Super Consciousness Colin Stanley, Colin Wilson, 2019-12-10 Blending existential and occult thought, a highly acclaimed philosopher explains how we can find profound meaning and joy by inducing states of extreme awareness and emotion Throughout history there have been references and examples in literature, art and philosophy of an increased awareness of life while under the influence of extreme emotions. These have become known as Peak Experiences. Soon after Colin Wilson became aware of this phenomenon in the 1960s, he wondered about its history and how its power could be harnessed, and began a forty-year investigation. In *Super Consciousness*, we see how such luminaries as Yeats, Blake, Sartre, Nietzsche, and Robert Graves were affected by Peak Experiences, and how it has long been noted that we are least insightful when we are at our lowest ebb. By looking in detail through the different areas where this phenomenon has occurred—and by offering anecdotes and examples of how many people in history (as well as himself) were affected—Wilson reveals a pattern of insight with emotions. He ends the book with an instructional section on achieving power consciousness for yourself.

The Creation of Anne Boleyn Susan Bordo, 2013-04-09 This illuminating history examines the life and many legends of the 16th century Queen who was executed by her husband, King Henry VIII. Part biography, part cultural history, *The Creation of Anne Boleyn* is a fascinating reconstruction of Anne's life and a revealing look at her afterlife in the popular imagination. Why is her story so compelling? Why has she inspired such extreme reactions? Was she the flaxen-haired martyr of Romantic paintings or the raven-haired seductress of twenty-first-century portrayals? (Answer: neither.) But the most provocative question of all concerns Anne's death: How could Henry order the execution of a once beloved wife? Drawing on scholarship and critical analysis, Bordo probes the complexities of one of history's most infamous relationships. She then demonstrates how generations of polemicists, biographers, novelists, and filmmakers have imagined and re-imagined Anne: whore, martyr, cautionary tale, proto "mean girl," feminist icon, and everything in between. In *The Creation of Anne Boleyn*, Bordo steps off the well-trodden paths of Tudoriana to tease out the human being behind the competing mythologies, paintings, and on-screen portrayals.

Three Rings Daniel Mendelsohn, 2020-09-08 In this genre-defying book, best-selling memoirist and critic Daniel Mendelsohn explores the mysterious links between the randomness of the lives we lead and the artfulness of the stories we tell. Combining memoir, biography, history, and literary criticism,

Three Rings weaves together the stories of three exiled writers who turned to the classics of the past to create masterpieces of their own—works that pondered the nature of narrative itself. Erich Auerbach, the Jewish philologist who fled Hitler’s Germany and wrote his classic study of Western literature, *Mimesis*, in Istanbul... François Fénelon, the seventeenth-century French archbishop whose ingenious sequel to the *Odyssey*, *The Adventures of Telemachus*—a veiled critique of the Sun King and the best-selling book in Europe for one hundred years—resulted in his banishment... and the German novelist W. G. Sebald, self-exiled to England, whose distinctively meandering narratives explore Odyssean themes of displacement, nostalgia, and separation from home. Intertwined with these tales of exile and artistic crisis is an account of Mendelsohn’s struggles to write two of his own books—a family saga of the Holocaust and a memoir about reading the *Odyssey* with his elderly father—that are haunted by tales of oppression and wandering. As *Three Rings* moves to its startling conclusion, a climactic revelation about the way in which the lives of its three heroes were linked across borders, languages, and centuries forces the reader to reconsider the relationship between narrative and history, art and life.

A New Dictionary of the English Language Charles Richardson, 1856

Doomsday Book Connie Willis, 1993-08-01 Connie Willis draws upon her understanding of the universalities of human nature to explore the ageless issues of evil, suffering, and the indomitable will of the human spirit. “A tour de force.”—The New York Times Book Review For Kivrin, preparing to travel back in time to study one of the deadliest eras in humanity’s history was as simple as receiving inoculations against the diseases of the fourteenth century and inventing an alibi for a woman traveling alone. For her instructors in the twenty-first century, it meant painstaking calculations and careful monitoring of the rendezvous location where Kivrin would be received. But a crisis strangely linking past and future strands Kivrin in a bygone age as her fellows try desperately to rescue her. In a time of superstition and fear, Kivrin—barely of age herself—finds she has become an unlikely angel of hope during one of history’s darkest hours.

Marvel 1602 , 2013-08-27 Award-winning writer Neil Gaiman presents a unique vision of the Marvel Universe...set four hundred years in the past! Classic Marvel icons such as the X-Men, Spider-Man, the Fantastic Four and Daredevil are re-imagined in this intriguing world of 17th-century science and sorcery - instantly familiar to readers, yet subtly different in this new time. *Marvel 1602* combines

classic Marvel action and adventure with the historically accurate setting of Queen Elizabeth's reign, to create a unique series unlike any other published by Marvel Comics. Neil Gaiman's daringly different Marvel tale has stood the test of time and spawned an entire universe of sequels - and now, celebrate the 10th anniversary of the story that started it all with this lush oversized hardcover! Featuring an all-new cover by original series cover artist Scott McKown! COLLECTING: Marvel 1602 1-8

When Freedom Speaks Lynn Levine Greenky, 2022-03-29 This book makes first amendment issues immediate and contemporary. When Freedom Speaks chronicles the stories behind our First Amendment right to speak our minds. Lynn Levine Greenky's background as a lawyer, rhetorician, and teacher gives her a unique perspective on the protection we have from laws that abridge our right to the freedom of speech. Rhetoricians focus on language and how it influences perception and moves people to action. Powerfully employing that rhetorical approach, this book explores concepts related to free speech as moral narratives that proscribe the boundaries of our constitutionally protected right. Using the characters and drama embedded in legal cases that elucidate First Amendment principles, When Freedom Speaks makes the concepts easier to understand and clearly applicable to our lives. With a wide range of examples and accessible language, this book is the perfect overview of the First Amendment.

The Complete Works of George Eliot George Eliot, 2013-09-20 This carefully crafted ebook: "The Complete Works of George Eliot" is formatted for your eReader with a functional and detailed table of contents. She was one of the leading writers of the Victorian era. Her novels, largely set in provincial England, are well known for their realism and psychological insight.

Romola George Eliot, 1883

Romola - (illustrated) George Eliot, 2014-10-07 Romola (1862–63) is a historical novel by George Eliot set in the fifteenth century, and is a deep study of life in the city of Florence from an intellectual, artistic, religious, and social point of view. It first appeared in fourteen parts published in Cornhill Magazine from July 1862 (vol. 6, no. 31) to August 1863 (vol. 8, no. 44). The story takes place amidst actual historical events during the Italian Renaissance, and includes in its plot several notable figures from Florentine history.
