Dungeon Core 101 R. J. Triveri, 2022-06-29 A Dungeon Core's education is a careful mix of having an open mind, a steely determination, a dash of curiosity, and... a certain resilience to explosive forces! After the grueling task of murdering a feral Dungeon and the neardeath experience that came with it, the year has finally begun in earnest at Ansith's Academy for Dungeon Training and Combat. Rem Snowfur has his class load in place, new abilities at his beck and call, an assistant, and a goddess in his corner to boot. With so much working for him, the Foxkin turned Dungeon Core is progressing more swiftly than he could have ever hoped, but will that be enough for Rem to keep up with the fastapproaching midterms and their fabulous prizes? With the Adventurer's Guild building up their new town at his borders, the task of building up his Dungeon proper, and keeping Ansith not to mention his friends in the dark about his new ally, the margin for error is only getting narrower, and Rem cannot afford to slip up now. He's learned too much and come too far for that. It's going to take more than the risk of death, a few bullies, and the unfortunate secret history of his entire race to stop him from rising to the top. Class is back in session. Don't be late.

Dungeon Configure a Gamelit LitRPG dungeon core Troy Neenan, 2019-12-06 David knows all about working in a dead-end job. At least he thinks he does. After a freak accident in the barren wilderness of the Australian outback, he finds himself confronted with the true meaning of the term. David is now a dungeon core, charged with producing armies of minions and ensuring his domain is a place where the unworthy go to die. But the accident not only transformed David, it fractured him. Part of his psyche still remains with his broken body. When an interloper wrestles control of the dungeon away from him, David must brave real-world perils to ensure that both he and the dungeon he has become will survive. Can David withstand the breaking of his body and ravaging of his soul? Will he reunite with his dungeon self in time to destroy the menace trying to take over his dungeon? There's only one way to find out—read *Dungeon Configure* today

**Dungeon Core 101** R J Triveri, 2020-08-14 What if you got a second chance...as a dungeon Every beginning is also an end. Rem, the Foxkin Oracle of the Wildwood, knows this better than most, seeing as he is on his second life. Most people don't get another chance at the whole life thing after a stupidly oversized adventurer's hammer uses their head to paint a tree, but a goddess on the Pantheon of the Divine sees great potential in Rem. Granted salvation by his Patron, Rem becomes a Dungeon Core, a magical entity tasked with creating the trials essential to helping adventurers become the true warriors they were meant to be. In his new existence as a Dungeon Core, Rem can create minions to fight for him; design magical loot of immeasurable power to reward those that overcome his obstacles; craft spells that will affect the entire world; and do more for his clan than he could possibly imagine. Well, just as soon as he passes his classes and ranks up. Welcome to Ansith's Academy for Dungeon Training and Combat. Welcome to *Dungeon Core 101*.

*The Other Core* Jonathan Brooks, 2019-07-13 Milton, Brint, Whisp, and the Guardian Guild are back in the conclusion to the Station Cores series! After the events that previously occurred near the northeastern border of the Kingdom, Milton has a lot of work to do. Not only does the Station Core have to hide his dungeon from the rampaging hordes originating from the Quizard Mountains, but he has to find somewhere to put thousands of children who are heading towards his dungeon for safety. If that wasn't bad enough, Milton also has to find a place for millions of other citizens to live; even though they don't even know who or what the Station Core is, they are counting on him to keep them safe. With that safety, though, comes a chance at something that they never thought they'd have: power...and revenge. Milton isn't just going to build more habitations for them to stay comfortably in his new Underground Kingdom; no, he has a

proposition for them that they would be fools to ignore. The acquisition of new abilities means that the need for an immediate education on how to control those new powers is paramount. Strangely enough, it's time for some new students to enroll in Milton's new Guardian University. But will they be able to learn well and fast enough to get the revenge they seek? In the end, they'll have to - especially if they want to take on and defeat the army fielded by...the other Core. Contains LitRPG and GameLit elements such as level progression and experience, optional tables, no harems, and a heavy Dungeon Core emphasis.

