A Slam Dunk Roger Arsht and Caitlin Hawker,2013-11 Leah James, an assistant marketing director for a professional basketball team, is in love with Josh Kennedy, one of the team's star players. Unfortunately, she has no idea he has made a pact with the devil-and that she is about to suffer the consequences for it. After Leah's body is found lying among the washed-up trash of the river, detective Joe James wants nothing more than to catch the animals who took his daughter from him. Known as a legend on the Philadelphia police force, Joe sets out on a dangerous journey as he attempts to discover what or who caused her to be unwillingly tattooed, suffer sexual trauma, and subsequently drown. As he slowly begins to uncover a nest of illegal syndicates, game fixing, and deadly coercion in the world of professional basketball, Joe summons the help of a well-respected rookie player, a conflicted tattoo artist, and a quirky Las Vegas bookie to avenge Leah's murder. But what they find in the process will surprise all of them. A Slam Dunk shares the compelling tale of what happens when money, power, and brutality become intimately acquainted in a world where professional athletes want nothing more than to get away with murder.

Cologne Commentary on Space Law Stephan Hobe,Bernhard Schmidt-Tedd,Kai-Uwe Schrogl,2017-03-28 The 'Cologne Commentary on Space Law' is a three-volume annotation on the written norms of space law as enunciated through the Treaties of the United Nations and its General Assembly Resolutions. Volume I focuses on the 1967 Treaty on Principles Governing the Activities of States in the Exploration and Use of Outer Space, including the Moon and Other Celestial Bodies, popularly known as the 'Outer Space Treaty'. A broad international authorship of twenty experts addresses the historical overview and provides a provision-by-provision interpretation of the Outer Space Treaty. This Volume also includes insights into the subsequent State practice, present-day applicability and future perspectives of the Treaty. The other four UN Treaties, the 1968 Rescue Agreement, the 1972 Liability Convention, the 1975 Registration Convention and the 1979 Moon Agreement, are addressed in Volume II, which was published in 2013. Volume III (published in 2015) delves into the eight most relevant United Nations General Assembly Resolutions/Principles on space activities. On the occasion of the 50th anniversary of the Outer Space Treaty, Volume I of the 'Cologne Commentary on Space Law' has been translated into Russian.

Working on Earth Christina Robertson,Jennifer Westerman,2015-02-25 This collection of essays examines the relationship between environmental injustice and the exploitation of working-class people. Twelve scholars from the fields of environmental humanities and the humanistic social sciences explore connections between the current and unprecedented rise of environmental degradation, economic inequality, and widespread social injustice in the United States and Canada. The authors challenge prevailing cultural narratives that separate ecological and human health from the impacts of modern industrial capitalism. Essay themes range from how human survival is linked to nature to how the use and abuse of nature benefit the wealthy elite at the expense of working-class people and the working poor as well as how climate change will affect cultures deeply rooted in the land. Ultimately, Working on Earth calls for a working-class ecology as an integral part of achieving just and sustainable human development.

Soft Power Superpowers Yasushi Watanabe,David L McConnell,2015-01-28 The term soft power describes a country's ability to get what it wants by attracting rather than coercing others - by engaging hearts and minds through cultural and political values and foreign policies that other countries see as legitimate and conducive to their own interests.This book analyzes the soft power assets of the United States and Japan, and how they contributed to one of the most successful, if unlikely, bilateral relationships of the twentieth century. Sponsored by the U.S. Social Science Research Council and the Japan Foundation's Center for Global Partnership, the book brings together anthropologists, political scientists, historians, economists, diplomats, and others to explore the multiple axes of soft power that operate in the U.S.-Japanese relationship, and between the United States and Japan and other regions of the world.The contributors move beyond an either-or concept of hard versus soft power to a more dynamic interpretation, and demonstrate the important role of non-state actors in wielding soft power. They show how public diplomacy on both sides of the Pacific - bolstered by less formal influences such as popular cultural icons, product brands, martial arts, baseball, and educational exchanges - has led to a vibrant U.S.-Japanese relationship since World War II despite formidable challenges. Emphasizing the essentially interactive nature of persuasion, the book highlights an approach to soft power that has many implications for the world today.

Time Out Coach! Joao Da Costa,2014-02-25 This book was written to provide coaches some tools to be successful securing the win during those last moments of a tight game. It is a play book that will provide last seconds basketball plays, tactics and strategies to help you win the close game. Each play can be adapted to provide scoring opportunities for the best players on any team. As you read this book, keep in mind it's better to just have a few good plays that your players become really good at rather than overloading your team with too many

options. Good luck, to you Coach! I hope these plays are helpful for your basketball program.
