A Thousand Days in Tuscany Marlena de Blasi,2005-09-27 They had met and married on perilously short acquaintance, she an American chef and food writer, he a Venetian banker. Now they were taking another audacious leap, unstitching their ties with exquisite Venice to live in a roughly renovated stable in Tuscany. Once again, it was love at first sight. Love for the timeless countryside and the ancient village of San Casciano dei Bagni, for the local vintage and the magnificent cooking, for the Tuscan sky and the friendly church bells. Love especially for old Barlozzo, the village mago, who escorts the newcomers to Tuscany's seasonal festivals; gives them roasted country bread drizzled with just-pressed olive oil; invites them to gather chestnuts, harvest grapes, hunt truffles; and teaches them to caress the simple pleasures of each precious day. It's Barlozzo who guides them across the minefields of village history and into the warm and fiercely beating heart of love itself. A Thousand Days in Tuscany is set in one of the most beautiful places on earth—and tucked into its fragrant corners are luscious recipes (including one for the only true bruschetta) directly from the author's private collection.

*Ah! Tuscany* Don McPherson,2006-11 AUTHORS REVIEW and COMMENTS on Ah! Tuscany : the Enlightenment of an Expatriate Five years ago my wife - Silvia - and I purchased a condominium in San Gimignano. This book is my story of what followed. Unlike most books, there is no obvious story line throughout - and this presented me with the challenge of leaving the reader with what at the end coalesces into a complete story. There are however, two shorter story lines. The first is: locating, purchasing, improving, and furnishing an apartment near San Gimignano and the second - woven throughout the book - concerns obtaining our permission to live in Italy, official residency, car ownership and registration, Carta di Soggiorno, citizenship, and documents for a stolen car. Otherwise the book is a mosaic of personal experiences and observations that encompass our living experience and in the end it becomes clear that the real story is about getting to know the customs and people sufficiently that we felt truly at home in San Gimignano. For example, I describe shops, restaurants, a visit to the mayors office, the grape harvest and wine making, olive harvest and mushroom hunt and interactions with workmen (our artisans). I take the reader traveling to Volterra, Florence, Siena, Certaldo and Poggibonsi and Tuscan villages. We go cycling, take country walks and become acquainted with ancient books, the art scene, sunsets and winter in San Gimignano. I describe money laundering, medical services, doctor visits, pharmacies and the payment or avoidance of taxes. We learn several difficult lessons concerning government-controlled services: utilities, banks, telephone, post, computer connection, water and traffic violations. We learn the importance of notaries and town registrar (anagrafe), I make observations on politics, TV, strikes and the press, on All Saints Day, barbers, how a condominium functions, and festivals. During the entire process, we develop valued friendships and transition from outsiders to residents who truly belong to San Gimignano. There is a separate chapter on the special issue of Tuscan Way of Life, [the strange dichotomy of aggressive governance vs beautiful life style and wonderfully warm, friendly people] and another on the history of San Gimignano. My Target Audience comprises two groups: those who enjoy reading about life in Italy particularly Tuscany - and those adventurers who are either considering living in Italy or actually doing so. Both groups, and indeed all readers who enjoy travel will be entertained by many humorous and sometimes hilarious events surrounding the mysterious bureaucratic machinations of government, while those thinking of living there may better prepare themselves for the adventure. But all readers are sure to enjoy the pleasures of Tuscan friendliness, culture and customs. The living of this story has been an experience of a lifetime. From friends and unknown readers alike, I receive reports of pleasure, enjoyment and amazement. I therefore recommend the book to you and wish that many more will decide to share in my story. **Too Much Tuscan Sun** Dario Castagno,Robert Rodi,2004-09-01 Over the past several years, the American in Tuscany has become a literary subgenre. Launched by the phenomenal success of Frances Mayes's Under the Tuscan Sun, bookstores now burgeon with nimble, witty accounts of this clash in cultures-Americans trying to do American things in Italy and bumping against a brick wall of tradition. Too Much Tuscan Sun is Dario's, a Tuscan guide whose client base is predominantly American, account of some of his more remarkable customers, from the obsessive and the oblivious to the downright lunatic.