**Conquest** Antony W. F. Chow, 2018-11 When 31-year-old Markos Turloch is murdered in a heinous manner by his boss, Bobbi Nox, as revenge for whistleblowing on his employer, he loses his humanity and is reincarnated as a diamond-like dungeon core in another world. After discovering and exploiting a dungeon-breaking cheat, Markos maxes out his dungeon level and begins to explore the world above his dungeon. When his dungeon helper, Jessica, comes across a dying young man being sexually tormented by a female ogre, Markos' decision to save his life becomes the turning point in Markos' new existence. Upon learning the truth of this new world as one where females dominate in both numbers and social status, Markos settles on a new goal: to conquer the land of Enwald and reassert male dominance as its king! Markos' first target of conquest is the Kingdom of Vessar, where his dungeon is located. Borrowing the body of Sibalt, the young man he saved, Markos journeys across the kingdom in search of information, allies, and companions to help achieve his goal to conquer the kingdom. CONQUEST is the first book in The Dungeon Core Gambit series. It is a dark harem fantasy built on the twin pillars of GameLit and Dungeon Core elements. Inspired by Ooku: The Inner Chambers and How to Build a Dungeon: Book of the Demon King, CONQUEST will appeal to readers of both Japanese manga series. WARNING: This 93,000 words book contains profanities and numerous mature situations involving sex and violence. In particular, the opening chapter depicts the violent murder of the main character. Furthermore, there are numerous explicit sex scenes as well as the enslavement of the MC's enemies. Reader discretion is advised.

**Dungeon Guild: A LitRPG Dungeon Core Adventure** Jonathan Brooks, 2018-02-27 The long-awaited conclusion to the Glendaria Awakens Trilogy! After their Dungeon Core was stolen, Devin headed out of their dungeon, searching for those who had taken it. Initially confused on where it could be located, he followed a vague feeling in his chest toward a distant destination. Finding help from a guild of players who also wanted to return the Core, they embark on a mission to reacquire and return it before time runs out.

**The Station Core** Jonathan Brooks, 2018-07-05 Milton Frederick was arguably the best player of Crowned Lieges of Destiny in the entire world. As the strategy coordinator for one of the top guilds, he was beginning to actually make a living from it. That was, until he was abducted by aliens. Instead of your stereotypical grey aliens with big black eyes who like to perform anal probes upon unsuspecting victims for unknown reasons, The Collective had a more altruistic purpose. Sure, kidnapping 100 humans from Earth, ripping them away from their lives and families, and erasing their memories doesn't sound great - but the way they saw it, the benefits would far outweigh these side-effects. Seriously, who wouldn't want their consciousness trapped in a Station Core, subjected to the whims of a collection of alien races, and then ordered to defend against other hostile aliens for all eternity? They'd be immortal - so...bonus! Fortunately (or unfortunately, depending on how you look at it), the Station Core now known as Milton never arrived at his destination. Severely damaged and confused about what happened to him, he woke up to find himself trapped inside a massive chicken egg on a strange, primitive world filled with curious - and deadly - creatures. Now, in order to survive the harsh environment, Milton has to rely on a snarky, foul-mouthed AI guide to show him what it means to be a Station Core. With her help, he might just live long enough to figure

out a way to get off the planet - if only he wasn't so afraid of squirrels...Contains LitRPG/GameLit elements such as level progression and experience, optional tables, no harems, and a heavy Dungeon Core emphasis.Updated 4/26/19: New cover, additional editing, less foul language

*The Crafter's Dilemma* Jonathan Brooks,2020-01-21 After narrowly surviving an invasion of her dungeon by some seriously dangerous Elves, Sandra needs to recover from having all of her defending constructs destroyed in the process. With the bulk of her forces lost while shattering the Core of a Reptile Classification dungeon, the merchant-turned-Dungeon Core is feeling a little vulnerable. Luckily, she has Violet, a Gnome Apprentice Enchanter, to help her get things back to normal. With Felbar, another Gnome that has decades of experience culling Dungeon Monsters, and Echo, an Elf that mistakenly got tangled up with Sandra and her dungeon, now awake from their Visitor Bond-induced comas, she can finally work on improving her relationship with the Gnomes and Elves by providing them with much-needed supplies. Unfortunately, during her time of recovery and looking into crafting new things with her recent access to Enchanting, she neglected to keep an eye on the dungeons around her Area of Influence. With the Gnomes no longer there to cull the Undead Classification dungeon near their destroyed village, Sandra scrambles to get ahead of its rapid expansion - and potential threat to the Dwarves to the north. But even if she manages to destroy the Undead Classification Core, should she stop there? Now that is quite the dilemma... This Dungeon Core story contains LitRPG/GameLit elements such as statistics and leveling and a heavy crafting emphasis. No profanity and no harems.

