Patterns in Social Entrepreneurship Research Jill R. Kickul, Sophie Bacq, 2012-01-01

Ô This is an excellent collection of papers that makes a significant contribution to the academic literature on social entrepreneurship. As well as highlighting opportunities for research in this area, the book emphasizes three issues that are central to social entrepreneurship Ð the role of leadership, the role of stakeholders, and the role of legitimacy Ð about which relatively written has been written. It therefore constitutes an important resource for social entrepreneurship researchers.Õ Ð Paul Tracey, University of Cambridge, UK

Ô This book is a compelling collection of key contributions in social entrepreneurship scholarship. It should be essential reading for all those seeking to understand the practical complexity and research richness of this emerging field.Õ Ð Alex Nicholls, University of Oxford, UK

This impressive book outlines the complexities peculiar to the field of social entrepreneurship. Such complexities manifest at different moments in the development of a social entrepreneurial venture: at the opportunity recognition stage, at the venture early-stage, and in the long run in the search for a sustainable equilibrium between mission and profit. The contributors expertly focus on the individual, organizational and institutional levels of social entrepreneurship. They address the role of personal values and leadership in the conduct of social entrepreneurial initiatives while stressing the

importance of stakeholders in relation to human resource management, innovation or opportunity discovery. Finally, they analyze the role of institutions in legitimating social entrepreneurs' actions. Social entrepreneurship, as a multi-disciplinary field, presents a unique opportunity and environment for researchers to contribute to academic-focused knowledge on both theoretical frameworks and practical skills on a holistic level. This volume offers a jumping off point to do so.

Social Innovation and Social Enterprises Antonino Vaccaro, Tommaso Ramus, 2022-06-16 This book provides an exhaustive, critical analysis of the challenges and opportunities associated with social enterprises and social innovation. More specifically, it addresses questions such as: What is a social innovation? Which are the best theories that explain how social innovations are generated and propagated in the global society? What is a social enterprise? Which are the theoretical perspectives that best describe the functioning of Social Enterprises, the threats and opportunities? How do social enterprises deal with the profit and non profit worlds and how these interactions affect their capability to be social innovators? The most recent literature has focused on strategies integrating conflicting logic, organizational practices or processes. In all these cases, the hybrid nature of the organization is implemented and sustained through original business models, new organizational arrangements and governance and novel strategies. We believe that the hybrid and institutional perspectives are just one of the

many theoretical lenses that can be used to frame social innovation and social enterprises. Along this line, some have highlighted the inherent ethical nature of these phenomena, the critical role played by ethical values whose advancement go well beyond what expected by the corporate social responsibility, business ethics and institutional theorizing. This book follows these perspectives exploring the link between social innovation and social enterprises, presenting them as a new a new possible field of research that support new ways to understand and theorize individual, organizational and community behaviors.

The Italian Model of Management Luigi Serio, 2018-04-27 This book is an essential resource for facilitators seeking to help students develop their knowledge of management practice in Italy. It presents a collection of the best case studies and accompanying teaching notes from the Italian Association for Management Development (ASFOR) competition in 2014. The cases are written by teachers across many of the members of ASFOR in Italy, leading business schools, corporate universities and academia. Knowledge gained by professionals often remains implicit and is rarely shared. By grouping together the award-winning case studies in this volume, readers can gain an important insight into how management is conducted in Italy. This collection shines a light on management practices across several industries. The Italian economy differs from others in that it is one in which small and family-run businesses dominate, and the relationship between the private sector and

public life is unique. As a result, The Italian Model of Management provides the opportunity for students to enlarge the Anglo-Saxon model and perspective of management, and to offer cross-cultural learning experiences, based on the distinction of a “Made in Italy” competitive advantage. Each case provides an engaging story, plots the strategic development of the organization in question, and is supported by online teaching guidance and teaching notes.

In Pursuit of the Common Good Paul Newman, A.E. Hotchner, 2008-08-12 An entertaining, accessible history of the iconic Newman’s Own brand that also serves as a roadmap for foundations and charitable organizations looking to do the most good they can with what they have. Shameless exploitation has never been more fun nor done more good for more people than when done by Newman’s Own—the first green food company to use all-natural ingredients, and still the most successful. It was 1982 when Paul Newman and A. E. Hotchner made their foray into local gourmet shops with bottles of their homemade salad dressing. The venture was intended to be a lark, a way to poke fun at the traditional way the market operates. Hurdling obstacle after obstacle, they created the first company to mass-market all-natural products, eliminating the chemicals, gums, and preservatives that existed in food at the time. This picaresque saga is the inspiring story of how the two friends

parlayed the joke into a multimillion-dollar company that gives all its profits to the less fortunate without spending money on galas, mailings, and other expensive outreaches. Told in alternating voices, Newman and Hotchner have written a zany tale that is a business model for entrepreneurs, an inspirational book, and just plain delightful reading.

Paul and Me A E Hotchner, 2010-03-23 Bestselling author A. E. Hotchner's intimate account of his 53-year friendship with his pal Paul Newman. A. E. Hotchner first met Paul Newman in 1955 when the virtually unknown actor assumed the lead role in Hotchner's first television play, based on an Ernest Hemingway story. The project elevated both men from relative obscurity to recognition and began a close and trusted friendship that lasted until Newman's death in 2008. In *Paul and Me*, Hotchner depicts a complicated, unpredictable, fun-loving, talented man, and takes the reader along on their adventures. The pair traveled extensively, skippered a succession of bizarre boats, confounded the business world, scored triumphs on the stage, and sustained their friendship through good times and bad. Most notably, they started Newman's Own as a prank and watched it morph into a major enterprise that so far has donated all its \$300 million in profit to charities including the Hole in the Wall Camps worldwide, dedicated to helping thousands of children with life-threatening illnesses. *Paul and Me*, complete with personal photographs, is the story of a freewheeling friendship and a tribute to the acclaimed actor who gave to the world as much as the world gave him.

