Duct Tape Parenting Vicki Hoefle,2016-10-14 There's a new set of 3Rs for our kids-respect, responsibility, and resilience-to better prepare them for life in the real world. Once developed, these skills let kids take charge, and let parents step back, to the benefit of all. Casting hover mothers and helicopter parents aside, Vicki Hoefle encourages a different, counter-intuitive-yet much more effective-approach: for parents to sit on their hands, stay on the sidelines, even if duct tape is required, so that the kids step up. Duct Tape Parenting gives parents a new perspective on what it means to be effective, engaged parents and to enable kids to develop confidence through solving their own problems. This is not a book about the parenting strategy of the day-what the author calls Post-It Note Parenting-but rather a relationship-based guide to span all ages and stages of development. Witty, straight-shooting Hoefle addresses frustrated parents everywhere who are ready to raise confident, capable children to go out in the world.

Duct Tape Selling John Jantsch,2014-05-15 Many of the areas that salespeople struggle with these days have long been the domain of marketers, according to bestselling author John Jantsch. The traditional business model dictates that marketers own the message while sellers own the relationships. But now, Jantsch flips the usual sales approach on its head. It's no longer enough to view a salesperson's job as closing. Today's superstars must attract, teach, convert, serve, and measure while developing a personal brand that stands for trust and expertise. In *Duct Tape Selling*, Jantsch shows how to tackle a changing sales environment, whether you're an individual or charged with leading a sales team. You will learn to think like a marketer as you: Create an expert platform Become an authority in your field Mine networks to create critical relationships within your company and among your clients Build and utilize your Sales Hourglass Finish the sale and stay connected Make referrals an automatic part of your process As Jantsch writes: "Most people already know that the days of knocking on doors and hard-selling are over. But as I travel around the world speaking to groups of business owners, marketers, and sales professionals, the number one question I'm asked is, 'What do we do now?' "I've written this book specifically to answer that question. At the heart of it, marketing and sales have become activities that no longer simply support each other so much as feed off of each other's activity. Sales professionals must think and act like marketers in order to completely reframe their role in the mind of the customer."

Pablo's luck, however, changes after he finds a \$20 gold coin while swimming in a river near his home. Pablo later buys a \$1 treasure map at the county fair. The Jumbo Duct Tape Book Jim Berg,Tim Nyberg,2000-09-15 Did you know that duct tape can turn any item of clothing into rainwear? That duct tape over a computer screen will keep your kids from surfing naughty sites on the Web? That a perfect solution for those easy-to-lose TV remotes is to duct tape them to your arm? (Not only won't you lose it, you'll never have to relinquish control over it, either!) But can you also believe that Jim and Tim's creative ideas for duct tape spawned not just one bestselling book, but three, plus a calendar? And now the ultimate collection? With two-thirds of the material drawn from their previous books and calendars and one-third all-new, *The Jumbo Duct Tape Book* is pure nuttiness to the nth degree. The premise is right there, on page one: One rule can get you through life. If it ain't stuck and it's supposed to be, duct tape it. But of course it's the interpretation that counts-like duct taping the gas pedal for cruise control, or duct taping marbles to your pressure points for instant reflexology. And then there's bending the rule-transforming sneakers into golf shoes by punching nails through duct tape and taping it to the soles, saving energy by taping all switches in the off position. Plus cosmetic dentistry (use white tape for the The Mask look, silver for the metal-mouth bad guy look), cell phone safety (tape phone to side of head while driving so hands stay on wheel), home decorating (use duct tape for easy drapery tie-backs). You can even convert the book to a hard cover by taping a piece of 1/4 inch sheet of plate steel to the front and back covers. It'll last for years!
