Armenian Vocabulary Book Pinhok Languages, 2022-11-17

Armenian vocabulary book + Armenian dictionary This Armenian vocabulary book contains more than 3000 words and phrases which are grouped by topic to make it easier for you to pick what to learn first. On top of that, the index in the second half of the book provides you with a basic Armenian-English as well as English-Armenian dictionary which makes this a great resource for learners of all levels. What you can expect from this book: This Armenian learning resource is a combination of Armenian vocabulary book and a two-way basic Armenian dictionary: Part 1 - Topic based Armenian vocabulary book: This is the main part of the book and represents a list of chapters each containing Armenian vocabularies for a certain topic. The Armenian vocabularies in the chapters are unsorted on purpose to separate remembering them from a defined alphabetical order. You can start at any chapter and dive directly into the topics that interest you the most. Part 2 - Basic English-Armenian dictionary: The index in the second half of the book can be used as a basic Armenian dictionary to look up words you have learned but can't remember or learn new words you need. Part 3 - Basic Armenian-English dictionary: Easy to use and with just the right amount of words, this third part finishes off with a second index that allows you to look for Armenian words and directly find the English translation How to use this Armenian vocabulary book: Not sure where to start? We suggest you first work your way through the verbs, adjectives and phrases chapters in part one of the book. This will give you a great base for further studying and already enough vocabulary for basic communication. The Armenian dictionaries in part two and three can be used whenever needed to look up words you hear on the street, English words you want to know the Armenian translation for or simply to learn some new words. Some final thoughts: Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but

they usually work very well. Together with the basic Armenian dictionary parts, this vocabulary book is a great resource to support you throughout the process of learning Armenian and comes in particularly handy at times when there is no internet to look up words and phrases.

Armenian Dictionary in Transliteration Thomas J.

Samuelian,1993-09 Although the dictionary's primary audience is the speaker unfamiliar with Armenian script, it also aims to serve a second audience, to which nearly all Western Armenian speakers belong, even the quite literate; namely, those who know how a word is pronounced, but are unsure how it is spelled. It is, in this way, a dictionary in transliteration and a speller's dictionary in one.
