Each March, millions of Americans fill out their bracket in the hopes of correctly predicting the future. Yet, there is no true Madness without the oft-debated question about what teams should be seeded where—from the Power-5 Blue Blood with some early season stumbles on their resume to the mid-major that rampaged through their less competitive conference season—and the inventor of Bracketology himself, Joe Lunardi, now reveals the mystery and science behind the legend. While going in depth on his ever-evolving predictive formula, Lunardi compares great teams from different eras with intriguing results, talks to the biggest names in college basketball about their perception of Bracketology (both good and bad), and looks ahead to the future of the sport and how Bracketology will help shape the conversation. **Pappyland** Wright Thompson, 2020-11-10 The New York Times bestseller! “A warm and loving reflection that, like good bourbon, will stand the test of time.” —Eric Asimov, The New York Times The story of how Julian Van Winkle III, the caretaker of the most coveted cult Kentucky Bourbon whiskey in the world, fought to protect his family's heritage and preserve the taste of his forebears, in a world where authenticity, like his product, is in very short supply. Following his father’s death decades ago, Julian Van Winkle stepped in to try to save the bourbon business his grandfather had founded on the mission statement: “We make fine bourbon—at a profit if we can, at a

loss if we must, but always fine bourbon." With the company in its wilderness years, Julian committed to safeguarding his namesake's legacy or going down with the ship. Then he discovered that hundreds of barrels from the family distillery had survived their sale to a multinational conglomerate. The whiskey that Julian produced after recovering those barrels would immediately be hailed as the greatest in the world—and soon would be the hardest to find. Once they had been used up, a fresh challenge began: preserving the taste of Pappy in a new age. Wright Thompson was invited to ride along as Julian undertook the task. From the Van Winkle family, Wright learned not only about great bourbon but about complicated legacies and the rewards of honoring your people and your craft—lessons that he couldn't help but apply to his own work and life. May we all be lucky enough to find some of ourselves, as Wright Thompson did, in Pappyland.

**Miracles on the Hardwood** John Gasaway, 2021-03-16 Discover the David vs. Goliath rise of Catholic college basketball, from Villanova to Georgetown to Gonzaga, where small schools perennially shoot past the big power conference programs. In *MIRACLES ON THE HARDWOOD*, author John Gasaway traces the rise of Catholic college basketball—from its early days (Villanova made an appearance in the Final Four in the first NCAA tournament in 1939) to the dominance of the San Francisco Dons in the 1950s and the ascendance of powerhouses Georgetown, Villanova, and Gonzaga—through their decades-long rivalries and championship games. Featuring interviews with notable coaches, players, alums, and fans—including Loyola Chicago's most famous and dedicated fan, 100-year-old Sister Jean—to get at the heart of how these universities have excelled at this sport. Small in number but devout in the game's spirit, these teams have made the miraculous a matter of ritual, and their greatest works may be yet to come.

*House of Leaves* Mark Z. Danielewski, 2000-03-07 "A novelistic mosaic that simultaneously reads like a thriller and like a strange, dreamlike excursion into the subconscious." —The New York Times Years ago, when *House of Leaves* was first being passed around, it was nothing more than a badly bundled heap of paper, parts of which would occasionally surface on the Internet. No one could have anticipated the small but devoted following this terrifying story would soon command. Starting with an odd assortment of marginalized youth -- musicians, tattoo artists, programmers, strippers, environmentalists, and adrenaline junkies -- the book eventually made its way into the hands of older generations, who not only found themselves in those strangely arranged pages but also discovered a way back into the lives of their estranged children. Now this astonishing novel is made available in book form, complete with the original colored words, vertical footnotes, and second and third appendices. The story remains unchanged, focusing on a young family that moves into a small home on Ash Tree Lane where they discover something is terribly wrong: their house is bigger on the inside than it is on the outside. Of course, neither Pulitzer Prize-winning photojournalist Will Navidson nor his companion Karen Green was prepared to face the consequences of that impossibility, until the day their two little children wandered off and their voices eerily began to return another story -- of creature darkness, of an ever-growing abyss behind a closet door, and of that unholy growl which soon enough would tear through their walls and consume all their dreams.

The Greatest Upset Never Seen Jack Danilewicz, 2019-11-01 No one had really heard of Chaminade University--a tiny NAIA Catholic school in Honolulu with fewer than eight hundred undergraduates--until its basketball game against the University of Virginia on December 23, 1982. The Chaminade Silverswords defeated the Cavaliers, then the Division I, No. 1-ranked team in the nation, in what the Washington Post later called the biggest upset in the history of college basketball. Virginia was the most heralded team in the country, led by seven-foot-four-inch, three-time College Basketball Player of the Year Ralph Sampson. They had just been paid \$50,000--more than double Chaminade's annual basketball budget--to play an early season tournament in Tokyo and were making a stopover game in Hawaii on their way back to the mainland. The Silverswords, led by forward Tony Randolph, came back in the second half and won the game 77-72. Chaminade's incredible victory became known as the Miracle on Ward Avenue or simply The Upset in Hawaii and was featured in the national news. Never before in the history of college basketball had a school moved so dramatically and irretrievably into the nation's consciousness. The Silverswords'

victory was more than just an upset; it was something considered impossible. And the team's wins over major college programs continued in the ensuing years. Today Chaminade is still referred to as The Giant Killers--the school that beat Ralph Sampson and Virginia. The Greatest Upset Never Seen relives the 1982-83 season, when Chaminade put small?college basketball and Hawaii on the national sports map.
