. Explore a new way of thinking and acting, a way that protects and advances the policies of the King. And, if enough of us do, maybe we can become a nation that proclaims, In the King we trust.

American Hunter Willie Robertson, William Doyle, 2015-10-27 Chronicles the history of some of the nation's most famed hunters, from Daniel Boone and Davy Crockett to Kit Carson and Teddy Roosevelt.

Happy, Happy, Happy Phil Robertson, 2013-05-07 This no-holds-barred autobiography chronicles the remarkable life of Phil Robertson, the original Duck Commander and Duck Dynasty® star, from early childhood through the founding of a family business. LIVING THE DREAM Duck calls—though the source of his livelihood—are not what makes Phil Robertson the man he is today. When asked what matters in his life, he's quick to say, "Faith, family, ducks—in that order." It isn't often that a person can live a dream, but Phil Robertson, aka The Duck Commander, has proven that it is possible with vision, hard work, helping hands, and an unshakable faith in the Almighty. Phil's is the remarkable story of one man who followed the call he received from God and soon after invented a duck call that would begin an incredible journey to the life he had always dreamed of for himself and his family. In the love of his country, his family, and his maker, Phil has finally found the ingredients to the "good life" he always wanted. If you ever wind up sitting face-to-face with Phil, you'll see that his enthusiasm and passion for duck hunting and the Lord is no act—it is truly who he is. If you've watched the exceedingly popular A&E® program Duck Dynasty®, you already know the famed Phil Robertson. As patriarch of the Robertson clan and creator of Duck Commander duck calls, he fearlessly leads his family in a responsible work ethic and an active faith. But what you don't know is his life before the show. In the pages of this book, you'll learn of Phil's colorful past and his wild road to the "happy, happy, happy" life he leads today. Before the "happy," Phil's passion for the outdoors and wild living led him down some shady paths. As a young husband and father, he became the proprietor of a rough bar and lived a life, as he says, of "romping, stomping, and ripping" for a number of years. He even left his wife and young boys for a short period of time. Through it all, Phil Robertson has lived his life as a "called" man. Called to live off the land, called to leave a starring role in Louisiana Tech football (playing ahead of Terry Bradshaw) for duck hunting, called to wild living, called to create a new kind of duck call—and finally, called to follow God and lead a life of faith. In this eye-opening and rousing book, you'll find stories that will shock you, as well as those that will inspire you. You'll get to know the man behind the legend, and you'll come away better for it.

Uncanceled Phil Robertson, 2022-02-08 Win the War for Your Own Integrity After Phil Robertson quoted Scripture in an interview with a national magazine, his hit show, Duck Dynasty, put him on "indefinite hiatus." Phil immediately knew what had happened: he had become a target of cancel culture. Since that time, Phil has spoken out against public shaming, strategic campaigns to get Bible-believing employees fired, and other tactics that are wreaking havoc in our society. In a deeply divided country, with so many bent on condemning and silencing others, Phil calls for us to carry out the unifying message of Jesus Christ. In *Uncanceled*, Phil shares his own experiences with cancel culture as he encourages us to turn to Scripture as we navigate politics, personal conversations, and new cultural norms; helps us see the psychological and political motivations behind silencing conservative voices; reminds us that the goal is not to convince others to like us but to win the war for our own integrity by refusing to bow down to the god of political correctness; and shows us how to trade retaliation for the love and forgiveness that God offers. *Uncanceled* is a blueprint for standing up for the truth of Jesus Christ in a culture that has forgotten how to have respectful conversations. As Phil reminds us, when we embrace the truth that Jesus Christ already paid an enormous debt to cancel our sins, we find a path to redemption, a way to forgiveness, and a means for godly connection.

Truth Overruled Ryan T. Anderson, 2015-07-14 Every leader in America needs to read this book! It's by far the best summary of what's at stake. —Rick Warren The Supreme Court has issued a decision, but that doesn't end the debate. Now that the Supreme Court has ruled, Americans face momentous debates about the nature of marriage and religious liberty. Because the Court has redefined marriage in all 50 states, we have to energetically protect our freedom to live according to conscience and faith as we work to rebuild a strong marriage culture. In the first book to respond to the Supreme Court's decision on same-sex marriage, Ryan Anderson draws on the best philosophy and social science to explain what marriage is, why it matters for public policy, and the consequences of its legal redefinition. Attacks on religious liberty--predicated on the bogus equation of opposition to same-sex marriage with racism--have already begun, and modest efforts in Indiana and other states to protect believers' rights have met with hysterics from media and corporate elites. Anderson tells the stories of innocent citizens who have been coerced and penalized by the government and offers a strategy to protect the natural right of religious liberty. Anderson reports on the latest research on same-sex parenting, filling it out with the testimony of children raised by gays and lesbians. He closes with a comprehensive roadmap on how to rebuild a culture of marriage, with work to be done by everyone. The nation's leading defender of marriage in the media and on university campuses, Ryan Anderson has produced the must-read manual on where to go from here. There are reasonable and compelling arguments for the truth about marriage, but too many of our neighbors haven't heard them. Truth is never on the wrong side of history, but we have to make the case. We will decide which side of history we are on.

Good Tidings and Great Joy Sarah Palin, 2013-11-12 In her New York Times bestsellers Going Rogue and America by Heart, Sarah Palin revealed the strong Christian faith that has guided her life and family. In Good Tidings and Great Joy she calls for bringing back the freedom to express the Christian values of the season. She asserts the importance of preserving Jesus Christ in Christmas—in public displays, school concerts, pageants, and our expressions to one another other—and laments the over-commercialization and homogenization of Christmas in today's society. Interwoven throughout are personal memories and family traditions, as well as more than a dozen family photos, which illustrate the reasons why the celebration of Jesus Christ's nativity is the centerpiece of her faith. Palin believes it is imperative that we stand up for our beliefs before the element of faith in a glorious and traditional holiday like Christmas is marginalized and ignored. She also encourages readers to see what is possible when we unite in defense of our religious convictions and ignore the politically correct Scrooges seeking to take Christ out of Christmas. Good Tidings and Great Joy is a call to action to openly celebrate the joys of Christianity, and say Merry Christmas to one another.

Blindsight Peter Watts, 2006-10-03 Hugo and Shirley Jackson award-winning Peter Watts stands on the cutting edge of hard SF with his acclaimed novel, Blindsight Two months since the stars fell... Two months of silence, while a world held its breath. Now some half-derelict space probe, sparking fitfully past Neptune's orbit, hears a whisper from the edge of the solar system: a faint signal sweeping the cosmos like a lighthouse beam. Whatever's out there isn't talking to us. It's talking to some distant star, perhaps. Or perhaps to something closer, something en route. So who do you send to force introductions with unknown and unknowable alien intellect that doesn't wish to be met? You send a linguist with multiple personalities, her brain surgically partitioned into separate, sentient processing cores. You send a biologist so radically interfaced with machinery that he sees x-rays and tastes ultrasound. You send a pacifist warrior in the faint hope she won't be needed. You send a monster to command them all, an extinct hominid predator once called vampire, recalled from the grave with the voodoo of recombinant genetics and the blood of sociopaths. And you send a synthesist—an informational topologist with half his mind gone—as an interface between here and there. Pray they can be trusted with the fate of a world. They may be more alien than the thing they've been sent to find. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
