JAKOB R. E. LEIMGRUBER

📖 **FIRST INDONESIAN / MALAY READER FOR BEGINNERS** Annisa Pranata, 2018-04-11 The book consists of Beginner and Elementary courses with parallel Indonesian/Malay-English texts. The author maintains learners' motivation with funny stories about real life situations such as meeting people, studying, job searches, working etc. The ALARM method utilizes natural human ability to remember words used in texts repeatedly and systematically. The author composed each chapter using words explained in previous chapters only. The second and the following chapters of the Beginner course have only about 30 new words each.

📖 **LEARN INDONESIAN WITH BEGINNER STORIES** Kees Van Den End, 2017-02-09 Do you want to learn Indonesian with real Indonesian stories? It's easy with Indonesian and interlinear English. This book contains 130+ pages of Indonesian folk tales with every word translated so you can keep on reading. We have added an interlinear translation to the Indonesian text. This means that the meaning of every Indonesian word is immediately accessible, which in turn will make it much easier for you to expand your Indonesian vocabulary fast. Use the following method to gain the most from this e-book. Read and re-read the stories to learn the words that occur often, then mark the words you don't know in your Kindle reader and practice those. That way you can memorize more than 1500 new Indonesian words. If you bought one of our e-books, and would like a version in PDF with different fonts, font sizes or font colors, just let us know and we'll provide you one! For example in case you need a bigger font and less words per page on your e-reader. Finally, we have a HypLern Reader App on Amazon that integrates reading with word practice, for more learning options.

📖 **LEARN INDONESIAN BY ASSOCIATION** James S. Harvey, 2015-09-12 Want to learn over 400 words in Indonesian in under 1 week? Of course you can also take your time, relax and learn at your pace. This book provides a remarkably effective method (3 times more than traditional learning) to learn Indonesian using word associations from a language you already know, English. No more boring learning by repetition or complicated grammar, you will learn words rapidly, easily and with little practice, be speaking like a native, in no time. My aim is to provide a method of learning which anyone can use, that not only makes words easy to remember, but is presented in a manner which is engaging, comical and highly effective. It's the method I used to learn the language and love being able to share it with you - James. The book contains everything you need to speak and write Indonesian for travelling and holidays. You'll learn the basics quickly, easily, playfully and permanently. Of course, the more you practice, the better, and with Indoglyphs, you'll be entertained while you learn. The book is structured to get the most out of using the technique of association. With some diversions for light relief and simplicity of presentation, learning becomes a joy rather than a chore. Here's a summary of what you'll find... How to get the best out of the book Here you'll learn how to use the book to best effect. What your learning style is and how to apply it to get the best out of the book. How and why it works This section explains how and why the method is so effective. See [www.lingolinks.biz](http://www.lingolinks.biz) for more details and research results. Indonesia and its customs in brief Whenever we travel and whenever we communicate with other people, it really helps to know some of the culture so avoid those embarrassing foot in mouth moments. Over 400 words of vocabulary You'll be guided through over 400 words to learn in an order specially designed to support learning (avoid confusion). Each learning set has a section to check your learning so you can review your progress. The language structure Yes, there is some grammar to handle, but you won't really notice. It's handled in the book using terms anyone can understand and introduced as it's needed, allowing you to concentrate on vocabulary rather than technical skills. Some useful phrases Phrases are introduced to give you practice at making sentences. This book is not intended to be a phrase book, but instead, to give you what you need to be able to make up the phrases yourself. Slang and SMS speak Slang is abundant in Indonesia, especially in Jakarta. Having a background will help you navigate the most commonly used forms and give you kudos when you trip them out like a native. Also, if you do enter the realm of texting in Indonesian, this section will help you understand some of the short forms used. Practice exercises The book has plenty of exercises for you to support you in learning from vocab to translating simple phrases. Pronunciation and alphabet This section is useful to support you in the correct pronunciation of words, especially when reading a word that you've never seen before.
