15 Short Stories For Vietnamese Learners Ralf Krenning,Thi Phan,2021-01-04 This book, the first of a collection dedicated to short stories, was created to fill a void in the area of Vietnamese learning materials. Beyond the traditional textbooks to learn the basics of the language, there are few to none resources allowing learners to deepen their knowledge of Vietnamese. These 15 Short Stories For Vietnamese Learners are meant to provide you with entertaining stories, along with a unique system of literal translation to allow you to fully understand the construction of more elaborate sentences in Vietnamese. What is the aim of this collection of stories? 1) To provide a wide array of stories, with a double aim: make the reading pleasurable and to learn vocabulary used in different situations. 2) Gradual difficulty. This edition, intended for beginners only contains stories of less than 500 words, classified in increasing order. 3) Vietnamese being a monosyllabic language, it may be difficult for a learner to distinguish one word from another. To help the learner, we have 3) 2 types of translations: A. Literal English Translation, that allows you to easily recognize each individual word B. Proper English translation: that allows you to see how ideas in English are expressed in daily Vietnamese. 4) For each story, there is also an audio track available, also spoken out a bit slower than the usual conversational speed, so that you also have the possibility to improve your listening ability and your pronunciation. This book is the result of the collaboration between Phan Ngoc Thi and Ralf Krenning. Thi, who majored in English, has a deep understanding of his own language as well as extensive experience in teaching it to foreigners. Ralf, now a writer after a career in the pharmaceutical industry, has a passion for learning languages. Together, they identified the difficulties for foreigners to master Vietnamese and then proposed this unique solution, contained in this e book, to significantly ease the learning process of Vietnamese, while reading entertaining texts.

Vietnamese Stories for Language Learners Tri C. Tran, Tram Le, 2017-12-19 A great story can lead a reader on a cultural and linguistic journey--especially if it's in two languages! Vietnamese Stories for Language Learners introduces 40 traditional Vietnamese folktales with bilingual Vietnamese and English versions presented on facing pages. Each story is followed by cultural notes, vocabulary lists, and a set of discussion questions and exercises for further comprehension. Online audio recordings by native speakers help readers improve their pronunciation and inflection, while a Vietnamese-English glossary provides an easy way to reference unfamiliar terms. Illustrations by award-winning Vietnamese illustrators Nguyen Thi Hop and Nguyen Dong help to bring these traditional tales to life. This book is a great supplementary reader for self-study learners or in Vietnamese language courses, but will be enjoyed by anyone who wishes to learn about Vietnamese folktales and culture. Learn Vietnamese the fun way--through the country's rich literary history! Audio recordings can be accessed at [tuttlepublishing.com/downloadable-content](http://tuttlepublishing.com/downloadable-content).

*Learn Vietnamese - Quick / Easy / Efficient* Pinhok Languages, 2022-05-01 A curated Vietnamese word frequency list Are you looking for unconventional ways to speed up the process of learning Vietnamese? Then this book is exactly what you are looking for. Following the Pareto principle (80/20 rule), this book is built to streamline the learning process by concentrating on the core words and sentence structures that make up everyday conversations. The result is a unique vocabulary book with 2000 of the most important Vietnamese words and phrases ordered by their frequency of use. Who this Vietnamese learning book is for: This book is for beginners and intermediate learners of Vietnamese who are self-motivated and willing to spend 15 to 20 minutes a day on

learning vocabularies. The simple structure of this vocabulary book is the result of taking all unnecessary things out allowing the learning effort to solely be spent on the parts that help you make the biggest progress in the shortest amount of time. If you are willing to put in 20 minutes of learning every day, this book is very likely the single best investment you can make if you are at a beginner or intermediate level. You will be amazed at the speed of progress within a matter of just weeks of daily practice. Who this Vietnamese frequency list is not for: This book is not for you if you are an advanced learner of Vietnamese. In this case, please go to our website or search for our Vietnamese vocabulary book which comes with more vocabularies and is grouped by topic which is ideal for advanced learners who want to improve their language capabilities in certain fields. Furthermore, if you are looking for an all in one Vietnamese learning book that guides you through the various steps of learning Vietnamese, this book is most likely also not what you are looking for. This book contains vocabularies only and we expect buyers to learn things like grammar and pronunciation either from other sources or through language courses. The strength of this book is its focus on quick acquisition of core vocabularies which comes at the expense of information many people might expect in a conventional language learning book. Please be aware of this when making the purchase. How to use this Vietnamese workbook: This book is ideally used on a daily basis, reviewing a set number of pages in each session. The book is split into sections of 50 vocabularies which allows you to step by step progress through the book. Let's for example say you are currently reviewing vocabularies 101 to 200. Once you know vocabularies 101 to 150 very well, you can start learning vocabularies 201 to 250 and on the next day skip 101-150 and continue reviewing vocabularies 151 to 250. This way, step by step, you will work your way through the book and your language skills will jump with each page you master. Some final thoughts: Like many language hacking methods, this book is quite unconventional in its approach, but for a driven person that uses it correctly it can significantly speed up the learning process. Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work quite well – and that is what counts in the end.
