40 años de historia con el jueves ,2017

Desmemorias de una revista satírica José Luis Martín

Zabala,2023-06-21 Un relato amable y sorprendente de la historia de la mítica revista satírica. ¿Formó parte El Jueves de un complot judeo-masónico-republicano para acabar con la monarquía española? ¿Es cierto que sus dibujantes trabajaban consumiendo grandes cantidades de alcohol mientras ingerían sustancias estimulantes? ¿Desapareció algún colaborador explorando los famosos límites del humor y tuvieron que indemnizar a la viuda? Ninguna de estas preguntas tiene respuesta en este libro que se limita a explicar lo inexplicable: cómo unos tipos de lo más normal editaron una revista de humor consumida cada semana, durante décadas, por entre 500.000 y 750.000 lectores, hito que alcanzaron sin ser bendecidos por el establishment cultural —más bien al contrario— y sin recibir distinciones ni subvención alguna. ¿Cómo lo consiguieron, pues? Es lo que explica este libro, amigo, vas a tener que comprarlo.

Cómo sobreviví a El Jueves ,

40 años de historia con El jueves Varios autores,2018-05-28

El Jueves, la revista que sale los miércoles puso su primer número a la venta en mayo de 1977. Y, semana a semana, se ha mantenido en los primeros puestos de ventas de revistas de humor para adultos. Esta hazaña, por sí sola, ya tiene mérito. Además, sus creadores tuvieron la buena idea de pillar al público no solo con su particular visión de la actualidad, sino también incorporando historias con personajes que, número a número, se hicieron entrañables. Este libro ofrece una selección de las aventuras de estos personajes. Es nuestro pequeño homenaje tanto a los autores como a las criaturas de ficción que nos han acompañado durante muchas horas de lectura. Gracias a todos los hombres y mujeres que han hecho posible que un país lllore de risa más de dos mil semanas seguidas.

El póster de El Jueves Jordi Riera Pujal,2021-11-11 El libro es una muestra de los mejores pósteres ofrecidos por la revista, a lo largo de sus casi 45 años de publicación. Las imágenes se han agrupado en base a su autoría y el libro incluye información sobre los dibujantes seleccionados, sus técnicas preferidas y sus fuentes de inspiración. Un capítulo inicial repasa la historia de este género del arte de la ilustración y desvela cómo se trabajan los pósteres

en la redacción de la revista El Jueves.

Las portadas de El Jueves (2014-2020). De la coronación al coronavirus Jordi Riera Pujal, 2020-11-12 En junio de 2014 nos sorprendió la abdicación del rey Juan Carlos I. A partir de ese momento, solo podemos agradecer a la familia real haberse convertido en una de las más grandes proveedoras de noticias humorizables. La aportación de los partidos políticos no ha sido nada desdeñable. ¿Y qué decir de la pandemia? Ha dado cancha a políticos, famosetes y especialistas de todo tipo para hacer más insoportable la convivencia con el virus. Un succulento repaso de los últimos seis años a través de las portadas más hilarantes del quiosco.

Caleidoscopio. Una mirada sobre la realidad de España y Ecuador, Europa y América Latina en el contexto de la crisis económica. José María Pérez Zúñiga, 2017-12-13 Mirar por el

Caleidoscopio que el lector tiene en sus manos supone hacerlo desde varias coordenadas, en un camino de ida y vuelta: Granada y Guayaquil, Andalucía y Ecuador, España y América Latina. Construido como un diario abierto para el lector, Caleidoscopio es un lúcido ensayo donde se unen la narrativa y la política, la sociología y el derecho, la opinión y la economía, para ofrecer un retrato audaz y estimulante de la crisis y los retos de la sociedad contemporánea. El autor analiza en este libro cuestiones diversas pero a la postre complementarias como la organización territorial o el ejercicio del derecho a la información, la emigración o la evolución política de ambos países en el contexto europeo y americano, cuya influencia es mutua y manifiesta en las iniciativas que se han producido en los últimos años. Pero el lector conocerá además rutas, costumbres, paisajes e historias inolvidables, pues Caleidoscopio es también un libro de viajes para descubrir lo que los ciudadanos tienen en común a un lado y otro del charco.

Historia de la Literatura Puertorriqueña a Través de Sus Revistas Literarias Adolfo E. Jiménez Benítez, 2010-08-23 En la Historia de la literatura puertorriqueña a través de sus revistas literarias (2010), Jiménez Benítez aborda desde una perspectiva diferente el devenir histórico de nuestra literatura nacional. El lector

encontrará apuntes sobre el periodismo literario en Puerto Rico durante los siglos XIX, XX y XXI. Pero el eje medular será el estudio de las revistas que nos va llevando por todo el proceso histórico de la literatura puertorriqueña: sus movimientos, tendencias, generaciones de autores y sus obras. El libro está dirigido a resaltar la importancia de las revistas literarias, como hilo de Ariadna, para descubrir así el hacer literario y crítico del país.
