**EPUB Straight to the Point** Elizabeth Castro,2010-07-28 Almost overnight, EPUB has become the favored standard for displaying digital text on ereaders. The EPUB specification is a powerful method for creating gorgeous ebooks for EPUB-capable readers such as the iPad, Nook, and Kindle. Alas, it is far from perfect, with frustrating limitations, sketchy documentation, and incomplete creation tools. This extensively researched guide to creating EPUB files by best-selling author Elizabeth Castro shows you how to prepare EPUB files, make the files look great on the screen, work around EPUB weaknesses, and fix common errors. In this essential book, Liz shares her hard-earned experience for how to: Create EPUB files from existing Microsoft Word or Adobe InDesign files, or from scratch. Tweak EPUB files to take full advantage of the power of EPUB in each respective ereader. Control spacing, indents, and margins. Insert images and sidebars and wrap text around them. Create links to external sources and cross-references to internal ones. Add video to ebooks for the iPad.

*I Have No Mouth & I Must Scream* Harlan Ellison,2014-04-29 Seven stunning stories of speculative fiction by the author of *A Boy and His Dog*. In a post-apocalyptic world, four men and one woman are all that remain of the human race, brought to near extinction by an artificial intelligence. Programmed to wage war on behalf of its creators, the AI became self-aware and turned against humanity. The five survivors are prisoners, kept alive and subjected to brutal torture by the hateful and sadistic machine in an endless cycle of violence. This story and six more groundbreaking and inventive tales that probe the depths of mortal experience prove why Grand Master of Science Fiction Harlan Ellison has earned the many accolades to his credit and remains one of the most original voices in American literature. *I Have No Mouth and I Must Scream* also includes "Big Sam Was My Friend," "Eyes of Dust," "World of the Myth," "Lonelyache," Hugo Award finalist "Delusion for a Dragon Slayer," and Hugo and Nebula Award finalist "Pretty Maggie Moneyeyes."

*How to Guide:* Ronald Newton, 2016-06-21 Your hard work resulted in a manuscript for a book. You need to go from unpublished to a published eBook. You don't need to be a guru on HTML, CSS, eBooks, or publishing. Do your research and find out how others did it! How to make an eBook? You do it yourself (DIY). Just the same way as you wrote your manuscript. You don't want to be a printer or publisher! You just want to turn your manuscript into an eBook. Which must resemble and be arranged as a book. Your book should have nine or less styles and be formatted as a book would. I show you how to do that in this book. What styles and formatting am I talking about? 1. The ones that readers want. 2. Not those some vanity press publisher pushes their clients into paying for. 3. The styles bestsellers incorporate in their works. The simple rules for eBooks: 1. Looks as a book should. 2. Provide reading pleasure. 3. Deliver the information the reader wants. 4. The reader receives value from the book. Behind every eBook is an ePub (a little known secret). What are the concrete steps you take to go from a written manuscript to a self-published eBook? 1. The Word manuscript structure is as a book would be. 2. From there we convert it to an HTML file. 3. Style the file with CSS for your book publishing needs. 4. Generate an ePub file of your book. 5. Upload the book to a publishing company. Use the tools and methods contained in this book for every work you wish to self-publish. The concepts are repeatable for every book you write. The tools are for Windows PC and mostly free. You are not doing a Mars rocket launch here! What tools are required? 1. Windows PC connected to the Internet. 2. Word Processor (MS Word, OpenOffice, LibreOffice). 3. An ePub creator editor Sigil and Notepad++. 4. For Kindle eBooks a copy of Kindle Previewer software. 5. This book's instruction and links to Internet resources. Can you follow instructions? My book shows how three publishers want you to submit your eBook to them for distribution. Give them what they want. The publishers are: 1. Amazon KDP. 2. Smashwords. 3. Draft2Digital. Making an eBook is easy when you do it my way. You wouldn't eat a steer in one dinner sitting, You would do it one bite at a time over months and the steer would be consumed. Use the software tools described, in the manner prescribed, with the methodology given to produce your eBooks. That's what is in this eBook. It doesn't matter if your eBook is for Kindle, iBooks, even Barnes Noble the methodology is the same and works. Your first eBook creation will be the hardest. You do exercises to learning eBook production steps. This short, terse eBook will be the primer for creating your eBooks. It's not the large tome of a book on the ins and outs of eBook creation sorry. You don't need to know all of that to publish your eBooks. This book was written so you could create your own eBooks from your own writings. Yes, I want you to not be held back depending on someone to format your writing for publication. You can do that yourself saving time and money not spent on others doing it for you.

*House of Leaves* Mark Z. Danielewski, 2000-03-07 "A novelistic mosaic that simultaneously reads like a thriller and like a strange, dreamlike excursion into the subconscious." —The New York Times Years ago, when *House of Leaves* was first being passed around, it was nothing more than a badly bundled heap of paper, parts of which would occasionally surface on the Internet. No one could have anticipated the small but devoted following this terrifying story would soon command. Starting with an odd assortment of marginalized youth -- musicians, tattoo artists, programmers, strippers, environmentalists, and adrenaline junkies -- the book eventually made its way into the hands of older generations, who not only found themselves in those strangely arranged pages but also discovered a way back into the lives of their estranged children. Now this astonishing novel is made available in book form, complete with the original colored words, vertical footnotes, and second and third appendices. The story remains unchanged, focusing on a young family that moves into a small home on Ash Tree Lane where they discover something is terribly wrong: their house is bigger on the inside than it is on the outside. Of course, neither Pulitzer Prize-winning photojournalist Will Navidson nor his companion Karen Green was prepared to face the consequences of that impossibility, until the day their two little children wandered off and their voices eerily began to return another story -- of creature darkness, of an ever-growing abyss behind a closet door, and of that unholy growl which soon enough would tear through their walls and consume all their dreams.
