The Intelligent Entrepreneur Bill Murphy, Jr., 2010-10-12 Written with the cooperation of Harvard Business School, an instructive and inspiring book for anyone who dreams of starting a highly profitable business In 1998, three Harvard Business School graduates—two men and one woman—turned down six-figure salaries at big corporations, bet on themselves, and launched their own new companies. By their ten-year reunion, their audacity had paid huge dividends. They'd made many millions of dollars, created hundreds of jobs—and left their mark on the world. Based on dozens of interviews with highly successful entrepreneurs, Harvard Business School professors, and HBS alumni, *The Intelligent Entrepreneur* tells the compelling and instructive story of how these three young founders developed ideas, assembled teams, built ventures, and achieved their dreams. Along the way, they learned that starting great companies requires much more than a ferocious work ethic or good timing. Their hard-won insights—distilled into ten key rules—will help anyone become a successful entrepreneur. What they teach you at Harvard Business School is that intelligent entrepreneurship can be learned. In that spirit, Bill Murphy Jr. uses a unique combination of vivid storytelling and lucid instruction to show would-be entrepreneurs how to improve their odds of creating dynamic, lasting businesses.

Purpose Driven Entrepreneurship Tchiki Davis, 2018-03-03 Nearly half of US jobs are at risk of being automated in the next 20 years. Most of us will be forced into entrepreneurship, whether we like it or not, and probably sooner than we think. But this doesn't have to be a bad thing. Suddenly, it

is up to you to decide what kind of impact you want to make in the world. We can continue to participate in the system as it is, with the majority of businesses opting for profit over purpose, the majority of products doing harm to the world instead of helping it, and with the majority of us miserably working in jobs we hate. Or, we can choose a new path. We can build businesses that are deeply fulfilling, businesses that create a brighter future for the next generation, businesses with purpose at the heart. This is the moment when we will collectively decide what the future will look like. If we put purpose at the center, we can make the future a brighter one. Who this book is for: Maybe you are in school and considering career possibilities. Maybe you are out of work and being forced into entrepreneurship. Or, maybe you are ready to leave your 9 to 5 job and do something that matters to you. But, you do not just want to sell a product or make money. No, you are someone who cares deeply about other people, someone who wishes the world was a better place to live for everyone, someone who wants to create that better future. This book can show you how. This book will teach you how to be a purpose driven entrepreneur so you can make an income from making an impact. In the book, you will get stories, examples, and activities, hear advice from other entrepreneurs, and learn the key skills you need to become a purpose driven entrepreneur.

10 Essential Principles of Entrepreneurship You Never Learned in School Michael S. Maurer, 2012 For more than 40 years I have been immersed in high-profile businesses in disparate industries including broadcasting, publishing, motion picture production, cable television, real estate and banking. My business life is characterized by start-ups and turn-arounds, endeavors for which I, along with many others of my era, was ill-prepared. Mistakes were made - lessons learned - lessons I never learned in school. Blunders should be expected and then milked for all the lessons they can provide. The best entrepreneurs see dumb moments as inevitable and as an exciting aspect of the wonderful game we play called business. From my mistakes, I developed principles that when properly considered and applied will protect you from foolish propensities, guide you to create the proper business relationships that make success a higher probability and prompt you to practice entrepreneurship at a lofty level. It is my hope that this treatise will provide entrepreneurs with savvy, street smarts, and wisdom.
