Unlock Your Executive Presence Joseph Kwon,2020-05-18 Never Get Ignored Again Do you enjoy being loyal, adding value, and getting great feedback, only to watch others get the promotion you deserve? Have you ever had the guts to ask your boss what it takes, only to be met with vague, unhelpful suggestions? Ever get the nagging feeling that your leaders don't really understand why they are promoting certain people and leaving others behind? In this book, the Connection Counselor Joe Kwon reveals why you can have all the right stuff, but without Executive Presence (EP), you will never be considered leadership material. The good news is, it doesn't have to be that way! This engaging and entertaining guide delivers practical advice, such as: The 6 Degrees of Executive Presence and how they change everything Why appearance matters less than you think When fake it till you make it is helpful and when it isn't A blueprint for immediately improving how people respond to you If you enjoy business books that are easy to read, and packed with a good mix of stories and eye-opening insights, this is the book for you. If you are looking for lots of research, complicated methodologies, or more tired self-help to-do lists, you won't find them here. By the end of this book, which is equally applicable to men and women, you will have everything you need to increase your Executive Presence, be seen as a leader, and finally reap the rewards you so richly deserve. Note: Though this is not a book about psychology or spirituality, and none of the lessons inside require you to start therapy or daily meditation, it is inspired by and owes a debt of gratitude to practices and teachings found in books such as Michael A. Singer's *The Untethered Soul*, Neale Donald Walsch's *Conversations with God*, Eckhart Tolle's *A New Earth*, and Dr. David J. Lieberman's *Never Get Angry Again*.

Executive Transitions 2 Jr. Thomas F. Casey, 2019-04-25 Executive Transitions 2-Leveraging Experience For Future Success! is a compendium of lessons learned via first party research and the provision of Transition Advisory services to over 500 executives by Tom Casey and Discussion Partner Collaborative LLC since 2013. DPC's first book on the topic Executive Transitions-Plotting The Opportunity! framed the challenge of Succession Planning in the context of enterprise and executive preparedness for the retirement of senior personnel and the need to replace their talents in an organized manner. Executive Transitions 2-Leveraging Experience For Future Success! expands on the initial work via case studies derived from over 500 executive assignments leading to three central conclusions: Successful executives crave the ability to feel edgy during the next phase of their career. The leverage these executives have in pursuit of their encore is their experience derived during their previous settings. c. Transitioned executives are more open to embedding new lessons learned during their encore, than they were when they were still in the game.