*Dungeon World 2* Jonathan Brooks,2019-05-20 Fred did something bad. He didn't intend to do it, but the destruction of a dungeon core - accident or otherwise - will likely result in horrific consequences for anyone connected with the crime. And not for just the perpetrators; everyone around them will suffer vengeful retribution from the nearby cores for the unthinkable act.Knowing that his mistake will end up endangering his new friends, the townspeople of Gatecross, and even his Guild, Core Power, Fred decides to do whatever he can to protect them. After he absorbed the Nature Core, he unlocked the ability to establish a territory and create his very own dungeon - a dungeon which will hopefully provide the defense they need to survive against the expected fight to come.Unfortunately, the Nature Faction isn't the only one that learned about Fred's crime. The Dungeon Adventurer Syndicate, under the authority of the Craytion Kingdom, has sent a powerful group to investigate...Contains LitRPG/GameLit elements such as statistics and leveling. No harems and no profanity.

*The Boneless Dungeon* Devin Auspland,2020-06-23 In a world of sword and sorcery, Breck died and was reborn as a dungeon core, a specialized living gem in charge of creating and managing a dungeon. Unlike most dungeons, he was handicapped with the inability to create bones, the very building blocks that comprise most living creatures. Breck just wants his life back, his humanity, and will do whatever it takes to achieve his goal. Even if that means killing the hordes of adventurers that want to plunder his depths so that he can gain the power to transcend.Zach, a new adventurer, is given the quest to find the source of new cosmic energy that has made itself known, the same cosmic energy that creates dungeon cores. It's the lucky break he's been waiting for his whole life. But he'll face opposition that will see him dead before they let him complete his quest.Despite his inability to create monster's with bones, can Breck gain enough essence to rank up and become human again or will he be forever trapped as a dungeon? Will Zach be able to live long enough to complete his quest while other guild members are hunting him? What happens when Zach's and Breck's paths collide? Find all this out and more in this exciting GameLit, *The Boneless Dungeon: Rebirth*.

*The Kingdom Rises* Jonathan Brooks, 2019-04-26 The Fortress that the Station Core had constructed was completely destroyed following a particularly brutal attack by superior forces - but they had won, albeit by the skin of their teeth. Fortunately, using his drones and multiple Molecular Converters to clean up the rubble, Milton was able to piece together everyone who had fallen under the Bearilla's assault. Unfortunately, the force that had attacked him on his home turf was only a very small portion of those heading inevitably closer to the Kingdom's border. After the beating that they had just taken, Milton, Rosewyn, Moxwell, Brint, Whisp, and the rest of the Guardian Guild knew that even with access to the Station Core's dungeon, they wouldn't be able to save the entire Kingdom all by themselves. Therefore, they must do all they can to delay the northern army of Bearillas and Quizards, knowing all the while that time was not on their side. Meanwhile, other plans are hatched to bend the citizenry to their cause; however, Milton and the others are not the only ones devising plans - the Cordpower Company still has it out for the Guild. But will their efforts be enough to save everyone? Only the brave actions of the Proctans - and Milton's Combat Units, of course - will determine that, as various plans come to fruition as *The Kingdom Rises*. Contains LitRPG and GameLit elements such as level progression and experience, optional tables, no harems, and a heavy Dungeon Core emphasis.

