Alberto Testa, Mahfoud Amara

Yearbook of African Football 2010 Gabriel Mantz,2010

The Olympic Movement and the Middle East and North Africa Region Mahfoud Amara,2020-06-09

This book offers different insights into the study of the Olympic movement in the Middle East and North Africa (MENA) region. It seeks to capture how political and cultural nation-state building and economic transformations are impacting the region's engagement (and disengagement) with the Olympic movement and the Olympic Games, as well as Paralympic sports. This book was originally published as a special issue of The International Journal of the History of Sport.

World Soccer Yearbook 2003-2004 David Goldblatt,2003-09-23 Embracing the fanatical interest in soccer, World Soccer Yearbook 2003-4 examines the game on a global level. Where other books have been club-based, league based, or specific to national teams, this is the first true survey of soccer around the world--from its origins in the 19th century, to the national, league, and club standings in the 2002-3 season. Exciting action-photographs, dynamic graphics, and illustrated charts

take a refreshing and innovative approach to illustrating the world's most popular sport.

Sport in Islam and in Muslim Communities Alberto Testa,Mahfoud Amara,2015-09-25 As Islam's visibility in global society increases, Muslim populations grow, and Muslim countries compete to take up positions at the heart of global sport, the interplay between sport and Islam becomes ever more illuminating. *Sport in Islam and in Muslim Communities* is the first book to analyse this relationship

through a pluralist lens, exploring the questions it raises about contemporary Islam, globalisation, and the challenges faced by (in particular young) Muslims in negotiating their place in global society. With contributions from Muslim and non-Muslim authors, the book approaches an array of contemporary issues, from the role of sport in gender, youth and political identities in Islam and Muslim societies to sport policy in Muslim countries, sport's role among Muslim minorities and sport marketing's relationship to Muslim cultures. Drawing on sociology, anthropology, political science, Islamic studies and sport studies, *Sport in Islam and in Muslim Communities* not only examines the significance of sport in Islam, but helps to draw wider conclusions on religious identity in sporting settings and the interplay between sport, gender, political ideology and consumer culture.

Tunisie Wafa Tamzini,2013-10-03 Histoire, société, politique, économie, religion et culture...

L'ouvrage clé pour comprendre l'actualité de la TUNISIE. Petit territoire à l'histoire millénaire, la Tunisie a démontré à maintes reprises sa capacité à se démarquer de ses voisins. Premier pays arabe à rédiger une Constitution ou à légaliser l'avortement et l'adoption, c'est aussi le premier à s'être soulevé en 2011, faisant éclore le « printemps arabe ». Après 55 années de présidence laïque et autoritaire de Bourguiba puis de Ben Ali, pendant lesquelles chômage, inégalités sociales, corruption et népotisme ont miné le moral des Tunisiens, le pays cherche son chemin vers la démocratie et vers une stabilité tant économique que politique. Les défis sont nombreux : croissance économique, notamment grâce au tourisme, équilibre entre islamistes d'Ennahda et partisans d'une société moderne, respect des valeurs et principes de la République.

1312: Among the Ultras James Montague,2020-03-12 You can see them, but you don't know them. Ultras are football fans like no others. A hugely visible and controversial part of the global game,

their credo and aesthetic replicated in almost every league everywhere on earth, a global movement of extreme fandom and politics is also one of the largest youth movements in the world. Yet they remain unknown: an anti-establishment force that is transforming both football and politics. In this book, James Montague goes underground to uncover the true face of this dissident force for the first time. 1312: Among the Ultras tells the story of how the movement began and how it grew to become the global phenomenon that now dominates the stadiums from the Balkans and Buenos Aires. With unprecedented insider access, the book investigates how ultras have grown into a fiercely political movement, embracing extremes on both the left and right; fighting against the commercialisation of football and society – and against the attempts to control them by the authorities, who both covet and fear their power.
