JAY BILAS

Bracketology Joe Lunardi, David Smale, Mark Few, 2021-03-02 Lunardi delves into the early days of Bracketology, details its growth, and dispels the myths of the process The NCAA Tournament has become one of the most popular sports events in the country, consuming fans for weeks with the run to the Final Four and ultimately the crowning of the champion of college hoops. Each March, millions of Americans fill out their bracket in the hopes of correctly predicting the future. Yet, there is no true madness without the oft-debated question about what teams should be seeded where—from the Power-5 Blue Blood with some early season stumbles on their resume to the mid-major that rampaged through their less competitive conference season—and the inventor of Bracketology himself, Joe Lunardi, now reveals the mystery and science behind the legend. While going in depth on his ever-evolving predictive formula, Lunardi compares great teams from different eras with intriguing results, talks to the biggest names in college basketball about their perception of Bracketology (both good and bad), and looks ahead to the future of the sport and how Bracketology will help shape the conversation. This fascinating book is a must-read for college hoops fans and anyone who has aspired to win their yearly office pool.

On the Bubble Joe Lunardi, David Smale, 2021 This book is about the process and history of selecting teams into the NCAA Tournament--

Improving Your NCAA® Bracket with Statistics Tom Adams, 2019-01-14 Twenty-four million people wager nearly \$3 billion on college basketball pools each year, but few are aware that winning strategies have been developed by researchers at Harvard, Yale, and other universities over the past two decades. Bad advice from media sources and even our own psychological inclinations are often a bigger obstacle to winning than our pool opponents. Profit opportunities are missed and most brackets submitted to pools don't have a breakeven chance to win money before the tournament begins. Improving Your NCAA® Bracket with Statistics is both an easy-to-use tip sheet to improve your winning odds and an intellectual history of how statistical reasoning has been applied to the bracket pool using standard and innovative methods. It covers bracket improvement methods ranging from those that require only the information in the seeded bracket to sophisticated estimation techniques available via online simulations. Included are: Prominently displayed bracket improvement tips based on the published research A history of the origins of the bracket pool A history of bracket improvement methods and their results in play Historical sketches and background information on the mathematical and statistical methods that have been used in bracket analysis A source list of good bracket pool advice available each year that seeks to be comprehensive Warnings about common bad advice that will hurt your chances Tom Adams' work presenting bracket improvement methods has been featured in the New York Times, Sports Illustrated, and SmartMoney magazine.

Toughness Jay Bilas, 2014-03-04 ESPN basketball analyst and former Duke player Jay Bilas looks at the true meaning of toughness in this New York Times bestselling book that features stories from basketball legends. If anyone knows tough, it's Jay Bilas. A four-year starter at Duke, he learned a strong work ethic under Coach Mike Krzyzewski. After playing professionally overseas, he returned to Duke, where he served as Krzyzewski's assistant coach for three seasons, helping to guide the Blue Devils to two national championships. He has since become one of basketball's most recognizable faces through his insightful analysis on ESPN's SportsCenter and College GameDay. Through his ups and downs on and off the court, Bilas learned the true meaning of toughness from coaches, teammates, and colleagues. Now, in Toughness, he examines this misunderstood—yet vital—attribute and how it contributes to winning in sports and in life. Featuring never-before-heard stories and personal philosophies on toughness from top players and coaches, including Coach K, Bob Knight, Grant Hill, Mia Hamm, Jon Gruden, Tom Izzo, Roy Williams, Bill Self, Curtis Strange, and many others—Bilas redefines what it takes to succeed.

The Big Dance Barry Wilner, Ken Rappoport, 2012 Covered by four networks, allowing every game to be televised, March Madness has become an American phenomenon. Yes, It's Hot in Here AJ Mass, 2014-04-15 Yes, It's Hot in Here explores the entertaining history of the mascot from its jester roots in Renaissance society to the slapstick pantomime of the Clown Prince of Baseball, Max Patkin, all the way up to the mascots of the slam-dunk, rock-and-roll, Jumbotron culture of today. Along the way, author AJ Mass of ESPN.com (a former Mr. Met himself) talks to the pioneers among modern-day mascots like Dave Raymond (Phillie Phanatic), Dan Meers (K. C. Wolf), and Glenn Street (Harvey the Hound) and finds out what it is about being a mascot that simply won't leave the performer. Mass examines what motivates high school and college students to compete for the chance to wear a sweaty animal suit and possibly face the ridicule of their peers in the process, as well as women who have proudly served as mascots for teams in both the pro and amateur ranks. In the book's final chapter, Mass climbs inside a mascot costume one more time to describe what it feels like and, perhaps, rediscover a bit of magic.

Out of the Pocket Kirk Herbstreit, 2022-08-02 This powerfully intimate, plain-spoken memoir about fathers and sons, fortitude, and football from the face and voice of college football—Kirk Herbstreit—is not just “a window into the game, but also a peek into what makes him special: his heart” (David Shaw, head coach, Stanford University). Kirk Herbstreit is a reflection of the sport he loves, a reflection of his football-crazed home state of Ohio, where he was a high school star and Ohio State captain, and a reflection of another Ohio State football captain thirty-two years earlier: his dad Jim, who battled Alzheimer's disease until his death in 2016. In Out of the Pocket, Herbstreit does what his father did for him: takes you inside the locker rooms, to the practice fields, to the meeting rooms, to the stadiums. Herbstreit describes how a combination of hard work, perseverance, and a little luck landed him on the set of ESPN's iconic College GameDay show, surrounded by tens of thousands of fans who treat their Saturdays like a football Mardi Gras. He takes you into the television production meetings, on to the GameDay set, and into the broadcast booth. You'll live his life during a football season, see the things he sees, experience every chaotic twist and turn as the year unfolds. Not to mention the relationships he's established and the insights he's learned from the likes of coaches and players such as Nick Saban, Tim Tebow, Dabo Swinney, and Peyton Manning, as well as his colleagues, including Chris Fowler, Rece Davis, and his “second dad,” the beloved Coach Lee Corso. Yes, Kirk Herbstreit is the undeniable face and voice of college football—but he's also a survivor. He's the quiet kid who withstood the collapse of his parents' marriage. The boy who endured too many overbearing stepdads and stepmoms. The painfully shy student who always chose the last desk in the last row of the classroom. The young man who persevered through a frustrating Ohio State playing career. The new college graduate who turned down a lucrative sales job after college to pursue a “no way you'll make it” dream career in broadcasting. Inspiring and powerful, Out of the Pocket “proves the importance of perseverance and family” (Peyton Manning).
