Faith Driven Entrepreneur Henry Kaestner, J. D. Greear, Chip Ingram, 2021-08 I'm excited about Faith Driven Entrepreneur. Anyone who is following the example of their creator God can find echoes of their work in this book. --Lecrae Entrepreneurship can be a lonely journey. But it doesn't need to be. God has a purpose and a plan for all those entrepreneurial dreams and creative gifts he gave you. The work you do today--the company you've built, the employees you work with, the customers you serve, the shareholders you report to, all of it--serves as an active part of what God wants to accomplish on earth. You are not alone in this journey. Join other faith-driven entrepreneurs as, together, we identify the values, habits, and traits that empower us to successfully build businesses, serve our communities, and faithfully pursue a loving relationship with God; read stories that exemplify how those values, habits, and traits unfold in everyday life; and discover the potential God wants to unleash through our work. Each book purchase includes access to the eight-session Faith Driven Entrepreneur video series, a discussion guide to encourage conversation among peers, and an invitation to join a Faith Driven Entrepreneur Group to meet other like-minded entrepreneurs.

As a matter of fact, Love as a Business Strategy is so chock-full of real-world examples of mistakes, heartbreak, and redemption that it reads more like a juicy exposé than a business book. Love as a Business Strategy steers clear from piety and theoretical concepts and instead shares grounded stories of resilient people running a real business. A business, as you'll come to find out, that was on the brink of disaster before 'love' took hold. Love As A Business Strategy doesn't preach or mislead, rather it lays out the blueprints for better business outcomes—like better employee engagement, enhanced patient experiences, and increased efficiency—then walks you through it step-by-step. A better way of doing business is possible. The workplace revolution has arrived. Love as a Business Strategy will help you ditch the status quo, embrace humanity, and achieve lasting success.

The Death of Expertise Tom Nichols,2024 In the early 1990s, a small group of AIDS denialists, including a University of California professor named Peter Duesberg, argued against virtually the entire medical establishment's consensus that the human immunodeficiency virus (HIV) was the cause of Acquired Immune Deficiency Syndrome. Science thrives on such counterintuitive challenges, but there was no evidence for Duesberg's beliefs, which turned out to be baseless. Once researchers found HIV, doctors and public health officials were able to save countless lives through measures aimed at preventing its transmission--

Titan Sinking: The decline of the WWF in 1995 James Dixon,Jim Cornette,Benjamin Richardson,2014-08-31 Throughout the history of the WWF, there have been times of prosperity and times of hardship, cycles that shape the ethos of the company by forcing changes to its infrastructure and on-screen direction. The one constant throughout three decades of change is Vincent Kennedy McMahon, the stalwart puppet-master who captains the ship. Unflinching, thick-skinned, and domineering, McMahon has ultimately outlasted all of his competition and come out on top of every wrestling war he has waged. In 1995, he very nearly lost. *Titan Sinking* tells the tale of one of the most tumultuous, taxing and trying years in WWF history. This book gives the inside story of all of it. Find out the real story of the year, and learn how 1995 brought WWF to the brink.

A Death in Belmont Sebastian Junger,2006-04-17 A fatal collision of three lives in the most intriguing and original crime story since *In Cold Blood*. In the spring of 1963, the quiet suburb of Belmont, Massachusetts, is rocked by a shocking sex murder that exactly fits the pattern of the Boston Strangler. Sensing a break in the case that has paralyzed the city of Boston, the police track down a black man, Roy Smith, who cleaned the victim's house that day and left a receipt with his name on the kitchen counter. Smith is hastily convicted of the Belmont murder, but the terror of the Strangler continues. On the day of the murder, Albert DeSalvo—the man who would eventually confess in lurid detail to the Strangler's crimes—is also in Belmont, working as a carpenter at the Jungers' home. In this spare, powerful narrative, Sebastian Junger chronicles three lives that collide—and ultimately are destroyed—in the vortex of one of the first and most controversial serial murder cases in America.

