*Beginning iOS Apps with Facebook and Twitter APIs* Chris Dannen,Christopher White,2011-07-15 Beginning iOS Apps with Facebook and Twitter APIs shows you how to add the power of social networking to your mobile apps on iPhone, iPad, and iPod touch. With this book as your guide, you can write apps that connect to Facebook and Twitter quickly, securely, and discreetly. Instead of starting from scratch, you will build on the vast resources, data storage capacity, and familiar features of these platforms which have become part of everyday life for hundreds of millions of users worldwide. Beginning iOS Apps with Facebook and Twitter APIs introduces you to the development tools, techniques, and design practices you will need to work with the APIs. It helps you decide whether to use Facebook, Twitter, or both, and explains the important issues of design, branding, and permissible use guidelines. You will learn how to guarantee privacy and use OAuth for authentication and single sign-on. Create news apps, shopping apps, contact apps, GPS apps, guides, and more, that let users transparently: Sign on once, then freely work with and manage their Facebook and Twitter accounts Publish game high scores, post likes, links, and status updates Send messages, share pictures, and forward Tweets Tweet a link to an event, show themselves as attending, and see who else is there Show Tweets that are relevant to a topic within a news app Show Tweets about a restaurant Organize a group or community From time to time, new forms of communication come along that make it easier for people to communicate and manage their social lives. Like phone calls and SMS before them, Facebook and Twitter have, in a short time, become essential parts of the social fabric of life for an ever-growing number of people throughout the world. The knowledge you'll gain from Beginning iOS Apps with Facebook and Twitter APIs will help you create exciting and popular iOS apps that your users will rely on every day to help make their lives more meaningful and connected.

**Twitter Power** Joel Comm,2009-03-17 Get the business leader's guide to using Twitter to gain competitive advantage. Since 2006, forward-thinking companies like Apple, JetBlue, Whole Foods, and GM have discovered the instant benefits of leveraging the social media phenomenon known as Twitter to reach consumers directly, build their brand, and increase sales. Twitter is at the leading edge of the social media movement, allowing members to connect with one another in real time via short text messages?called tweets?that can be received either via the Twitter site or by e-mail, instant messenger, or cell phone. Many companies have started building entire teams within their organization dedicated solely to responding to tweets from consumers about their brand. And this is just the beginning. In Twitter Power, Internet marketing and Web innovation expert Joel Comm shows businesses and marketers how to integrate Twitter into their existing marketing strategies to build a loyal following among Twitter members, expand awareness for their product or service, and even handle negative publicity due to angry or disappointed consumers. The book also presents case studies of companies on the forefront of the Twitter movement, to help you develop your own social networking strategies. Twitter Power is the result of extensive testing and participation in the social networking community and is a must-have for any business that wants to keep up with the social media movement. Twitter Power features a foreword by Tony Robbins.
