Rumba Under Fire Irina Dumitrescu,2016 A professor of poetry uses a deck of playing cards to measure the time until her lover returns from Afghanistan. Congolese soldiers find their loneliness reflected in the lyrics of rumba songs. Survivors of the siege of Sarajevo discuss which book they would have never burned for fuel. A Romanian political prisoner writes her memoir in her head, a book no one will ever read. These are the arts of survival in times of crisis. Rumba Under Fire proposes we think differently about what it means for the arts and liberal arts to be in crisis. In prose and poetry, the contributors to Rumba Under Fire explore what it means to do art in hard times. How do people teach, create, study, and rehearse in situations of political crisis? Can art and intellectual work really function as resistance to power? What relationship do scholars, journalists, or even memoirists have to the crises they describe and explain? How do works created in crisis, especially at the extremes of human endurance, fit into our theories of knowledge and creativity? The contributors are literary scholars, anthropologists, and poets, covering a broad geographic range - from Turkey to the United States, from Bosnia to the Congo. Rumba Under Fire includes essays, poetry and interviews by Tim Albrecht, Carla Baricz, Greg Brownderville, William Coker, Andrew Crabtree, Cara De Silva, Irina Dumitrescu, Denis Ferhatovic, Susannah Hollister, Prashant Keshavmurthy, Sharon Portnoff, Anand Taneja, and Judith Verweijen.

911 LoveRS Jürgen Lewandowski,WAFT,2018-01-08 -The first comprehensive homage to the Porsche R and RS models -From the first 911 R (1967) through the varying RS models, to the latest 911 R (2016) -Includes interviews with enthusiasts, racing drivers and customers -Presents portraits of unique collectors' items and race histories -Celebrates the 50th Anniversary of the Porsche 911 R in 2017 Porsche's sporting elite - the 911 R - more performance, less weight. As the first comprehensive homage to the R and RS models, this is a must-have for all Porsche 911 lovers. At auctions they rack up premium prices, but the makers of the 911 R never intended to create objects of speculation for maximum profit. Their main concern was developing vehicles that would appeal to customers because of their uncompromising sportiness. The story begins 50 years ago, when the first Porsche 911 R achieved five new long-distance world records in Monza; and goes on to the latest 911 R - a car that is aware of its history, with racing stripes, houndstooth bucket seats, manual gear change, and a free-revving naturally aspirated engine. In between the first and the latest lie 50 years, numerous models, and a legion of fans.

Complete Short Stories of Maupassant ,2014-11-14 Henri Ren♦ Albert Guy de Maupassant (1850 - 1893) was a popular French writer, considered one of the fathers of the modern short story and one of the form's finest exponents. His stories are characterized by economy of style and efficient, effortless outcomes. Many are set during the Franco-Prussian War of the 1870s, describing the futility of war and the innocent civilians who, caught up in events beyond their control, are permanently changed by their experiences. He wrote more than 300 short stories, six novels, three travel books, and one volume of verse. His first published story, Boule de Suif (Ball of Fat, 1880), is often considered his masterpiece.

Exposing the Spiritual Roots of Disease Henry W. Wright,2019-10-15 In Exposing the Spiritual Roots of Disease, Dr. Henry Wright presents a thoroughly biblical and compelling case for healing. If you think you've read all you need to know about healing, it's time to take another look. In this updated edition with expanded material, Dr. Wright clearly shows that disease is not a random

occurrence and that science and medicine have their place in dealing with illness but can only offer disease management. What if the answers to true healing and freedom have been in the Bible all along? Dr. Wright spent decades learning the spiritual roots of disease and blocks to healing. In his journey, he discovered that there is a spiritual root issue in about 80 percent of all diseases, which is a direct result of a breakdown in our relationship with God, ourselves, or others. Through his groundbreaking teachings, he helped hundreds of thousands to experience wholeness in their lives. If you have recently received a diagnosis or have been struggling with your health for years, there is hope and healing ahead. "Dr. Henry Wright destroys the lie that we are helpless victims of diseases.... This book is long overdue and is essential reading for any Christian struggling with sickness and for those who seek to minister to them." —Dr. Rebecca Williams, MA, MB ChB, DRCOG, DCH, DTM&H "Dr. Wright uses a solid scriptural base to reveal the roots of disease and give clear guidance on how we can be free in spirit, soul, and body!" —Sheila Pitcock, LVN

Drug Policies and the Politics of Drugs in the Americas Beatriz Caiuby Labate, Clancy Cavnar, Thiago Rodrigues, 2016-07-30 This book is a collection of studies of drug policies in several Latin American countries. The chapters analyze the specific histories of drug policies in each country, as well as related phenomena and case studies throughout the region. It presents conceptual reflections on the origins of prohibition and the "War on Drugs," including the topic of human rights and cognitive freedom. Further, the collection reflects on the pioneering role of some Latin American countries in changing paradigms of international drug policy. Each case study provides an analysis of where each state is now in terms of policy reform within the context of its history and current socio-political circumstances. Concurrently, local movements, initiatives, and backlash against the reformist debate within the hemisphere are examined. The recent changes regarding the regulation of marijuana in the United States and their possible impact on Latin America are also addressed. This work is an important, up-to-date and well-researched reference for all who are interested in drug policy from a Latin American perspective.

Like a Mighty Wind Mel Tari, 1997-06-01 "When we believe the Bible as it is, we will see the power of God move in our lives and in our community as it did centuries ago in Bible times." -Mel Tari Translated into dozens of languages, with millions of copies sold, *Like a Mighty Wind* remains a beloved classic from global evangelist Mel Tari. Recounting the incredible story of revival on the island of Timor during 1965 in the midst of political turmoil, the book is an amazing testament to the power of faith and the reality of God's power to work miracles in modern times. The Spirit of God that swept across the island "like a mighty wind" continues today throughout Indonesia although persecution of Christians is all too common. The story of God's powerful revival in this region remains a testament to the truth of God's Word, and serves as a reminder to all believers that the Spirit of God manifests in our world now as it did in the earliest days of the Church.
