Bengal Cats and Kittens Taylor David,2013-07-18 Bengal Cat and Kittens will introduce you to the cat that is like no other breed in terms of their dog-like habits. If you are looking for a loyal companion that fetches, walks on a leash, often has a strong fondness for water, and is as beautiful as the Asian Leopard Cat it descended from originally, then this might be the ideal cat for you! This book also includes information on how the Bengal cat compares to other similar exotic breeds of cats that have wild cat ancestors from a few generations back, as well as TICA information, and legal considerations specifically for USA, Canada and the UK. It's good to finally read a book by someone that has owned and clearly loves Bengals like I do. I learned a lot about my Bengal kitten after reading it. Highly recommended! -Louise Pasli

The Great Bahamian Hurricanes Of 1926 Wayne Neely,2009-11-16 Every year, hurricanes seem to be increasingly severe and unpredictable, ensuring that they remain one of the most frequent topics of conversation in our everyday lives. The Great Bahamian Hurricanes of 1926 provides the perfect introduction to the complexities and dynamics of hurricanes. It focuses on how they develop, what causes them to be so powerful, the history behind them and how hurricanes affect us all. Wayne Neely tells the story of three of the worst natural catastrophes in the history of the Bahamas. However, this is not just the story of three big storms, but also of the many Bahamians who had to endure them. The individual stories of heroism and cowardice; tragedy and redemption vividly bring these storms to life. Each hurricane season brings with it a reminder that we are constantly subject to natural occurrences over which we have no control. Through unique historical photographs of actual damages from these three storms, this book shows the widespread devastation that these storms inflicted on the Bahamas. Drawing upon many newspaper accounts, ship reports and Family Island Commissioners reports from throughout the Bahamas, the author provides a fascinating glimpse of these hurricanes as they devastated the Bahamas.
