The Call of Spiritual Emergency Emma Bragdon,2012-11-01 A feast of revealing narratives expose the amazing story of how people deal with critical points in personal transformation, also known as spiritual emergency. With the increase of interest in yoga, meditation, mental health recovery, and recovery from addiction there is renewed interest in care that is not based on medication as much as empathy and compassionate companionship. This book helps anyone who doesn't have a language to understand intense inner experiences and confuses them with mental illness. If you have felt disoriented by intense spiritual experiences this book will help you understand where you are and where you may be heading. It is a map of the journey of spiritual awakening written by a psychologist who knows the territory well. Reading it may make the difference between heading off to the hospital to get drugs to stop the symptoms or staying home and knowing you are OK. Just because you have had a conversation with your spirit guide, or talked to the spirit of someone who has passed away doesn't mean you are having a breakdown. It could mean you are having a breakthrough to a higher level of functioning. The author is a psychologist and knows the territory.

Heroes & Helpers Carole Marsh,2002-01-06 Ages 8-14; An introduction to all the many different kinds of people we depend on for safety and security in good times and bad. Well rounded; touches on history, fiction, and defines heroes and helpers. Gives kids an opportunity to express their opinions, ideas, and encourages them to think about the kind of hero or helper they are going to be one day. 48 Reproducible Pages.

101 Helps for Helpers Linda Johnson Crowell,2008-03 We were created to care for each other. Some such as social workers, counselors, pastors, chaplains, seminarians, doctors, nurses, teachers, missionaries, and many others have experienced a calling and have pursued education and training that equipped them to be professional helpers. Others have sensed a calling, and out of love, passion, and compassion help and care for others. Still others just help because we are called to bear one another's burdens and to lend a helping hand along life's journey. And others took on the task of being a caregiver because that was the thing to do. This book is written for helpers and caregivers-thus everyone. Sometimes helpers become burdened with the load of caring; sometimes they need something to lift their spirits; sometimes they need a source of new insights and new ideas. Yet, sometimes, they need the comfort that comes from spending time in God's Word, meditating on God's promises, and seeing how biblical characters found help from God. I hope this book will be one that you turn to time and again; one that you will share

with others. As you go along each day, use the book as a source for daily meditation, reflection, and inspiration. Or, take a break; turn to a page; or let the book fall open to a page; and anticipate how God will send the right message and encouragement that you need for a moment of disappointment, discouragement, or when you need a word of discernment. Better yet, find a happy story to make you laugh, reminisce, and celebrate. Be blessed as you help and care for others as well as yourselves.
