Understanding Ethiopia's Tigray War Martin Plaut, Sarah Vaughan, 2023-02-16 The war in Ethiopia's northern region of Tigray began in November 2020. It inflicted more casualties than any other contemporary conflict in the world. It has also been among the least understood. The fighting and accompanying blockade led to an estimated 600,000 deaths – more than the number who died in the 1984-5 famine. International journalists were banned as the region was sealed off from the outside world by Ethiopian and Eritrean governments prosecuting a strategy designed to crush Tigray at almost any cost. Hatred of Tigrayans was stoked by senior advisers to Ethiopia's Prime Minister, Abiy Ahmed: they have called Tigrayans 'weeds' who must be uprooted, their place in history extinguished. Their language was reminiscent of that which preceded the genocide in Rwanda. The war was also orchestrated by Eritrea's President Isaias Afwerki, who came to wield increasing influence over Ethiopian affairs. It drew in Somali troops as well as Eritrean forces. Peace agreements signed in November 2022 ended the worst of the violence, but without resolving the war's underlying drivers, which continue to feed a tense and uncertain situation. This book provides the first clear explanation of the factors that led to the conflict, unravelling their roots in Ethiopia's long and complex history. It describes the battles that were fought at such terrible cost and the immense suffering, particularly of women, who were brutally abused.

Sylvia Pankhurst Rachel Holmes, 2020-09-17 'A wonderful book ... Holmes sublimely illuminates Sylvia's extraordinary life' The Times 'A masterpiece' Vanessa Redgrave _____ Born into one of Britain's most famous activist families, Sylvia Pankhurst was a natural rebel. A free spirit and radical visionary, history placed her in the shadow of her famous mother, Emmeline, and elder sister, Christabel. Yet artist Sylvia Pankhurst was the most revolutionary of them all. Sylvia found her voice fighting for votes for women, imprisoned and tortured in Holloway prison more than any other suffragette. But the vote was just the beginning of her lifelong defence of human rights. She engaged with political giants, warned of fascism in Europe, championed the liberation struggles in Africa and India and became an Ethiopian patriot. Her intimate life was no less controversial. The rupture between Sylvia, Emmeline and Christabel became worldwide news, while her romantic life drew public speculation and condemnation. Rachel Holmes interweaves the personal and political in an extraordinary celebration of a life in resistance, painting a compelling portrait of one of the greatest unsung political figures of the twentieth century. 'A monument to an astonishing life' Daily Telegraph, Best Biographies of 2020 'A robust and sensitive biography' Sunday Times, History Books of the Year 'A moving, powerful biography' Guardian

Gendering the Trans-Pacific World, 2017-03-06 Gendering the Trans-Pacific World introduces an emergent interdisciplinary and multidisciplinary field that highlights the inextricable link between gender and the trans-Pacific world. The anthology examines the geographies of empire, the significance of intimacy and affect, the importance of beauty and the body, and the circulation of culture.

The Quest for Press Freedom Meseret Chekol Reta, 2013-05-16 This book is about press development and freedom in Ethiopia, with a focus on the state media. It examines the political and social situations of the monarchy era, the Marxist military regime, and the current ethnic federalist regime, and analyzes the effects they had on the media.

Revolution and Genocide in Ethiopia and Cambodia Edward Kissi, 2006 Revolution and Genocide in Ethiopia and Cambodia is the first comparative study of the Ethiopian and Cambodian revolutions of the early 1970s. One of the few comparative studies of genocide in the developing world, this book presents some of the key arguments in traditional genocide scholarship, but the book's author, Edward Kissi, takes a different position, arguing that the Cambodian genocide and the atrocious crimes in Ethiopia had very different motives. Kissi's findings reveal that genocide was a tactic specifically chosen by Cambodia's Khmer Rouge to intentionally and systematically annihilate certain ethnic and religious groups, whereas Ethiopia's Dergue resorted to terror and political killing in the effort to retain power. Revolution and Genocide in Ethiopia and Cambodia demonstrates that the extent to which revolutionary states turn to policies of genocide depends greatly on how they acquire their power and what domestic and international opposition they face. This is an important and intriguing book for students of African and Asian history and those interested in the study of genocide.

