The Energy Codes Sue Morter,2020-03-17 “For those ready and willing to build a new life, here are the tools. Powerful, incisive, extraordinary writing.” —Neale Donald Walsch, New York Times bestselling author of *Conversations with God* Transform your life with this bestselling, revolutionary, and accessible seven-step guide—grounded in energy medicine, neurobiology, and quantum physics—to awaken your true health and potential through energy healing. Eighteen years ago, health pioneer and “extraordinary enlightened visionary” (Anita Moorjani, New York Times bestselling author) Dr. Sue Morter had a remarkable and profound awakening. While meditating, she spontaneously accessed an energy field—a level of consciousness—beyond anything she had ever imagined. This dramatic experience changed her life and set her on a mission to discover how to create such radical transformation for her patients. Through years of advanced study and research in energy healing and medicine, she developed the Energy Codes. This life-altering program has now enabled thousands of people around the world to overcome pain, disease, fatigue, anxiety, and depression, and to awaken their innate creativity, intuition, and inner power. Bridging ancient healing practices with cutting-edge science, The Energy Codes offers a detailed road map to help you experience deep healing in your life. Grounded in practical, accessible exercises, including yoga, breathwork, meditations, and Dr. Morter’s proprietary Bio-Energetic Synchronization Technique (BEST) protocol, The Energy Codes “offers deep insights...that brilliantly merge the ever-blending worlds of science and spirituality to help reveal the truth of our being and the depths of our greatness,” (Jack Canfield, coauthor of the *Chicken Soup for the Soul* series).

A Dictionary of Cebuano Visayan John Wolff,2016-01-27 This is a dictionary of Cebuano Visayan, the language of the central part of the Philippines and much of Mindanao. Although the explanations are given in English, the aim of this work is not to provide English equivalents but to explain Cebuano forms in terms of themselves. It is meant as a reference work for Cebuano speakers and as a tool for students of the Cebuano language. There is a total of some 25,000 entries and an addenda of 700 forms which were prepared after the dictionary had been composed. This dictionary is the product of eleven years work by more than a hundred persons. The work was edited by John Wolff but the sources are entirely native, and all illustrations are composed by native speakers. To date, this work probably represents the most authoritative dictionary of the Cebuano Visayan language.

Concrete Mama John A. McCoy,2018-12-26 Journalists John McCoy and Ethan Hoffman spent four months inside the walls of the Washington State Penitentiary at Walla Walla in 1978, just as Washington, once a leader in prison reform, abandoned its focus on reform and rehabilitation and returned to cell time and punishment. It was a brutal transition. McCoy and Hoffman roamed the maximum-security compound almost at will, observing and befriending prisoners and guards. The result is a striking depiction of a community in which there was little to do, much to fear, and a culture that both mimicked and scorned the outside world. McCoy’s unadorned prose and Hoffman’s stunning black-and-white photographs offer as authentic a portrayal of life in the Big House as outsiders are ever likely to experience. Originally published in 1981, *Concrete Mama* revealed a previously unseen stark and complex world of life on the inside, for which it won the Washington State Book Award. Long unavailable yet still relevant, it is revitalized in a second edition with an introduction by scholar Dan Berger that provides historical context for the book's ongoing resonance, along with several previously unpublished photographs.
