*The Indivisible and the Void* D.M. Wozniak, 2019-02-15 War. Magic. A lover's betrayal. A dark secret lies beneath them all. Each year, Democryos sends his brightest student into the war-torn countryside to work magic. But when his wife leaves him for a mysterious stranger, he finds his own life ravaged. Forsaking the comfort of the citadel, he searches for her, traveling through the same forgotten lands where he sent his students. Along the way, he befriends an elusive member of the king's harem, a holy man harboring guilt, and a maimed soldier. Together, they stumble upon a key—not only to the war, but to understanding the magic of voidance itself. Wozniak's medieval world, as described, is a beautiful one; from the sky, it looks like thousands of curved pieces of glass covering everything in blues and greens. The book also wonderfully handles the notion of a preindustrial society discovering the atomic structure of nature. Yet the plot's human elements--which include romance, drug addiction, and trust across philosophical lines--often shine brightest. Revelations and combat converge in the propulsive finale, and Wozniak's strong imagination will rope fans in. - Kirkus Reviews

**Shadowmarch** Tad Williams, 2006-09-05 For generations the misty Shadowline has marked the boundary between the lands of men and the lost northern lands

that are the lair of their inhuman enemies, the ageless Qar. but now that boundary line is moving outward, threatening to engulf the northernmost land in which humans still live--the kingdom of Southmarch. For centuries, the Eddon family has ruled in ancient, forbidding Southmarch Castle, guarding the border against the Qar's return, but now this powerful royal line has been dealt a devastating blow. The monarch, King Olin, is being held captive in a distant land, and it falls to his inexperienced heirs to lead their people in a time of growing danger and dread. It is on the two youngest Eddons that the heaviest burdens fall. The twins Barrick and Briony, who in such evil times have only each other, may lose even that bond as darkness closes over them. As the Qar's power reaches out across their land, will Southmarch Castle, the only home they've ever known, become in fact what it has long been called--Shadowmarch?

**A Tangled Web** Nicholas Blake, 2012-07-16 Hugo Chesterman is on trial for murdering a policeman. Why did he do it? Or could he be innocent? Daisy Bland is young, beautiful and naive, and her testimony threatens to send her husband to the gallows. For Daisy, it all started when she literally bumped into Hugo and fell madly in love. She gave up everything for him: her job, her friends, her independence. Blinded by love, she asks no questions about his vague profession as a 'commission agent', his suspicious associates and his reckless financial decisions. When Hugo is arrested for the murder of a policeman in a burglary gone wrong, Daisy doesn't know what to believe. Her

husband's life is now in her hands. First published in 1956, *A Tangled Web* is an intelligent, off-beat crime thriller. A persuasive study in criminal character that is a model fusion of the suspense story and mainstream fiction...wholly admirable writing. - The New York Times

**Old and new London: a narrative of its history, its people and its places,** by W. Thornbury (E. Walford). George Walter Thornbury, 1880

*Uarda: A Romance of Ancient Egypt (Complete)* Georg Ebers, 2020-09-28 By the walls of Thebes—the old city of a hundred gates—the Nile spreads to a broad river; the heights, which follow the stream on both sides, here take a more decided outline; solitary, almost cone-shaped peaks stand out sharply from the level background of the many-colored. limestone hills, on which no palm-tree flourishes and in which no humble desert-plant can strike root. Rocky crevasses and gorges cut more or less deeply into the mountain range, and up to its ridge extends the desert, destructive of all life, with sand and stones, with rocky cliffs and reef-like, desert hills. Behind the eastern range the desert spreads to the Red Sea; behind the western it stretches without limit, into infinity. In the belief of the Egyptians beyond it lay the region of the dead. Between these two ranges of hills, which serve as walls or ramparts to keep back the desert-sand, flows the fresh and bounteous Nile, bestowing blessing and abundance; at once the father and the cradle of millions of beings. On each shore spreads the wide plain of black and fruitful soil, and in the depths many-shaped creatures, in coats of mail or