Media, Conflict, and the State in Africa Nicole Stremlau, 2018-08-09 Explores the ideas, interests and institutions that shape the development of media systems, particularly in countries engaged in, and emerging from, violent conflict.

Becoming African Americans Clare Corbould, 2009-03-31 In 2000, the United States census allowed respondents for the first time to tick a box marked "African American" in the race category. The new option marked official recognition of a term that had been gaining currency for some decades. Africa has always played a role in black identity, but it was in the tumultuous period between the two world wars that black Americans first began to embrace a modern African American identity. Following the great migration of black southerners to northern cities after World War I, the search for roots and for meaningful affiliations became subjects of debate and display in a growing black public sphere. Throwing off the legacy of slavery and segregation, black intellectuals, activists, and organizations sought a prouder past in ancient Egypt and forged links to contemporary Africa. In plays, pageants, dance, music, film, literature, and the visual arts, they aimed to give stature and solidity to the American black community through a new awareness of the African past and the international black world. Their consciousness of a dual identity anticipated the hyphenated identities of new immigrants in the years after World War II, and an emerging sense of what it means to be a modern American.

News from Ethiopia, 1992

Press Freedom in Africa Herman Wasserman, 2013-09-13 This book gives an overview of current debates surrounding press freedom in Africa in response to ongoing contestations between media and governments on the continent. Through case studies of individual African countries as well as international comparisons, a wide range of global contributors provide critical assessments of the state of press freedom on the continent and critical perspectives on the dominant discourses around freedom and democracy. Some fear an alarming slide towards a media-intolerant environment in South Africa, and the proposed Media Appeals Tribunal and the Protection of State Information Bill (POSIB) have met with strong criticism from journalism practitioners and educators. This book examines these and other recent developments seen to represent a threat to press freedom on the African continent. Contributors to the volume take a comparative look at the situation in South Africa within a broader, global context of transitions to democracy and globalised marketization of the media, as well as inspecting specific African examples that may serve to illuminate broader trends. Case studies from different African countries are examined, but in the process the discourses around press freedom are also subjected to critical scrutiny. Critics state that the South African media are not without fault, and that part of journalism scholarship's role is to continue to point to these shortcomings and to suggest ways of improving the media's democratic responsibility. Press Freedom in Africa provides a range of perspectives on the heated debates surrounding press freedom. It illustrates the importance of research-based, scholarly interventions into the often emotional and rhetorical debates surrounding the role of the media in African society. This book was originally published as a special issue of *Ecquid Novi: African Journalism Studies*.

News from Ethiopia, 1995

Haile Selassie I, Emperor of Ethiopia Nigusie Kassaye W. Michael, 2023 This book examines the political history of the last Emperor of Ethiopia, Haile Selassie I and argues that Haile Selassie was the founder of centralized Ethiopia with access to the sea as well as the founder of modern Ethiopian diplomacy.

The Politics of Contemporary Ethiopia Yohannes Gedamu, 2021-07-22 This book investigates the role of ethnic federalism in Ethiopian politics, reflecting on a long history of division amongst the country's political elites. The book argues that these patterns have enabled the resilience and survival of authoritarianism in the country, and have led to the failure of democratization. Ethnic conflict in Ethiopia stretches back to the country's imperial history. Competing nationalisms begin to emerge towards the end of the imperial era, but were formalized by the Ethiopian People's Revolutionary Democratic Front (EPRDF) from the 1990s onwards. Under the EPRDF, ethnicity and language classifications formed the main organizing principles for political parties and organizations, and the country's new federal arrangement was also designed along ethnic fault lines. This book argues that this ethnic federal arrangement, and the continuation of an elite political culture are major factors in explaining the continuation of authoritarianism in Ethiopia. Focusing largely on the last 27 years

under the EPRDF and on the political changes of the last few years, but also stretching back to historical narratives of ethnic grievances and division, this book is an important guide to the ethnic politics of Ethiopia and will be of interest to researchers of African politics, authoritarianism and ethnic conflict.

