

Emotionary By Funny Feelings

Russell Ginns

The Emotionary Eden Sher,2017-10-24 A dictionary of words that don't exist for feelings that do written by The Middle actress Eden Sher and illustrated by acclaimed graphic novelist Julia Wertz. “A must-read for bad, good and just plain complicated days.” —Oprah.com All her life, Eden Sher has suffered from dyscommunicatia (n. the inability to articulate a feeling through words.). Then, one day, she decided that, whenever she had an emotion for which she had no word, she would make one up. The result of this is *The Emotionary*, which lives at the intersection of incredibly funny and very useful. Chock full of words you always wanted/never knew you needed, often accompanied by illustrations of hilarious and all-too-familiar situations, *The Emotionary* will be a cherished tool for you or the world-class feelings-haver in your life. At long last, all your complicated feelings can be put into words, so you can recognize them for what they are, speak their names aloud, and move on. Finally!

Funny Feelings Tarah DeWitt,2023-05-02 Most anticipated by Book Riot, Her Campus, and San Diego Union Tribune! When falling in love is the punchline... Farley Jones is a loud, chaotic, and hilariously clever standup comedian on the way to stardom. The only thing she loves more than the rush of telling jokes in front of a revved-up audience is her hot older manager Meyer, though he doesn't have a clue. Keeping her feelings hidden from him is agony (a tragedy, even—in lieu of flowers, please send cash...) but Meyer has been Farley's closest and most treasured friend, not to mention vital to the trajectory of her career. She can't risk ruining their relationship by telling him how she truly feels. After all, who else would have the patience to put up with a hot mess like her? A former standup star himself, single father Meyer Harrigan left the stage years ago in order to focus on raising his deaf daughter Hazel. Farley has been everything to them since she came into their lives three years ago, and despite his grumpiness, his protectiveness over Hazel, and his disdain for public attention, Meyer will do anything to make her standup dreams come true. When the biggest opportunity of Farley's career comes along and forces the pair to fake-date in order to stir up publicity, it doesn't take long for their act to bring all those other funny feelings out into the open. Like most matters of the heart, it quickly begins to feel like anything but a joke. Touching on the creative spirit and all that comes with sharing that gift, Tarah DeWitt's *Funny Feelings* is a swoony story about friendship, love, and looking for the laugh in life. Cozy, tender, sexy, hilarious - I adored every word.” —Rachel Lynn Solomon, New York Times bestselling author of *The Ex* Talk

The ABCs of Emotions and Me Marylou Quillen,2019-01-07 There is a well-known theory that we, as adults, use food to eat our feelings rather than dealing with them. This habit, often started in childhood, can lead to many unwise choices and health problems. BUT, what if we could reverse that pattern by using food to identify emotions, giving children the words to address negative feelings before they become problems? In this colorful, kid-oriented book, MaryLou puts a new spin on that idea for a new generation by reflecting various feelings with funny food scenarios. Children will find the words to express their emotions while enjoying pictures of beautifully plated fruits and vegetables, with the occasional treat. This can be a great tool for opening a dialogue with your child about their developing emotions and aid them in understanding what they are feeling. So step up to the table and enjoy this special serving of *The ABCs of Emotions + Me*!

The Little Book of Big Feelings Maureen Marzi Wilson,2019-11-26 From the author of the popular *Introvert Doodles* and *Kind of Coping*, Maureen “Marzi” Wilson is tackling all kinds of big feelings with over 175 relatable, supportive, and light-hearted comics in her signature style. We’ve been conditioned to think that the most acceptable response to “How are you?” is, “I’m fine.” But our emotions are much more complicated than that! Sometimes we feel a little annoyed, or elated, or afraid. And you know, that’s okay! In *The Little Book of Big Feelings*, Maureen “Marzi” Wilson takes us on a journey of self-acceptance and validation. After all, our emotions are only reactions to experiences that we can learn from; there’s no such thing as a “bad” emotion. It’s okay to be scared, it’s alright to feel hopeful, and it’s perfectly fine to feel both at the same time. There is a wide range of human emotions, and it’s time we start embracing each one!

Beating Bureaucracy in Special Educational Needs Jean Gross,2023-07-18 Are you overwhelmed by the amount of paperwork that SEND generates in your school? Would you like to spend more time improving the quality of teaching and learning for pupils with SEN or disabilities? If so, this is an essential book for you. Beating Bureaucracy in Special Educational Needs shows how schools can tackle SEND bureaucracy by reducing the need for provision that is 'additional to or different from' that available to all pupils, through developing inclusive environments, curricula and teaching. This means placing fewer children on SEND registers and focusing SEND Code of Practice procedures squarely on those pupils with more complex needs. Fully revised and updated, the fourth edition of this bestselling, practical text demonstrates what can be achieved, with new case studies describing schools with outstanding SEND provision, inclusive teaching and successful partnerships with parents. The book also explores how SENCOs can effectively reduce their workloads by making the most of technology and by distributing responsibility to class and subject teachers and middle and senior leaders, rather than operating as a lone voice. A toolkit of ready-to-use proformas, also available as an online resource, includes: a model policy to give to Ofsted; information for parents, including the facts on 'Velcro' 1-1 support in the classroom; strategy sheets for all the main types of SEND; provision maps and proformas to help you plan, monitor and evaluate your provision. Full of helpful and achievable strategies, this book is an essential resource for school leaders, SENCOs and anyone undertaking national SENCO qualifications. It shows how to put responsibility for supporting children with additional needs firmly back where it belongs and will help you - in the words of one SENCO - 'get your life back'.

Style and Emotion in Comic Novels and Short Stories Agnes Marszalek,2020-03-19 This book builds on cognitive stylistics, humour studies and psychological approaches to literature and film to explore the emotional aspects of humorous narrative comprehension. It investigates how the linguistic features of comic novels and short stories (by, for example, Douglas Adams, Joseph Heller and Nick Hornby) can shape readers' experience of comedy, considering the ways in which moods, characters and the plot is used to trigger blends of positive and negative emotion. The book offers an approach to such features of comedy as dark humour, cringe humour and comic suspense, emphasising the relationship between humorous language and mental states which are typically considered serious. Agnes Marszalek's focus on the non-humorous side of experiencing comedy offers a key contribution to the study of humorous narratives. By investigating humour as part of a narrative world, this book moves towards addressing the complexity of the experience of humour in narrative texts, providing implications not only for the linguistics of humour, but also for those approaches to discourse comprehension which explore the affective side of engaging with texts.
