Slovenian-English Pocket Dictionary to Facilitate the Study of Both Languages Victor J. Kubelka, 1904

Slovenian Vocabulary Book Pinhok Languages, 2022-05-01 Slovenian vocabulary book + Slovenian dictionary This Slovenian vocabulary book contains more than 3000 words and phrases which are grouped by topic to make it easier for you to pick what to learn first. On top of that, the index in the second half of the book provides you with a basic Slovenian-English as well as English-Slovenian dictionary which makes this a great resource for learners of all levels. What you can expect from this book: This Slovenian learning resource is a combination of Slovenian vocabulary book and a two-way basic Slovenian dictionary: Part 1 - Topic based Slovenian vocabulary book: This is the main part of the book and represents a list of chapters each containing Slovenian vocabularies for a certain topic. The Slovenian vocabularies in the chapters are unsorted on purpose to separate remembering them from a defined alphabetical order. You can start at any chapter and dive directly into the topics that interest you the most. Part 2 - Basic English-Slovenian dictionary: The index in the second half of the book can be used as a basic Slovenian dictionary to look up words you have learned but can't remember or learn new words you need. Part 3 - Basic Slovenian-English dictionary: Easy to use and with just the right amount of words, this third part finishes off with a second index that allows you to look for Slovenian words and directly find the English translation How to use this Slovenian vocabulary book: Not sure where to start? We suggest you first work your way through the verbs, adjectives and phrases chapters in part one of the book. This will give you a great base for further studying and already enough vocabulary for basic communication. The Slovenian dictionaries in part two and three can be used whenever needed to look up words you

hear on the street, English words you want to know the Slovenian translation for or simply to learn some new words. Some final thoughts: Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work very well. Together with the basic Slovenian dictionary parts, this vocabulary book is a great resource to support you throughout the process of learning Slovenian and comes in particularly handy at times when there is no internet to look up words and phrases.

pronunciation guide, a basic grammar, a two-way dictionary, and a phrasebook. The grammar section presents the language's main features, such as verbs, nouns, adjectives, gender and declension. Easy-to-follow explanations enable users to have simple conversations with native speakers. Since Slovenia, situated between Italy and Croatia on the sunny side of the Alps, gained independence in 1991, it has become a popular travel destination for those who enjoy its verdant hills, lush forests, and rugged mountains. This Dictionary & Phrasebook is designed to bridge the communication gap between western travelers and Slovenes. The bilingual dictionary incorporates basic vocabulary terms as well as Slovene slang, while the travel-oriented phrasebook includes cultural information, such as an overview of the national cuisine and a special chapter for business travel. The book also has a pronunciation guide with an introduction to Slovene phonetics, as well as a concise grammar.