Africa and the Shaping of International Human Rights Derrick M. Nault,2021-01-17 Africa throughout its postcolonial history has been plagued by human rights abuses ranging from intolerance of political dissent to heinous crimes such as genocide. Yet this book argues that the continent has also been pivotal in helping shape contemporary human rights norms and practices.

The International Directory of Government 2021 Europa Publications,2021-08-04 The International Directory of Government is the definitive guide to people in power in every part of the world. All the top decision-makers are included in this one-volume publication, which brings together government institutions, agencies and personnel from the largest nations (China, India, Russia, etc.) to the smallest overseas dependencies (Guadeloupe, Guernsey and Christmas Island, etc). Institutional entries contain the names and titles of principal officials, postal, e-mail and internet addresses, telephone and fax numbers, and other relevant details. Key features: - comprehensive lists of government ministers and ministries - coverage of state-related agencies and other institutions arranged by subject heading - details of important state, provincial and regional administrations, including information on US states, Russian republics, and the states and territories of India.

Reconfiguring Ethiopia: The Politics of Authoritarian Reform Jon Abbink,Tobias Hagmann,2016-04-22 This book takes stock of political reform in Ethiopia and the transformation of Ethiopian society since the adoption of multi-party politics and ethnic federalism in 1991. Decentralization, attempted democratization via ethno-national representation, and partial economic liberalization have reconfigured Ethiopian society and state in the past two decades. Yet, as the contributors to this volume demonstrate, 'democracy' in Ethiopia has not changed the authority structures and the culture of centralist decision-making of the past. The political system is tightly engineered and controlled from top to bottom by the ruling Ethiopian Peoples' Revolutionary Democratic Front (EPRDF). Navigating between its 1991 announcements to democratise the country and its aversion to power-sharing, the EPRDF has established a de facto one-party state that enjoys considerable international support. This ruling party has embarked upon a technocratic 'developmental state' trajectory ostensibly aimed at 'depoliticizing' national policy and delegitimizing alternative courses. The contributors analyze the dynamics of authoritarian state-building, political ethnicity, electoral politics and state-society relations that have marked the Ethiopian polity since the downfall of the socialist Derg regime. Chapters on ethnic federalism, 'revolutionary democracy', opposition parties, the press, the judiciary, state-religion, and state-foreign donor relations provide the most comprehensive and thought-provoking review of contemporary Ethiopian national politics to date. This book is based on a special issue of the Journal of Eastern African Studies.

The Ethiopian Homily on the Ark of the Covenant Amsalu Tefera,2015-08-31 In The Ethiopian Homily on the Ark of the Covenant, Amsalu Tefera offers a critical edition and English translation of a lengthy fifteenth century Ethiopian text which recounts the activities of the Ark, interpreting them primarily in a Mariological manner.

The International Directory of Government 2022 Europa Publications,2022-08-05 The International Directory of Government is the definitive guide to people in power in every part of the world. All the top decision-makers are included in this one-volume publication, which brings together government institutions, agencies and personnel from the largest nations (China, India, Russia, etc.) to the smallest overseas dependencies (Guadeloupe, Guernsey and Christmas Island, etc). Institutional entries contain the names and titles of principal officials, postal, e-mail and internet addresses, telephone and fax numbers where applicable, and other relevant details. Key features: - comprehensive lists of government ministers and ministries - coverage of state-related agencies and other institutions arranged by subject heading - details of important state, provincial and regional administrations, including information on US states, Russian republics, and the states and territories of India. Contents include: A comprehensive directory section organized by country or territory; Details of co-ordinating bodies, and of foundations, trusts and non-profit organizations; A full index of organizations, and indexes by main activity and by geographical area of activity.

