Les Brown

Greatness Dean Keith Simonton, 1994-05-21 This path-breaking work offers the first comprehensive examination of the important personalities and events that have influenced the course of history. It discusses whether people who go down in history are different from the rest of us and whether specific personality traits predispose certain people to become world leaders, movie stars, scientific geniuses, and athletes. It sheds light on the depth of potential in everyone, yielding important clues as to how we can take advantage of our own individual personality traits. Probing the lives of a range of important figures, the book explores the full range of phenomena associated with greatness, scrutinizing the significance of everything from genetic inheritance, intuition, aesthetic appreciation, and birth order, to formal education, sexual orientation, aging, IQ, and alcohol and drug abuse. This book will be of interest to anyone interested in the people and events that have helped shape the world, including mental health professionals and scholars studying psychological topics in the larger context of science, art, politics, and history. The book also serves as an engaging text for undergraduate psychology courses.

The Pastor's Note John L. Spurgeon,2017-03-06 Throughout the gospel, we find how

Christ used parables to describe our personal relationship with God. He took the tangible things of life as example to illustrate a spiritual life in Christ. The devotional before you has one hundred devotions, many based on parables of my life and stories I recall. Why one hundred? One hundred represents fullness and a completion, as well as principle of return. My first hope is that your reading this will not only help you to recognize that everything is spiritual, but also give you an opportunity to know and experience more of God's presence. Second, my hope is that completing this devotion won't mark an end or accomplishment, but that you will be spiritually primed to pursue greater depths in an intimate relationship with our Savior. And last, with the principle of return, I pray that you will continue to grow and be further profitable to God's kingdom and purpose, taking what God gives in abundance and pouring it over into the lives of others.

Black Enterprise Titans of The B.E. 100s Derek T. Dingle, 1999-04-26 Money has no color. If you can build a better mousetrap, it won't matter whether you're black or white. People will buy it. —A. G. Gaston Black Enterprise's 1992 Entrepreneur of the Century. For more than 25 years, Black Enterprise, the premier African American business magazine, has ranked and chronicled the B.E. 100s—its exclusive listing of the nation's top-grossing, black-owned businesses. Generating more than \$14 billion in annual revenue and employing more than 55,000 people, these companies represent a vibrant and often overlooked segment of the American economy. Their CEOs, among the wealthiest and most powerful players in the black business community, have been the vanguard of an entrepreneurial revolution. They achieved greatness despite a lack of capital, diminished access, and even outright racism, using their imagination and drive to seize opportunities and break through barriers. First in the new Black Enterprise series, Titans of the B.E. 100s profiles eleven of these remarkable leaders of the largest black-owned businesses. Covering a broad cross-section of companies and industries, this compelling book features both today's emerging entrepreneurs and the established CEOs, revealing the secrets of how they beat the odds and the hard truths about the myriad challenges they've faced. No other book brings together so many contemporary black business success stories. Through in-depth, first-person interviews, you'll meet the titans who started their companies from the ground up and were relentless in doing so; who filled a void in the consumer market and, in turn, revolutionized whole industries; and who love the companies that they run and are energized by new ventures. Each chapter profiles a different business legend: From John H. Johnson, founder of Ebony and Jet magazines; to Herman J. Russell, who used \$125

to create the nation's largest black-owned construction firm; to Emma C. Chappell, the People's Banker, who launched the United Bank of Philadelphia; to Robert L. Johnson, who created Black Entertainment Television and then transformed BET Holdings, Inc. from a single cable network to an entertainment monolith that became the first black-owned business listed on the New York Stock Exchange. Inspiring and motivating, *Titans of the B.E. 100s* will introduce you to an incredible group of men and women who made a profound impact upon global business, symbolizing a spectacular realization of the American Dream. Praise for *TITANS OF the B.E. 100s*. *Titans of the B.E. 100s* challenges the vintage profile of the entrepreneur by showcasing the impressive and dynamic careers of African American executives who surmounted social, economic, and political barriers to gain their deserved place in today's world of the business elite.—Kweisi Mfume, President and CEO, NAACP. *Titans of the B.E. 100s* aptly documents the achievements of African American entrepreneurs who embody the legacy of the twentieth century and the hope of the twenty-first century. The principles espoused by these esteemed business leaders are essential to the future of the civil rights movement as we prepare our children for self-reliance and our adults for economic self-sufficiency in the next century.—Hugh B. Price, President, National Urban League. The intriguing profiles in this book tell the stories of a group of people who started with nothing and went straight to the top, overcoming obstacles with tenacity, ingenuity, and sheer bravery: Don H. Barden Emma C. Chappell Mel Farr Sr. Charles H. James III John H. Johnson Robert L. Johnson Byron E. Lewis Herman J. Russell Russell Simmons Clarence O. Smith Percy E. Sutton.

The Soul of Leadership Deepak Chopra, M.D., 2010-12-28 "Deepak Chopra lights the way to twenty-first century leadership, where consciousness, love, and compassion redefine the locus of power in relationships and organizations."—John Mackey, co-CEO Whole Foods Market Bestselling author and spiritual guide Deepak Chopra invites you to become the kind of leader most needed today: a leader with vision who can make that vision real. Chopra has been teaching leadership to CEOs and other top executives for eight years, and the path outlined in *The Soul of Leadership* applies to any business, but the same principles are relevant in every community and area of life, from family and home to school, place of worship, and neighborhood. "At the deepest level," Chopra writes, "a leader is the symbolic soul of a group." With clear, practical steps, you are led through the crucial skills outlined in the acronym L-E-A-D-E-R-S: L = Look and Listen E = Emotional Bonding A = Awareness D = Doing E = Empowerment R = Responsibility S = Synchronicity After identifying your own soul profile and the core values you want to develop, you can use these seven skills to allow your potential for greatness to emerge. Only from the level of the soul, Chopra contends, are great leaders created. Once that connection is made, you have unlimited access to the most vital qualities a leader can possess: creativity, intelligence, organizing power, and love. *The Soul of Leadership* aims to fill the most critical void in contemporary life, the void of enlightened leaders. "You can be such a leader," Chopra promises. "The path is open to you. The only requirement is that you learn to listen to your inner guide." In

this unique handbook you are shown how to do just that, in words as practical as they are uplifting. The future is unfolding at this very minute, and the choice to lead it lies with each of us, here and now.
