I'd have offered a swap sooner, but I didn't want to look like some greasy doormat. Wasn't no grease about that swap. Pete grinned and rubbed his neck again. I found out real quick who was the big man. Where'd you learn that stuff anyway? Oh, picked it up--here and there. Stan glanced down at the floor. There would be no point in explaining the intensive close combat training he'd been put through at school. Such training would make no sense to his cellmates. To the good citizens of Kellonia, it would seem horrifyingly illegal. He glanced up again. You know how it is, he went on. A guy learns as he goes. Big Carl Marlo swung his legs over the side of his bunk. Looks like you learned real good, he said. He examined Stan. Pete tells me about this deal. I kinda miss the action this time, but Pete tells me he's got the blanket and he's all s

The Alarm Clock Revolution Marcus Johnson, 2014-01-19 Small irritations can grow over time. Like waking up day after day to the alarm's siren cry. It all began one day with an angry man named Dave. Will the world remain as it is? Or will the era of the devilish alarm clock come to an end?

The Fastest Clock in the Universe Philip Ridley, 1992 In a strange room in East London the party preparations are under way. Everything has been planned to the last detail. Time Management Mike Hardy,2015-07-11 BREAK THE LATE HABIT AND START BEING ON TIME EVERY TIMEOften, we miss out of the important things in life - just because we're late. Indeed, a few minutes is the difference between success

and failure. None of us wants to be unpunctual; yet most of us are victim to the lateness habit - And it costs us dearly. Why is it so? Why can't the late make up their minds about being on time? What prevents them? Is there no hope for the chronic latecomer? Fortunately, there is. This e-book, *Time Management: How To Break The Late Habit, Embrace Punctuality, And Always Be On Time*, is all you need to build an efficient life around the clock. It's your answer to all questions related to being late - why it happens, how to counter it, what you can do to improve your punctuality record, where your weakest spots are, and when is the best time to apply yourself to the problem. What makes this book so effective? It's written by a former chronic latecomer himself. I have been there and suffered that. I have devised my own techniques to fight my unpunctuality, studied the methods of punctual (and successful) people, and built a body of tips and tricks that enabled me to overcome the lateness habit. Today, I am a happy, punctual individual - the kind that people can set their clocks with. The same tactics and techniques now come to you in this e-book. It's my personal mission to help those individuals who - despite their best efforts - are unable to beat the clock. My methods have been tested on myself, and any method that hasn't worked hasn't found its way into this e-book. So you can be assured that every tip here, every piece of advice, has been tried and proven to deliver results. Each method is pared down and simplified to make it easy on you - and you can start this minute. A problem as severe as tardiness needs to be addressed as

soon as you can-so why wait? Get hold of this e-book and get to work on yourself. The more you delay, the more issues your delay will cause. Remember, you're fighting this very instinct of yours to put things off for later - don't! No more excuses! Here is what you will learn: * Understanding punctuality and its importance * The importance of being punctual * How to tame lateness * The art and science of time management * How to never be late * What makes punctual people punctual * How to be in the 'zone' and remain there You will also discover: * The effective habits of punctual people * Tried and tested methods to be on time, every time * Making punctuality work - for your career and life DON'T WAIT SCROLL BACK UP TO THE TOP AND CLICK THE BUY BUTTON TO GET YOUR COPY TODAY!