Twenty-First Century Leadership for EU Institutions Ronald de Bruin,Derek Pelland,Sebastian Tovar,2017-08-21 This book explores the type of leadership needed to transform EU Institutions to allow them to truly serve Europe's people. Our world today calls for leaders who are connected to themselves, know how to unleash the potential of others and build organisations that serve people's needs, and are stewards of society. The path towards transformation is not just about learning another trick or method, it is an inward journey each of us must undertake. We search to first recognise our best self and then give ourselves to lead our lives in service of a bigger purpose. The prioritising of serving others leads to a conscious choice of one aspiring to lead. In turn, others will experience this inspiration at all levels, learning to lead as servants. This timeless concept is what Robert Greenleaf referred to when he coined the term "servant-leadership" in 1970. This book not only gives insights into the servant-leadership philosophy, but also offers real-life interviews with twelve EU civil servants, including Herman van Rompuy, former President of the European Council. Their stories illustrate that servant-leadership is manifesting inside EU institutions already, independent of background and function level. Servant-leadership offers a unique opportunity to empower EU professionals in facing the challenges of the 21st century and helping the EU to serve its citizens better.

Made in Italy and the Luxury Market Serena Rovai, Manuela De Carlo, 2023-05-05 Made in Italy holds a highly significant position in the global luxury market, as an economic, cultural, and social phenomenon, and the textbook example of the country-of-origin effect. This book – through an analysis of diverse cases – answers the key issues in the industry of the new Made in Italy luxury, with a particular focus on sustainability. The book provides an in-depth view into luxury Made in Italy, from historical roots, heritage, and tradition to major forces of change and innovative, entrepreneurial adaptations in the 21st century. It situates Made in Italy in the broader global context of change, with regards to the call for sustainable manufacturing and consumption. Written by an international pool of academics and experts in luxury brand management, the book presents a series of case studies to explore how the industry is responding to new consumer expectations and demand to maintain competitive advantage. This unique collection will be of interest for academics, scholars, and upper-level students across the fields of luxury management and marketing, brand management, consumer behavior as well as sustainability.

Io Idoneo, Non Vincitore Giuseppe Ferrara, 2020-07-31 La vita ti dà, la vita ti toglie. L'uomo è come una sorta di equilibrista, che cammina su un filo

sottile appeso. L'importante è non perdere mai l'equilibrio. Ogni passo porta con sé il rischio di cadere, precipitare nel baratro sotto dove ci sono la paura, il dolore, la sconfitta, la sofferenza, la malattia. Ma ogni passo può portarci sempre più avanti, l'importante per non cadere è tenere la testa alta, fermarsi qualche volta per guardare in alto, verso il cielo, perché è lì che volano i sogni e le speranze, è a loro che quando stiamo per precipitare nel vuoto ci possiamo aggrappare. Ognuno di noi è un equilibrista nella propria vita, a volte sarà capitato di tremare e rischiare di cadere, altre volte siamo andati avanti forti e sicuri. Per Giuseppe Ferrara l'occasione in cui si è fermato a riflettere su tutto ciò è stato l'iter per prepararsi a un concorso per entrare nella Guardia di Finanza, il sogno di una vita, una strada fatta di studio e sacrifici, di attese e speranze da parte di tutta la sua famiglia, ma alla fine anche se su un foglio c'è scritto "idoneo e non vincitore", vince sempre chi continua a camminare a testa alta sul filo invisibile della vita. Giuseppe Ferrara, giovane manager lucano del Sabbia d'Oro beach club di Scanzano jonico (Mt) e membro di Confindustria Giovani Basilicata, è stato insignito del prestigioso premio internazionale "Global Youth Leadership Award 2019" per "l'importante contributo dato nel proprio paese allo sviluppo, alla formazione e alla crescita dei giovani". Il manager lucano è stato scelto dal comitato organizzatore del premio, nato con l'obiettivo di riunire giovani leader, innovatori e attivisti di tutto il mondo in un'unica piattaforma per

condividere e conoscere i migliori progetti giovanili. Laureato in Economia e marketing, Premiato al Salone internazionale del turismo come best beach club 2018 e 2019. Fondatore del nuovo concetto di turismo balneare italiano turismo 2.0 e 4.0. Fondatore di Next generation Leaders e premiato dal Rotary club di Manila nelle Filippine come giovane emergente. Owner del brand di ristorazione e franchising BASILICATA FORK TO FORK.

Florence: Capital of the Kingdom of Italy, 1865-71 Monika Poettinger, Piero Roggi, 2017-12-28 This edited collection provides the first comprehensive history of Florence as the mid-19th century capital of the fledgling Italian nation. Covering various aspects of politics, economics, culture and society, this book examines the impact that the short-lived experience of becoming the political and administrative centre of the Kingdom of Italy had on the Tuscan city, both immediately and in the years that followed. It reflects upon the urbanising changes that affected the appearance of the city and the introduction of various economic and cultural innovations. The volume also analyses the crisis caused by the eventual relocation of the capital to Rome and the subsequent bankruptcy of the communality which hampered Florence on the long road to modernity. *Florence: Capital of the Kingdom of Italy, 1865-71* is a fascinating study for all students and scholars of modern Italian history.