scales, swarm and find subsistence. The lotos floats on the mirror of the waters, and among the papyrus reeds by the shore water-fowl innumerable build their nests. Between the river and the mountain-range lie fields, which after the seed-time are of a shining blue-green, and towards the time of harvest glow like gold. Near the brooks and water-wheels here and there stands a shady sycamore; and date-palms, carefully tended, group themselves in groves. The fruitful plain, watered and manured every year by the inundation, lies at the foot of the sandy desert-hills behind it, and stands out like a garden flower-bed from the gravel-path. In the fourteenth century before Christ—for to so remote a date we must direct the thoughts of the reader—impassable limits had been set by the hand of man, in many places in Thebes, to the inroads of the water; high dykes of stone and embankments protected the streets and squares, the temples and the palaces, from the overflow. Canals that could be tightly closed up led from the dykes to the land within, and smaller branch-cuttings to the gardens of Thebes. On the right, the eastern bank of the Nile, rose the buildings of the far-famed residence of the Pharaohs. Close by the river stood the immense and gaudy Temples of the city of Amon; behind these and at a short distance from the Eastern hills—indeed at their very foot and partly even on the soil of the desert—were the palaces of the King and nobles, and the shady streets in which the high narrow houses of the citizens stood in close rows.

*Prague* Andrew Beattie, 2014-07-30 Since its foundation in the ninth century Prague has punched way above its weight to become a fulcrum of European culture. The city's most illustrious figures in the fields of music, literature and film are well known: Mozart staged the premiere of his opera *Don Giovanni* here; in the early twentieth century Franz Kafka was at the forefront of the city's intellectual life, while later writers such as Milan Kundera and film directors such as Milos Forman chronicled Prague's fortunes under communism. Yet the city has a cultural heritage that runs far deeper than Kafka museums and Mozart-by-candlelight concerts. It encompasses the avant-garde punk group Plastic People of the Universe, the "new wave" film directors of the 1960s who made their striking movies in the city's famed Barrandov studios, and artists such as Alfons Mucha and Frantisek Kupka whose revolutionary canvases fomented Art Nouveau and abstract art at the dawn of the twentieth century. Beyond art galleries, concert halls and cinemas the history of Prague has been one of invasion and sometimes brutal oppression. The great German chancellor Otto von Bismarck once commented that "whoever controls Prague, controls mid-Europe" and a succession of imperialist powers have taken this advice to heart, most recently Nazi Germany and the Soviet Union. Opposition has taken many forms, from the religious reformer Jan Hus

in the fifteenth century to playwright and dissident Václav Havel, whose elevation to the Czechoslovak presidency in 1990 made him a symbol of the rebirth of democracy in Eastern Europe. In this book Andrew Beattie also reflects on the modern city, where bold new buildings such as Frank Gehry's "Dancing House" rub shoulders with monuments from the Gothic and Baroque eras such as the Charles Bridge and St. Vitus' Cathedral. He considers the suburbs too, home to world-renowned soccer and ice hockey teams, gleaming shopping centers and grim communist-era apartment blocks that are often home to Vietnamese, Romany and Muslim minority groups who live in a city with a growing international outlook. The Prague he reveals is an increasingly confident and diverse city of the new Europe.

**The Palace Papers** Tina Brown, 2022-04-26 NEW YORK TIMES BESTSELLER • The "addictively readable" (The Washington Post) inside story of the British royal family's battle to overcome the dramas of the Diana years—only to confront new, twenty-first-century crises "Frothy and forthright, a kind of Keeping Up with the Windsors with sprinkles of Keats."—The New York Times (Notable Book of the Year) ONE OF THE BEST BOOKS OF THE YEAR: The Washington Post, Elle, Town & Country "Never again" became Queen Elizabeth II's mantra shortly after Princess Diana's tragic death. More specifically, there could never be "another Diana"—a member of the family whose global popularity upstaged, outshone, and posed an existential threat to the British monarchy. Picking up where Tina Brown's masterful The Diana Chronicles left off, The

Palace Papers reveals how the royal family reinvented itself after the traumatic years when Diana's blazing celebrity ripped through the House of Windsor like a comet. Brown takes readers on a tour de force journey through the scandals, love affairs, power plays, and betrayals that have buffeted the monarchy over the last twenty-five years. We see the Queen's stoic resolve after the passing of Princess Margaret, the Queen Mother, and Prince Philip, her partner for seven decades, and how she triumphs in her Jubilee years even as family troubles rage around her. Brown explores Prince Charles's determination to make Camilla Parker Bowles his wife, the tension between William and Harry on "different paths," the ascendance of Kate Middleton, the downfall of Prince Andrew, and Harry and Meghan's stunning decision to step back as senior royals. Despite the fragile monarchy's best efforts, "never again" seems fast approaching. Tina Brown has been observing and chronicling the British monarchy for three decades, and her sweeping account is full of powerful revelations, newly reported details, and searing insight gleaned from remarkable access to royal insiders. Stylish, witty, and erudite, The Palace Papers will irrevocably change how the world perceives and understands the royal family.