**In Tuscany** Frances Mayes,2021-12-07 A lavishly illustrated ode to the joys of Tuscany's people, food, landscapes, and art, from the bestselling author of Under the Tuscan Sun and See You in the Piazza "A love letter to Italy written in precise and passionate language of near-poetic density."—Newsday In Tuscany celebrates the abundant pleasures of life in Italy as it is lived at home, at festivals, feasts, restaurants and markets, in the kitchen and on the piazza, in the vineyards, fields, and olive groves. Combining essays by Frances Mayes and a chapter by her husband, poet Edward Mayes, with more than 200 full-color photos by photographer Bob Krist, each of this book's five sections highlights a signature aspect of Tuscan life: La Piazza: the locus of Italian village life. With photographs of the shop signs, the outdoor markets, medieval streets, people, their pets and their cars, and snippets of conversations overheard, Mayes reveals the life of the Piazza in her town of Cortona as well as out-of-the-way places such as Volterra, Asciano, Monte San Savino, and Castelmuizio. La Festa: the celebration. Essays and photos of feasts and celebrations, such as the Christmas dinner for twenty-seven at a neighbor's house and a donkey race around the church at Montepulciano Stazione, illustrate how the Tuscans celebrate the seasons--their open ways of friendship, their connection to nature, and most of all, their sense of abundance. Il Campo: the field. Here Edward Mayes evokes the deep sense of the shift of seasons as he picks olives before he and Frances head off to the olive oil mill and enjoy the first bruschette with new oil. La Cucina: the kitchen. An intimate view of the all-important role of the kitchen in Tuscan culture, including photographs of her own kitchen and gardens, menus from great local cooks, the elements of the Tuscan table, dishes with cultural and culinary notes on each, and, of course, delectable recipes. La Bellezza: the beauty. From the quality of the light falling on sublime landscapes in different seasons and Tuscan faces in moments of laughter to a silhouette of cypress trees in the early evening and a wild bird perched on a neighbor's head, In Tuscany features views of beauty that reveal the singular splendor of one of the world's best-loved and most artistic regions.

**An Italian Journey** James Ernest Shaw,2018-11-10 If you're planning a trip to Italy, read this so you don't miss out on the Italy that tours never visit. If you're staying at home, just sit back and enjoy the ride. Preferably with a nice Tuscan wine at your side. Dianne Hales, author of LA BELLA LINGUA Many of us would love to live this book. James Shaw has done it for us and allowed us to come along. I like it all, an adventurous journey with a compassionate author. Well Done, Well Done. Roscaloni An adventure of the heart in the mold of literature's classic spiritual journeys. It began with a girl. Then it was Italian food. After that it was books

and discovering that even Mark Twain had fallen for Italy. E.M. Forster was smitten too: Love and understand the Italians, for the people are more marvelous than the land. What is it about Italy and Italians? Italian movies immortalize the mystique. Fellini called it La Dolce Vita. Tornatore's Cinema Paradiso took James Shaw back to the sweet memories of his childhood and the Italian family who operated the hometown theater. And just like in the movie, young James had an Alfredo who, by example, taught him about serving people. James learned that Italians don't feel they're special. Luigi Barzini, author of The Italians, repeatedly asked, Why are we the way we are? and found no conclusive answer. But James was convinced there was a reason why the Renaissance was born in Tuscany and Italy has given the world Saint Francis, Michelangelo, da Vinci, Galileo and now Benigni, whose film Life Is Beautiful, showed the world that the Italian zest for living can even make a heaven of a hell. And so, after a lifetime of thinking about Italy James became convinced that the way to find out why Italians are the way they are, would be to eat with them at their kitchen tables. Day after day he picked their olives and the Italians began treating him like family. And James began seeing their unique human quality that attracts people to Italy and keeps pulling them back again and again. But the story doesn't end in the olive groves of Tuscany. To discover the heart of Italian life, James had to travel back to World War II Italy. An Italian Journey will inspire you to follow your passions, your enthusiasms, to your own Beautiful Discoveries. Bella Scoperta!

