How to Speak Emoji Fred Benenson,2016-09-06 Text the pizza emoji with a question mark, and you've got dinner sorted out. Don't know what to use when you're running late, or when you want to organize a fun night out? How to Speak Emoji will help you win at texting. Featuring everyday greetings, pickup lines, workplace expressions, and tried-and-true insults, this book is perfect for the novice user or those looking to test their knowledge. With a collection of useful and hilarious phrases and a handy dictionary to demonstrate what the emojis really mean, you'll never feel out of your depth again - or make the embarrassing mistake of putting an eggplant symbol next to a peach. Includes sections such as everyday greetings, in the workplace, in relationships and asking for help and directions, as well as how to translate song titles and film quotes, this is your complete guide to the bright new world of the emoji.

Smileys Dale Dougherty,1993 From the people who put an armadillo on the cover of a system administration book, comes the first collection of the computer underground hieroglyphics we call smileys. Originally inserted into email messages to denote said with a cynical smile, smileys now run

rampant throughout the electronic mail culture. This book advances the state-of-the-art of smileys, including such information as Smiley Comics and Where's Smiley?

Emoticons, Kaomoji, and Emoji Elena Giannoulis,Lukas R.A. Wilde,2019-07-23 This collection offers a comprehensive treatment of emoticons, kaomoji, and emoji, examining these digital pictograms and ideograms from a range of perspectives to comprehend their increasing role in the transformation of communication in the digital age. Featuring a detailed introduction and eleven contributions from an interdisciplinary group of scholars, the volume begins by outlining the history and development of the field, situating emoticons, kaomoji, and emoji – expressing a variety of moods and emotional states, facial expressions, as well as all kinds of everyday objects– as both a topic of global relevance but also within multimodal, semiotic, picture theoretical, cultural and linguistic research. The book shows how the interplay of these systems with text can alter and shape the meaning and content of messaging and examines how this manifests itself through different lenses, including the communicative, socio-political, aesthetic, and cross-cultural. Making the case for further study on emoticons, kaomoji, and emoji and their impact on digital communication, this book is key reading for students and scholars in sociolinguistics, media studies, Japanese studies, and language and communication.
