Enterprise: Entrepreneurship and Innovation Robin Lowe, Sue Marriott, 2012-06-25 Enterprise, Entrepreneurship and Innovation: Concepts, Contexts and Commercialisation provides readers with an accessible and readable introduction to the various dimensions of entrepreneurship and market innovation. It has a clear structure that is easy for the reader to follow and it focuses on enterprising behaviour. The text contains: * case studies and ‘pause and reflect’ situations for the entrepreneur to deliberate on the information they have available before making their decision. This helps to emphasise the point that there are few simple and straightforward decisions closely reflecting decisions in ‘real life’. * integrative personal development activities that provide a basis for readers to reflect on the learning of the chapters and develop a personal development strategy to increase their ability to become more entrepreneurial and improve their ability to manage market innovation. * an accompanying website giving students and lecturers access to additional resources in order to explore the subject further. A full set of powerpoint slides plus exercises is included, plus suggestions for the use in class of the case studies and other illustrations. Students can access further learning resources to build up their knowledge of innovation situations using the hotlinks to useful websites that will add further depth and bring up to date the case studies and illustrations. Enterprise, Entrepreneurship and Innovation: Concepts, Contexts and Commercialisation shows: * how to understand and acquire the entrepreneur’s skills, attitudes and knowledge * the techniques needed to generate new business and

create a new organisation * how to become more innovative, self reliant, and opportunistic. * the learning and decision-making processes of entrepreneurs

We Don't Need Permission Eric Collins,2022-09-01 Highly Commended for the Diversity, Inclusion and Equality Award at the Business Book Awards A powerful 10 step guide to transformative entrepreneurship for under-represented people from Eric Collins, host of the award-winning Channel 4 reality business show The Money Maker. 'Eric Collins is one of the most powerful business people in Britain.' The Times _____ Step 1: Embrace the unexpected Step 2: Engage in consistent and continuous acts of disruption Step 3: Let go of small - think bigger, think global and prepare for pitfalls Step 4: Take risks using data to mitigate the downside Step 5: Put your money where your mouth is, make your resources matter Step 6: Leverage what you know Step 7: Become a convener by making your mission bigger than yourself Step 8: Invest in women to create Alpha Step 9: Sell your vision, make time-appropriate asks and don't forget to recruit allies Step 10: Always bet on Black

_____ At a time when half of Black households in the UK live in persistent poverty - over twice as many as their white counterparts - We Don't Need Permission argues that investing in Black and under-represented entrepreneurs in order to create successful businesses is the surest, fastest socio-economic game-changer there is. Long-lasting economic empowerment - from education to health outcomes - is key to solving the multiple problems that result from systemic racism and sexism. And it is the best way to close the inequality gaps that have hampered and continue to hinder Black people and all women too. To address this problem head on, Eric Collins co-founded venture capital firm Impact X Capital to invest in under-represented entrepreneurs in the UK and Europe. In We Don't Need Permission, Collins identifies ten key principles of successful entrepreneurship, and reveals how it's possible to change a system that has helped some, while holding others back. The book not only aims to inspire and motivate under-represented people to take their future and economic destiny into their own hands, but will demand of current business leaders and organizations that they do business better. It's time to stop waiting for someone else to give permission and start boldly making the world we want to see. _____

Why Startups Fail Tom Eisenmann,2021-03-30 If you want your startup to succeed, you need to understand why startups fail. “Whether you’re a first-time founder or looking to bring innovation into a corporate environment, Why Startups Fail is essential reading.”—Eric Ries, founder and CEO, LTSE, and New York Times bestselling author of The Lean Startup and The Startup Way Why do startups fail? That question caught Harvard Business School professor Tom Eisenmann by surprise when he realized he couldn’t answer it. So he launched a multiyear research project to find out. In Why Startups Fail, Eisenmann reveals his findings: six distinct patterns that account for the vast majority of