Chasing Wrongs and Rights Elaine Pearson,2022-09-07 The Australia Director at Human Rights Watch shares her experiences defending human rights – from human trafficking in Nepal to the 'drug war' in the Philippines to treatment of detainees in Papua New Guinea and in Australia – offering an extremely involving personal account of how far we've come, and how far we've got to go. Growing up in Perth, Elaine Pearson always dreamt of the wider world. Her British father and Singaporean-Chinese mother meant that her family extended beyond our shores, but it wasn't until later in life that she fully understood how her professional calling might have been influenced by personal history: she learned that her beloved maternal grandmother had been sold to an opera troupe as a child to save the family from starvation. As soon as she could, Elaine followed her interest in women's rights and people-trafficking, interviewing sex-workers and victims of trafficking on the streets of Bangkok and Amsterdam's red light district. Her experiences in Nepal and Nigeria profoundly shaped her understanding of how governments and NGOs need to protect the rights of victims, as well as how poverty, corruption and war drive trafficking in the first place. Elaine's story takes us on a panoramic survey of human rights across the world – into the UN committee rooms of New York and Geneva, as well as to the front-lines of Sri Lanka's search for those who disappeared in the country's civil war, examining death squad killings on the Philippines island of Mindanao and the detention of asylum seekers in Papua New Guinea. And her work on the appalling treatment of prisoners, many of whom are Aboriginal, vividly demonstrates that human rights abuses are something that happens at home as well as out in that wider world. In exploring human rights abuses and governments' failure to address them, Chasing Wrongs and Rights sometimes shows humanity at its worst. Just as often, though, we see people at their best – compassionate, resilient, determined. Deeply informative and inspiring, Elaine Pearson's story will leave you understanding how much needs to change, and how individuals can make a difference.

Collision of Empires G. Bruce Strang,2016-05-23 Italy's invasion of Ethiopia in 1935 marked a turning point in interwar Europe. The last great European colonial conquest in Africa, the conflict represented an enormous gamble for the Fascist dictator Benito Mussolini. He faced a challenge not only from a stout Ethiopian defence, but also from difficult logistics made worse by the League of Nations' half-hearted sanctions. Mussolini faced down this opposition, and Italian troops, aided by air superiority and liberal use of yprite gas, conquered Addis Ababa within eight months, a victory that shocked many military observers of the time with its speed and suddenness. The invasion had enormous repercussions on European international relations. In the midst of a national election campaign, the British National Government had felt constrained to support the League, despite fears that sanctions through the League could lead to war with Italy. The concentration of the Royal Navy in the Mediterranean Sea alienated Mussolini and placed the French government on the horns of dilemma; should France support its military partner, Italy, or its more important potential ally, Great Britain? French attempts to mark out a middle ground did little to placate the Duce, and the crisis seemed to develop a deep rift between Fascist Italy and the Anglo-French democracies, while at the same time creating a crisis in Anglo-French relations. Mussolini turned towards Nazi Germany in an attempt to end his diplomatic isolation during the sanctions episode, although Hitler considered the Duce's friendship a mixed blessing. The question of American adherence to sanctions increased ill will between British politicians and the Roosevelt administration in Washington, as each tended to blame the other for the failure of oil sanctions and the collapse of collective security. The international crisis posed similarly thorny problems for the smaller powers of Europe, and for Japan and the Soviet Union. The crisis impeded common defence against Fascist expansionism while giving impetus to claims of the revisionist powers. Despite the tremendous importance of the international crisis, however, little new work on the subject has appeared in recent decades. In this volume, an international cast of contributors take a fresh look at the crisis through the lens of new evidence and new approaches to international relations history to provide the most comprehensive coverage of the crisis currently possible, and their work provides new frames of reference for exploring imperialism, collective security and genocide.