**BUCKLEY, BATMAN & MYNDIE: Echoes of the Victorian culture-clash frontier**, 2021-01-01 SOUNDING 3 begins with Echo 34: DERRIMUTT THE GO-BETWEEN. This clan head of the Bunurong people was the traditional 'owner' of the town site that became Melbourne's CBD on the western side of the river. Bible-bashing

Protector Thomas's journals of camping with the natives at what is now the Botanic Gardens is eye-opening and reveals mind-bending mysteries and misery with grog and gun-control issues that resonate on up to today. This Sounding personalises many local Kulin identities such as Polierong aka Billy Lonsdale and Yabbee aka Billy Hamilton who name-swapped with the early leading townsmen and squatters on their 'country'. Next follow snippets from Mick Woiwod's fictional but faithful novel *The Last Cry*, along with his Yarra Valley anthropology and reconciliatory vision. Surveying and selling off the Yarra and Diamond Valley 'badlands' stringybark forest leads into discussions on sorcery, smallpox and culture-collapse into fringe-dwelling. The frontier moves on north, west and east and the tone changes to academic, political and biographic studies of Aboriginal workers and surviving kooris including the life and times of Wurundjeri clan heads Billibellary, Simon Wonga and William Barak. In the decades after World War 2, academic historical analysis led to the politicized 'history wars' as reaction to the racist colonial 'white Australia policy' lies, fears and distortions cloaked by denial and patriotism. Echo 49: THE NATIVE POLICE – Turncoats or adaptation [?] is the largest echo in this Sounding and the question is posed in five parts, the last being Irish observer Claire Dunne on applying the bloody colonial lessons of Port Phillip to frontier Queensland and beyond to Central Australia's mass-murderer Constable Willshire and the cultural logic of settler nationalism. Echoes follow on re-visioning Aboriginal / white history

and historical geography research of 'high country' clans and language groups in my unsatisfied search of a supposed 'superior tribe' in the Alps who reportedly 'dwelt in stone houses all year round'. Sounding 3 ends with echoes titled COLONIAL OBSERVATIONS OF HIGH SOCIETY EMIGRANTS containing Georgina and her son George McCrae's journals of Yarra-side and pioneering the Mornington peninsula in the 1840s along with early 1860s photographs of native people collected by gentleman squatter John Hunter Kerr.

The Jewish Journey Edward Gelles, 2015-11-26 The history of European Jewry is a vast and complex subject. In this book, Edward Gelles traces Jewish history in Europe and the Near East including population movement, settlement, integration, advancement in aspects of European culture and learning, relations with European states and dynasties, Christians and Ottomans, persecution, the world wars, anti-Semitism, indeed the story of European Jewry from early times to the present. Edward Gelles and his family, both immediate and in their wider circle have huge and distinguished family

connections that provide historical context. In combining biography, traditional genealogy and a contribution from the rapidly developing field of genetic genealogy this book weaves emerging patterns into the grand tapestry of European history.

**Of Other Days** Anthony Holten, 2014-01-14 *Of Other Days* is an account of a rural childhood spent in post World War II Ireland during the 1940's and 1950's. Portrayed against the backdrop of Tara, Navan, and The Boyne Valley, the author relates his recollections of growing up in County Meath, Ireland during an age of relative innocence and simplicity. Comprised of 85 tales of varying lengths, the many different aspects of life in the Irish countryside during these years are explored in detail, reflecting an Ireland which now,

just over half a century later in the new millennium, has well and truly vanished. Originally available locally and launched in County Meath in a limited signed numbered edition of 200 copies, Of Other Days is now also available in this second edition. Written by Anthony Holten, edited and designed by John A. Holten.