startup failures. • **Bad Bedfellows.** Startup success is thought to rest largely on the founder's talents and instincts. But the wrong team, investors, or partners can sink a venture just as quickly. • **False Starts.** In following the oft-cited advice to "fail fast" and to "launch before you're ready," founders risk wasting time and capital on the wrong solutions. • **False Promises.** Success with early adopters can be misleading and give founders unwarranted confidence to expand. • **Speed Traps.** Despite the pressure to "get big fast," hypergrowth can spell disaster for even the most promising ventures. • **Help Wanted.** Rapidly scaling startups need lots of capital and talent, but they can make mistakes that leave them suddenly in short supply of both. • **Cascading Miracles.** Silicon Valley exhorts entrepreneurs to dream big. But the bigger the vision, the more things that can go wrong. Drawing on fascinating stories of ventures that failed to fulfill their early promise—from a home-furnishings retailer to a concierge dog-walking service, from a dating app to the inventor of a sophisticated social robot, from a fashion brand to a startup deploying a vast network of charging stations for electric vehicles—Eisenmann offers frameworks for detecting when a venture is vulnerable to these patterns, along with a wealth of strategies and tactics for avoiding them. A must-read for founders at any stage of their entrepreneurial journey, *Why Startups Fail* is not merely a guide to preventing failure but also a roadmap charting the path to startup success.

Spinning into Control Amiel Kornel, 2017-11-20 Could everything we've learned about entrepreneurship simply be wrong? There is no shortage of how-to books with 'manual' in the title, and articles promising 'The 7 [or 6 or 10] key traits of successful entrepreneurs', which breed an infectious optimism all too often quashed as startups fail. Amiel Kornel puts a persuasive case for an alternative theory that while grounded in the natural way great entrepreneurs operate resists reduction to a simple recipe or method. Kornel, who has coached hundreds of entrepreneurs, believes that disciplined planning, lean management, and commitment are no guarantee of success. The limited resources of a startup demand knowing when and how to explore and 'tinker', artfully recombining ideas, designs, media, software, and materials on hand. True venture craftsmen harness and redirect the energy of startups that might otherwise spin dangerously out of control towards failure. The stories of entrepreneurs like Sun Basket's Adam Zbar, Minecraft's Markus Persson, Y Combinator's Paul Graham, and Metacode Technologies' Joel Schatz are woven throughout the book, along with examples from beyond business, including legendary ocean-racing sailor Isabelle Autissier and acclaimed urban designer Gerard Penot. Kornel shows how meeting challenges in a broad variety of fields rife with uncertainty often relies on the ability to loosen the coupling between command and control, a prerequisite of skillful improvisation.

The Entrepreneur's Paradox Curtis J. Morley, 2021-03-16 “They don’t teach these principles in business school. These lessons can only come from the entrepreneurial book of life.” —Kevin Cope, author of the #1 Wall Street Journal bestseller Seeing the Big Picture What is the “entrepreneur’s paradox”? Curtis Morley explains that the exact qualities that aid an individual in founding a startup company—brilliance and expertise—are what prevent them from realizing expected success. What starts as freedom and financial independence turns into grueling hours, stress, bills, and ultimately failure. This is the paradox that is entrepreneurship. Morley is here to show startup businesspersons how to achieve the golden rule of successful entrepreneurs—5x results. That’s achieving five dollars in revenue for every dollar spent on marketing, advertising, sales, and any other growth expenses—a goal he himself has achieved and exceeded. By coaching clients on the sixteen pitfalls faced by all startups, he has promoted entrepreneurship development in multiple industries, sharpened skills, and revealed the keys to superior, next-level growth. This guidebook contains all you need to conquer the entrepreneur’s paradox and put yourself on a defined pathway to business success, while avoiding pitfalls like: · Climbing without a map · Building not selling · Losing sight of culture “Shows prospective business men and women how to reach their goals while creating a launchpad for a business.” —Daily Herald “The playbook for startup success.” —Sean Covey, president of FranklinCovey and coauthor of the #1 Wall Street Journal bestseller The 4 Disciplines of Execution