Glendaria Awakens Trilogy: a LitRPG Dungeon Core Adventure Jonathan Brooks, 2018-10-16 This trilogy contains the books: *Dungeon Player*, *Dungeon Crisis*, and *Dungeon Guild*. Join Devin and Krista as they embark on a journey to explore the newest Full-Immersive Virtual Reality Massively Multiplayer Online Role Playing Game, *Glendaria Awakens*! Their experience soon turns grim as they are put in charge of running their own dungeon in the game. Now they must figure out how to survive waves of players trying to steal their Dungeon Core, all the while dealing with psychotic Dungeon Guardians and powerful guilds. Using the creatures that Devin captures as a dungeon monster himself, Krista combines them into unique and powerful hybrids that help defend against the intruders. Contains bonus content such as some of my notes and maps, as well as an additional story starring Devin and some of his friends that takes place after the events of the last book!

**The Crafter's Dungeon** Jonathan Brooks, 2019-06-19 Sandra had been a merchant traveling through the human lands of Muriel, though that wouldn't have been her chosen profession. What she would've loved to become was a crafter, producing wondrous creations with her own two hands; however, she didn't want to become a master in just one craft - she was interested in them all. Unfortunately, Sandra was born with a deformity in her hands that made them appear frozen in a claw-like pose; as a result, she couldn't grip anything with any sort of strength or dexterity, meaning that she wasn't able to craft anything but the most simple of things that required very little in the way of hand-based manipulation. To top it off, while most people could access and manipulate at least one or two of the basic elemental energies, she could see them all - but was unable to manipulate a single one. Despite these setbacks, Sandra spent the majority of her twenty-six years of life visually learning the processes, techniques, and secret formulas for every aspect of crafting she could discover. And it was that pursuit of knowledge that ultimately led to her untimely death. Reborn in the shape of a tiny Dungeon Core, Sandra learned about the purpose behind dungeons and Cores from an assigned dungeon helper; at the same time, she also discovered that she had much more freedom than most other Dungeon Cores. The repercussions of her mere existence could end up being far-reaching, but the most important thing she learned had nothing to do with the other Cores, the different races, or even the real purpose behind her being brought back to life as a strange glowing gem. Sandra didn't care about any of that, though - all she cared about was that she could finally do some crafting. This Dungeon Core story contains LitRPG/GameLit elements such as

statistics and leveling and a heavy crafting emphasis. No profanity and no harems.

**Bone Dungeon** Jonathan Smidt, 2019-03-19 Book One In The Complete Dungeon Core Trilogy! Ryan doesn't remember much about his life before becoming dungeon core. Only that he had a bit of a disagreement with the church - something to do with a beheading? Now reborn, Ryan begins to arm his darkness dungeon with devious traps, bestial zombies and ill-named skeletal creations, without doing anything too evil. Well, mostly. Some adventurers just deserve a stalactite to the head. But Ryan quickly learns being a darkness dungeon isn't all loot and bone puns. With a necromancer on the rise and the Adventurer's Guild watching his every move, he must prove that not all darkness dungeons are malevolent... even if they do have a few skeletons in their caverns. Sadly, all of these issues keep distracting him from his own guilty pleasure, skeletal fight club. But don't tell his fairy about that.

**Dungeon Player** Jonathan Brooks, 2017-11-22 Even after pre-ordering the pod that would allow them to play Glendaria Awakens, Krista and Devin still had to wait months before they were able to experience the newest in VRMMORPG (Virtual Reality Massively Multiplayer Online Role-Playing Game) technology. The wait was definitely worth it as they entered into a game world that was virtually indistinguishable from real life -- apart from the obvious game elements of course. After starting in a typical starting town, they learned everything they needed to survive in this new world. Journeying through the wilderness outside of town, the duo progressed at a good pace until they arrived at the starting dungeon. Their lives were drastically changed by this place with the unassuming name of, Goblin Cave.

*The Crafter's Defense* Jonathan Brooks, 2019-09-20 Sandra managed to survive the first major incursion from the nearby Orcs, thanks in part to the help a certain Half-Orc/Half-Dwarf provided. However, Kelerim left her dungeon to seek out his father, leaving her all alone with just Winxa - her Dungeon Fairy - as company. With the loss of her new friend comes some opportunities, at least; she now has the freedom to craft whatever she wants, and the threat of her Dungeon Core's destruction from outside forces is practically absent. She even has the opportunity to upgrade her Core Size, unlocking additional constructs for use as Dungeon Monsters, as well as a new Core-specific Skill. Unfortunately for Sandra, a particular action outside of the dungeon has unintentionally drawn attention to her activities, and there's now a very serious threat to her survival. Racing against the clock, the crafting-based dungeon needs to find a way to prevent her destruction, all the while dealing with the problems her expanding Area of Influence has created. Because it's not only the nearby races that she has to deal with - but the nearby dungeons, as well. This Dungeon Core story contains LitRPG/GameLit elements such as statistics and leveling and a heavy crafting emphasis. No profanity and no harems.

