*Learn French* Oliver Robichaud,2017-05-31 The Ultimate Combo to Learn French Today! Enjoy 2 FREE gifts with your purchase of this book: a mastermind group membership and a special report for planning the life of your dreams. Read this book for FREE on Kindle Unlimited - Order Now! Learn French Are you looking for the best way to learn French? Well, look no further. This book is, simply put, the best on the market for learning French. Why do I say that? Because this book does what language books should do - teach you the mechanics of the language, not a bunch of tourist trap phrases that you'll forget the second you leave the country. If books don't do that, then they make the critical mistake of going into far too much detail and managing to bore you half to death by virtue of the fact that they've spent 30 pages going on about three different kinds of articles. I don't do that either. What this book does do, and does very well in fact, is set you up with the knowledge that you want and need of French in a very short time frame, so that you can blast through this book and already feel like you're set up for success. This book isn't a reference, nor is it a crash course on the French language; it's both. You'll read through this book and understand, then you'll apply what you've learned (and inevitably look back at this book down the line to rehash your memory), and you'll grow even more as a French speaker. Don't waste your time and money on a subpar French book. Go with the best from the get-go. Learn French With Stories Learn French is the ideal book for students of French who want to take their comprehension of the language to the next level. Rather than being a traditional French grammar book, Learn French offers readers a series of short, easy stories in both French and English. Readers can bypass the step of memorizing complicated French syntax rules by simply learning them as they read. The English version is always at their fingertips so that they can check their understanding, and each chapter includes a detailed vocabulary section at the end, which is excellent for learning new words. Learning vocabulary in context also helps with understanding and remembering words. It's an all-around better technique than using traditional flash cards, and it's also more fun! Learn French has a handful of features that set it apart from other, similar books. Each story is followed by a short set of grammar, vocabulary, and comprehension questions. Readers who want to test themselves before reading the English version of the story can skip to this section. The book is highly navigable, and answers to the question sets are found in a separate chapter at the end, so it's

impossible to cheat accidentally. Finally, the stories follow a graduated level of difficulty. All of the stories are written for beginning French students and are geared towards learning basic vocabulary and grammar skills. The final story in the book, however, adds an extra challenge by using the past, rather than the present, tense. Readers who are looking to improve their French in a fun and easy way will love this innovative, easy-to-use book.
