The Report: Dubai 2018 , Dubai has continued to meet its targets in becoming the global capital of Islamic finance, nearly doubling the number of sukuk (Islamic bonds) listings on its exchanges since 2017. Furthermore, eased policy restrictions to encourage foreign investment and the 2019 budget's continued commitment to infrastructure development ahead of Expo 2020 are expected to continue driving economic activity. As one of the most diversified economies in the region, Dubai continues to present growth opportunities in various sectors including tourism, logistics, manufacturing and education. Although the emirate has benefitted from its proximity to oil and gas fields, Dubai is right at the forefront of the emerging cleaner energy world, and developing and promoting renewable technologies, including solar energy and electric vehicles.

International Business Marios I. Katsioloudes, Spyros Hadjidakis, 2007 'International Business' covers international business issues from a multinational perspective. Each chapter features the reverse perspective case that provides material for discussion and/or case analysis from a global perspective not necessarily that of the US.

International Business Marios Katsioloudes, Spyros Hadjidakis, 2007-03-15 Traditionally, international business (IB) texts survey the field from a USA perspective, going on to compare the USA to the rest of the business world. This text addresses IB from a purely

multinational perspective. International Business is examined from the USA angle, going on to address IB issues from other countries' perspectives, what we call the "Reverse Perspective." The authors interview business executives and politicians from a number of countries including the USA, Canada, Mexico, Brazil, Colombia, Argentina, India, Hong Kong, Taiwan, China, Japan, South Korea, Germany, Italy, and Russia. These interviews are incorporated at appropriate points in the text providing first-hand information and practical insight. Cases include: Air Arabia, Gap, Diebold Inc, Matsushita, AMSUPP, NIKE, China Eastern Airlines, Luton & Dunstable Hospital, Harley Davidson, Cassis de Dijon, Green investments in Belize, Chicago Food and Beverage Company, Advanced Software Analytics

Policy Diffusion and Telecommunications Regulation Véronique

Wavre,2018-01-22 This study investigates regulatory reforms in the telecommunications sector of Middle Eastern and North African (MENA) countries. It explores telecommunications innovations in three developing economies (Morocco, Jordan and Egypt), with a focus on regional and European trends in telecommunications policies. Common knowledge suggests that the European Union and its member states are the main influential regulatory power in the MENA region. However, the empirical analysis of selected telecommunications regulations: universal service obligation (USO) and spectrum management, reveals that reforms are not always determined by European countries but may also originate from other developing countries, such as Peru and Chile. This finding attests to the rise of regulatory influence from the Global South, which challenges traditional transfers of regulations originating from more industrially advanced countries.
