The Kybalion - A Study of the Hermetic Philosophy of Ancient Egypt and Greece Three Initiates,2016-06-09 This vintage book was published in 1912 by the Yogi Publication Society. Purporting to be based on ancient Hermeticism, it presents seven all-encompassing principles: Mentalism, Correspondence, Vibration, Polarity, Rhythm, Cause and Effect, and Gender. A fascinating volume that claims to appear in one's life only when its teachings are required, The Kybalion constitutes a must-have for those with an interest in Hermeticism. Contents include: The Hermetic Philosophy, The Seven Hermetic Principles, Mental Transmutation, The All The Mental Universe, The Divine Paradox, "The All" in All, Planes of Correspondence, Vibration, Polarity, Rhythm, Causation, Gender, Mental Gender, and Hermetic Axioms. Many vintage books such as this are increasingly scarce and expensive. We are republishing this volume now in an affordable, modern edition complete with a specially commissioned new introduction.

The I AM Discourses Godfre Ray King,St. Germain,1984 Awaken to the fact that your thought and feeling in the past have built—created—the inharmony of your world today. Arise! I say, Arise! and walk with the Father—the “I AM”—that you may be free from these limitations. Life, in all Its Activities everywhere manifest, is God in Action; and it is only through lack of the understanding of applied thought and feeling that mankind is constantly interrupting the pure flow of that Perfect Essence of Life which would, without interference, naturally express Its Perfection everywhere.

The Wild Book Juan Villoro,2017-11-14 “We walked toward the part of the library where the air smelled as if it had been interred for years..... Finally, we got to the hallway where the wooden floor was the creakiest, and we sensed a strange whiff of excitement and fear. It smelled like a creature from a bygone time. It smelled like a dragon.” Thirteen-year-old Juan’s favorite things in the world are koalas, eating roast chicken, and the summer-time. This summer, though, is off to a terrible start. First, Juan’s parents separate and his dad goes to Paris. Then, as if that wasn’t horrible enough, Juan is sent away to his strange Uncle Tito’s house for the entire break! Uncle Tito is really odd: he has zigzag eyebrows; drinks ten cups of smoky tea a day; and lives inside a huge, mysterious library. One day, while Juan is exploring the library, he notices something inexplicable and rushes to tell Uncle Tito. “The books moved!” His uncle drinks all his tea in one gulp and, sputtering, lets his nephew in on a secret: Juan is a Princeps Reader--which means books respond magically to him--and he’s the only person capable of finding the elusive, never-before-read Wild Book. Juan teams up with his new friend Catalina and his little sister, and together they delve through books that scuttle from one shelf to the next, topple over unexpectedly, or even disappear altogether to find The Wild Book and discover its secret. But will they find it before the wicked, story-stealing Pirate Book does?

Daodejing Laozi,2008-09-11 'Of ways you may speak, but not the Perennial Way; By names you may name, but not the Perennial Name.' The best-loved of all the classical books of China and the most universally popular, the Daodejing or Classic of the Way and Life-Force is a work that defies definition. It encapsulates the main tenets of Daoism, and upholds a way of being as well as a philosophy and a religion. The dominant image is of the Way, the mysterious path through the whole cosmos modelled on the great Silver River or Milky Way that traverses the heavens. A life-giving stream, the Way gives rise to all things and holds them in her motherly embrace. It enables the individual, and society as a whole, to harmonize the disparate demands of daily life and achieve a more profound level of understanding. This new translation draws on the latest archaeological finds and brings out the word play and poetry of the original. Simple commentary accompanies the text, and the introduction provides further historical and interpretative context. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

Decoding **El Arte De La Guerra Audiovoz 10**: Revealing the Captivating Potential of Verbal Expression

In an era characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its ability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring.