Central Tuscany: Eight Tuscan Hill Towns Scott Grabinger, 2016-05-10 Central Tuscany: Eight Tuscan Hill Towns New and Expanded 2016 to 2017 Edition Visit the Valdichiana towns of Civitella, Arezzo, Monte San Savino, Castiglion Fiorentino, Foiano, Lucignano, Cortona, and Chiusi. My books are for the repeat visitor to Tuscany. After you have seen Pisa, Siena, Florence, and San Gimignano where do you go? What do you do? My bet is that you want to see the smaller, less crowded sites and travel slower to enjoy the culture and some gelato. This volume of the Inside Tuscany: A Second Time Around series describes eight of the most beautiful hill towns in Tuscany helps you to enjoy the culture in the process: Set up a base up in Arezzo, neither too big nor too small, with excellent restaurants and a wealth of museums and churches. Visit Civitella in Valdichiana to learn its tragic history during a World War II massacre. Shop at the daily market in Monte San Savino while visiting the unique museum in its fortress tower. Find the Etruscan museum and dig in tiny Castiglion Fiorentino. Meander through small Foiano della Chiana and discover its hidden art treasures. Explore the small, well-preserved medieval town of Lucignano with its intact walls and fascinating Museo Civico. Spend a day at two at the best museums in Cortona, then sit in the Piazza Repubblica with a caffè and watch people go by. Study Etruscan artifacts at the superb Etruscan museum in Chiusi and then go underground to visit the old Roman labyrinth of tunnels and cistern. Information You'll Find in the Text: cook with 11 authentic recipes, some from my Italian cousins, find a place to stay with information on an agriturismo, hotel, and B&B in Arezzo, find good restaurants and pizzerias, use GPS coordinates to find your way around, participate in the evening passeggiata and local markets, eat at the best osteria in Arezzo, La Capannaccia, get an idea on the mobile accessibility of sites. What is the Valdichiana? The Valdichiana is a large flat valley stretching south from the Umbrian border at Lake Trasimeno near Cortona to the town of Civitella in Valdichiana in the north. Originally a swamp, it has been drained several times through the last couple of thousand years and is now the breadbasket of Italy, full of fruit and olive orchards, crops of grain and corn, vineyards, and grazing land for the famous chianina beef, the source of bistecca Fiorentina. Praise from Readers for the Second Time Around Series I was delighted to find your book on the area on Amazon before our visit earlier this month. We went to Arezzo a few years ago, but this time, armed with guidebook we visited again. I wanted to let you know how helpful the book was. I had not noticed the bas-reliefs on the barrel vault of the main door of Pieve Santa Maria or visited the Museo Ivan Bruschi before, let alone the Telecommunications Museum which, like you, we stumbled on unexpectedly. I just finished your book and wanted to tell you I enjoyed it very much. I am planning to go to the Tuscany area next June for a wedding and it gave me a lot of usual information. Because of your book I plan on setting up shop in Arezzo for a few days. I have your guide books which have been very useful. Hidden Tuscany John Keahey, 2014-07-15 In Hidden Tuscany, acclaimed author John Keahey takes the reader into a part of Tuscany beyond the usual tourist destinations of Chianti, Florence, and Siena. The often overlooked western portion of Tuscany is rich with history, cuisine, and scenery begging to be explored, and Keahey encourages travelers to abandon itineraries and let the grooves in the road and the curves of the coast guide your journey instead. Follow Keahey as he turns off the

autostrada and takes roads barely two lanes wide to discover fishing villages along the Tuscan sea. Then move inland into rolling foothills adorned with cherry orchards, ancient olive groves, and sweeping vineyards that produce wines that challenge Chianti's best. Here it is still possible to follow the paths of Romans, Crusaders, and pilgrims from throughout the western world who were eager to reach Rome. Hidden Tuscany provides intriguing images of places such as Livorno, a port city with canals; Pietrasanta, Tuscany's Citta d'Arte; and Capraia, an island formed by volcanoes. Keahey engages with the inhabitants of these enchanting landscapes, whether sculptors who toil in marble studios or residents whose own memories and traditions illuminate major moments in world history. From coastal towns to vineyards farther inland to the Tuscan archipelago, Keahey reminds us that each village, city, and island has its own unique story to tell. For armchair travelers and vacation seekers alike, Hidden Tuscany brings a new side of this classic Italian region to life, and the result is mesmerizing.

**Americans in Tuscany** Catherine Trundle, 2014-07-01 Since the time of the Grand Tour, the Italian region of Tuscany has sustained a highly visible American and Anglo migrant community. Today American women continue to migrate there, many in order to marry Italian men. Confronted with experiences of social exclusion, unfamiliar family relations, and new cultural terrain, many women struggle to build local lives. In the first ethnographic monograph of Americans in Italy, Catherine Trundle argues that charity and philanthropy are the central means by which many American women negotiate a sense of migrant belonging in Italy. This book traces women's daily acts of charity as they gave food to the poor, fundraised among the wealthy, monitored untrustworthy recipients, assessed the needy, and reflected on the emotional work that charity required. In exploring the often-ignored role of charitable action in migrant community formation, Trundle contributes to anthropological theories of gift giving, compassion, and reflexivity.