**Station Cores Complete Series** Jonathan Brooks, 2019-12-12 Contains all five books in the Station Cores series: The Station Core - Book 1 The Quizard Mountains - Book 2 The Guardian Guild - Book 3 The Kingdom Rises - Book 4 The Other Core - Book 5 In addition, there are some BONUSES: Hand-drawn maps (admittedly done by me without much artistic talent) that I used to help me write the series A fun 12k-word short story that combines the Dungeon World and Station Cores universes. Milton Frederick was originally abducted from his apartment to help defend one batch of pacifistic aliens called The Collective against another set of homicidal aliens called Heliothropes...but he never quite made it that far. Instead, during the process where his human consciousness was ripped from his body and inserted into a massive metal contraption called a Station Core, the ship that he was being transported on blew up and he was sent hurtling through space. Crash-landing on an unknown planet with just a foot-and-a-half tall, foul-mouthed, nanite-formed AI guide called ALANNA to tell him what happened, Milton has to come to terms with his new existence as a giant metal egg, defend his

hazardously-in-need-of-repair outer shell from the dangerous local wildlife (including blood-thirsty squirrels), and manage the unique radiation spewing from his damaged internal reactor - all while figuring out how the heck to get off the planet. All of his work building a dungeon underground, defending it with makeshift traps, and filling it with small Combat Units may work well enough against the random beasts wandering around, but they're next to useless when something else even more dangerous shows up knocking on his door: people. Not humans, of course, but the local equivalent - Proctans - who are similar enough to Milton's original species...though with one major difference. They all have unique special abilities that looks suspiciously like magic. However, there is an even bigger threat that looms on the horizon not only for Milton, but all the Proctans as well... Contains LitRPG/GameLit elements such as level progression and experience, optional tables, no harems, and a heavy Dungeon Core emphasis.

**How to Build a Dungeon: Book of the Demon King Vol. 6** Warau Yakan,Toshimasa Komiya,2021-04-29 With a queen of the elves seduced and bent to his will, and two kingdoms of men kneeling before his rule, the Demon King Aur is a force to be reckoned with. And yet an unexpected threat bursts into his dungeon: Spina, wielding powerful magic of her own. It's a battle between for survival between rival dungeon masters, colored with both love and spite! If Aur's to fulfill his dream of conquering the Holy Kingdom and the heavens themselves, he and his succubus Lila must overcome Spina's sorcerous challenge.

*Ascendant Soul* Ken Rivers,2018-12-11 A hardcore dungeon core fantasy in space. Monks of the imperial order are sworn to be chaste, to cultivate their inner sense of balance, to be one with the universe. Well, all that went out the window when the empress had her men kill my best friend. No, I wasn't always this dungeon, this living planet, fortified by metal that rises into towers and forms chasms and intricate mazes filled with unholy creations of mine. But on that day of betrayal... I became all powerful. This is my story. It may offend you with its lewd nature. It may make you squirm... or smile. WARNING: Dungeon core for adults.

*Dungeon Crawl Classics #102: Dweller Between the Worlds* Marc Bruner,2024-01-16 Doom blankets the land as rumors spread of a dire evil rising in the east. For the first time in living memory, the winter snows have arrived before the harvest, bringing with them an unnatural bitter chill, and in taverns and inns travelers whisper of strange creatures emerging from the ancient forest said to leave entire villages standing silent and empty of inhabitants. Now a call has gone out across the valley to gather the clans to discuss the dark tidings and decide how to oppose this growing threat. As the banners of a dozen chiefs and thanes are raised, the PCs must ready for an uncertain war against an unknowable foe from the spaces between dimensions!
