**Killing Times** David Wills, 2019-03-05 *Killing Times* begins with the deceptively simple observation—made by Jacques Derrida in his seminars on the topic—that the death penalty mechanically interrupts mortal time by preempting the typical mortal experience of not knowing at what precise moment we will die. Through a broader examination of what constitutes mortal temporality, David Wills proposes that the so-called machinery of death summoned by the death penalty works by exploiting, or perverting, the machinery of time that is already attached to human existence. Time, Wills argues, functions for us in general as a prosthetic technology, but the application of the death penalty represents a new level of prosthetic intervention into what constitutes the human. *Killing Times* traces the logic of the death penalty across a range of sites. Starting with the legal cases whereby American courts have struggled to articulate what methods of execution constitute “cruel and unusual punishment,” Wills goes on to show the ways that technologies of death have themselves evolved in conjunction with ideas of cruelty and instantaneity, from the development of the guillotine and the trap door for hanging, through the firing squad and the electric chair, through today’s controversies surrounding lethal injection. Responding to the legal system’s repeated recourse to storytelling—prosecutors’ and politicians’ endless recounting of the horrors of crimes—Wills gives a careful eye to the narrative, even fictive spaces that surround crime and punishment. Many of the controversies surrounding capital punishment, Wills argues, revolve around the complex temporality of the death penalty: how its instant works in conjunction with forms of suspension, or extension of time; how its seeming correlation between egregious crime and painless execution is complicated by a

number of different discourses. By pinpointing the temporal technology that marks the death penalty, Wills is able to show capital punishment's expansive reach, tracing the ways it has come to govern not only executions within the judicial system, but also the opposed but linked categories of the suicide bombing and drone warfare. In discussing the temporal technology of death, Wills elaborates the workings both of the terrorist who produces a simultaneity of crime and "punishment" that bypasses judicial process, and of the security state, in whose remote-control killings the time-space coordinates of "justice" are compressed and at the same time disappear into the black hole of secrecy. Grounded in a deep ethical and political commitment to death penalty abolition, Wills's engaging and powerfully argued book pushes the question of capital punishment beyond the confines of legal argument to show how the technology of capital punishment defines and appropriates the instant of death and reconfigures the whole of human mortality.

**Eloquent Rage** Brittney Cooper, 2018-02-20 An Emma Watson Our Shared Shelf Selection for November/December 2018 • NAMED A BEST BOOK OF 2018/ MENTIONED BY: The New York Public Library • Mashable • The Atlantic • Bustle • The Root • Politico Magazine (What the 2020 Candidates Are Reading This Summer) • NPR • Fast Company (10 Best Books for Battling Your Sexist Workplace) • The Guardian (Top 10 Books About Angry Women) Rebecca Solnit, *The New Republic*: Funny, wrenching, pithy, and pointed. Roxane Gay: I encourage you to check out *Eloquent Rage* out now. Joy Reid, *Cosmopolitan*: A dissertation on black women's pain and possibility. America Ferrera: Razor sharp and hilarious. There is so much about her analysis that I relate to and grapple with on a daily basis as a Latina feminist.

Damon Young: Like watching the world's best Baptist preacher but with sermons about intersectionality and Beyoncé instead of Ecclesiastes. Melissa Harris Perry: "I was waiting for an author who wouldn't forget, ignore, or erase us black girls...I was waiting and she has come in Brittney Cooper." Michael Eric Dyson: "Cooper may be the boldest young feminist writing today...and she will make you laugh out loud." So what if it's true that Black women are mad as hell? They have the right to be. In the Black feminist tradition of Audre Lorde, Brittney Cooper reminds us that anger is a powerful source of energy that can give us the strength to keep on fighting. Far too often, Black women's anger has been caricatured into an ugly and destructive force that threatens the civility and social fabric of American democracy. But Cooper shows us that there is more to the story than that. Black women's eloquent rage is what makes Serena Williams such a powerful tennis player. It's what makes Beyoncé's girl power anthems resonate so hard. It's what makes Michelle Obama an icon. Eloquent rage keeps us all honest and accountable. It reminds women that they don't have to settle for less. When Cooper learned of her grandmother's eloquent rage about love, sex, and marriage in an epic and hilarious front-porch confrontation, her life was changed. And it took another intervention, this time staged by one of her homegirls, to turn Brittney into the fierce feminist she is today. In Brittney Cooper's world, neither mean girls nor fuckboys ever win. But homegirls emerge as heroes. This book argues that ultimately feminism, friendship, and faith in one's own superpowers are all we really need to turn things right side up again.
