The Masque of the Red Death Poe, Edgar Allan, 2023-08-24

The Masque of the Red Death by Edgar Allan Poe -(originally published as The Mask of the Red Death: A Fantasy) is a short story by American writer Edgar Allan Poe, first published in 1842. The story follows Prince Prospero's attempts to avoid a dangerous plague, known as the Red Death, by hiding in his abbey. He, along with many other wealthy nobles, hosts a masquerade ball in seven rooms of the abbey, each decorated with a different color. In the midst of their revelry, a mysterious figure disguised as a Red Death victim enters and makes his way through each of the rooms. Prospero dies after confronting this stranger, whose costume proves to contain nothing tangible inside it; the guests also die in turn. Plot summary: The story takes place at the castellated abbey of the happy and dauntless and sagacious Prince Prospero. Prospero and 1,000 other nobles have taken refuge in this walled abbey to escape the Red Death, a terrible plague with gruesome symptoms that has swept over the land. Victims are overcome by sharp pains, sudden dizziness, and profuse bleeding at the pores, and die within half an hour. Prospero and his court are indifferent to the sufferings of the population at large; they intend to await the

end of the plague in luxury and safety behind the walls of their secure refuge, having welded the doors shut to ensure no one enters or leaves. Prospero holds a masquerade ball one night to entertain his guests in seven colored rooms of the abbey. Each of the first six rooms is decorated and illuminated in a specific color: blue, purple, green, orange, white, and violet. The last room is decorated in black and is illuminated by a scarlet light, a deep blood color cast from its stained glass windows. Because of this chilling pairing of colors, very few guests are brave enough to venture into the seventh room. A large ebony clock stands in this room and ominously chimes each hour, upon which everyone stops talking or dancing and the orchestra stops playing. Once the chiming stops, everyone immediately resumes the masquerade. As nightfall approaches, none of the guests enter the final room as it takes on a more eerie display and the additional chimes of the clock make them uneasy.

Author Edgar Allan Poe (/ˈpoʊ/; born Edgar Poe; January 19, 1809 - October 7, 1849) was an American writer, editor, and literary critic. Poe is best known for his poetry and short stories, particularly his tales of mystery and the macabre. as a central figure of Romanticism in the United States and American literature as a whole, and he was one

of the country's earliest practitioners of the short story. Poe is generally considered the inventor of the detective fiction genre and is further credited with contributing to the emerging genre of science fiction. He was the first well-known American writer to try to earn a living through writing alone, resulting in a financially difficult life and career. Poe was born in Boston, the second child of two actors. His father abandoned the family in 1810, and his mother died the following year. Thus orphaned, the child was taken in by John and Frances Allan of Richmond, Virginia. They never formally adopted him, but Poe was with them well into young adulthood. Tension developed later as John Allan and Edgar repeatedly clashed over debts, including those incurred by gambling, and the cost of secondary education for the young man. Poe attended the University of Virginia for but left after a year due to lack of money. Poe quarreled with Allan over the funds for his education and enlisted in the Army in 1827 under an assumed name. It was at this time that his publishing career began, albeit humbly, with the anonymous collection *Tamerlane and Other Poems* (1827), credited only to a Bostonian. With the death of Frances Allan in 1829, Poe and Allan reached a temporary rapprochement. However, Poe later failed as an officer cadet at

West Point, declaring a firm wish to be a poet and writer, and he ultimately parted ways with John Allan. Poe switched his focus to prose and spent the next several years working for literary journals and periodicals, becoming known for his own style of literary criticism.

It is generally grouped together with three other of Poe's stories, namely King Pest, which first appeared in the Southern Literary Messenger in September 1835, The Cask of Amontillado, published in Godey's Magazine and Lady's Book 33 in 1846, and Hop-Frog, published in The Flag of Our Union in 1849. A Psycho-Analytic Interpretation, Marie Bonaparte takes a Freudian approach to Poe's stories, Sigmund Freud himself wrote the preface, and claims that all the above tales are connected to Poe's father complex [Bonaparte; 507]. In her interpretation of The Masque of the Red Death, the figure of the Red Death is an

incorporation of the father who returns to punish the son. This is just one reading of the story. Much has been published about The Masque of the Red Death, one of Poe's most read tales. Scholars have tried to find its roots, like Burton R. Pollin, who assumes that Poe used his own Shadow - A Parable as a source for The Masque of the Red Death. Others attempted to compare the story of Prince Prospero and his followers to other great works of art, for example Christopher Brown, who saw parallels between The Masque of the Red Death and Henry James's The Portrait of a Lady. A lot of research has also been done on the narrator of the tale - I will only elaborate on the most plausible theories on who it is that is telling this tale. Equally important, The Masque of the Red Death is said to contain one of the most exact definitions of the grotesque in the literary sense. Finally, as almost all of Poe's ta