Rowdy Ariel Teal Toombs,Colt Baird Toombs,2020-03-03 The biggest pro wrestling bio since Bret Hart's *Hitman*: legendary Rowdy Roddy Piper's unfinished autobiography, re-conceived and completed by his children, actress/musician Ariel Teal Toombs and wrestler Colt Baird Toombs. In early 2015, Roderick Toombs, aka Rowdy Roddy Piper, began researching his own autobiography with a trip through Western Canada. He was re-discovering his youth, a part of his life he never discussed during his 61 years, many spent as one of the greatest talents in the history of pro wrestling. Following his death due to a heart attack that July, two of his children took on the job of telling Roddy's story, separating fact from fiction in the extraordinary life of their father. Already an accomplished wrestler before *Wrestlemania* in 1985, Roddy Piper could infuriate a crowd like no heel before him. The principal antagonist to all-American champion Hulk Hogan, Piper used his quick wit, explosive ring style and fearless baiting of audiences to push pro wrestling to unprecedented success. Wrestling was suddenly pop culture's main event. An actor with over 50 screen credits, including the lead in John Carpenter's #1 cult classic, *They Live*, Piper knew how to keep fans hungry, just as he'd kept them wishing for a complete portrait of his most unusual life. He wanted to write this book for his family; now they have written it for him.

The Network Reshapes the Library Lorcan Dempsey,2014-08-18 Since he began posting in 2003, Dempsey has used his blog to explore nearly every important facet of library technology, from the emergence of Web 2.0 as a concept to open source ILS tools

and the push to web-scale library management systems.

Fire Sebastian Junger, 2001-10-17 Forest fires, terrorism, war: explorations of danger by the author of *The Perfect Storm*. In *Fire*, Sebastian Junger brings to bear the same meticulous prose that made *A Perfect Storm* a modern classic onto the inner workings of a terrifying elemental force—an out-of-control inferno burning in the steep canyons of Idaho—and the cast of characters risking everything to bring that force under control. Few writers have been to so many desperate corners of the globe as has Sebastian Junger; fewer still have provided such starkly memorable evocations of characters and events. From the murderous mechanics of the diamond trade in Sierra Leone to the logic of guerrilla warfare in Afghanistan and the forensics of genocide in Kosovo, this collection of Junger's nonfiction will take you places you wouldn't dream of going to on your own.

Meant for More Lisa Sasevich, 2021-07-13 An award-winning entrepreneur and business coach outlines an easy-to-follow formula that helps you own your unique value, make more money, have more impact, and get more out of life—all without being pushy or sales-y. *Meant for More* is a *How to Win Friends and Influence People* for the modern age. It shows you how to stand out in an increasingly noisy world by simply offering your unique skills and talents and helping others do the same. It offers tangible skills to use in all areas of your life, including work, to increase your success and do good while you're at it. It speaks to people looking to leave the 9-to-5 for more freedom and fulfillment; stay-at-home moms going back to work; young Boomers worried they're too senior (and expensive) to find new jobs; idealistic Gen Xers and Millennials unwilling to toe the company line; and experts in any field who want to cash in on their expertise while making a difference. In *Meant for More*, an award-winning entrepreneur and business coach outlines the formula for getting the more you've been longing for: a proven system to sell yourself and your one-of-a-kind gifts to the people you were meant to help and reap the rewards that come when you stop giving away your gifts for free. The *Meant for More* Formula helps you upgrade your mind-set, unwrap your unique gifts, claim your value, and make irresistible offers so you can get what you're worth and make the difference you're here to make—in a way that isn't remotely pushy or sales-y. We all long for more: More impact. More success. More fulfillment. More abundance. More freedom. More joy. But it's not necessarily easy to fulfill this longing. We all know someone who clearly has so much to offer the world but who holds back out of fear—fear of failure, or of success; fear of putting herself out there; fear of being perceived as pushy or full of himself. Maybe that person is you.
