Chainsaws, Slackers, and Spy Kids Alison Macor, 2010-02-22 During the 1990s, Austin achieved overnight success and celebrity as a vital place for independent filmmaking. Directors Richard Linklater and Robert Rodriguez proved that locally made films with regional themes such as *Slacker* and *El Mariachi* could capture a national audience. Their success helped transform Austin's homegrown film community into a professional film industry staffed with talented, experienced filmmakers and equipped with state-of-the-art-production facilities. Today, Austin struggles to balance the growth and expansion of its film community with an ongoing commitment to nurture the next generation of independent filmmakers. *Chainsaws, Slackers, and Spy Kids* chronicles the evolution of this struggle by re-creating Austin's colorful movie history. Based on revealing interviews with Richard Linklater, Robert Rodriguez, Mike Judge, Quentin Tarantino, Matthew McConaughey, George Lucas, and more than one hundred other players in the local and national film industries, Alison Macor explores how Austin has become a proving ground for contemporary independent cinema. She begins in the early 1970s with Tobe Hooper's horror classic, *The Texas Chainsaw Massacre*, and follows the development of the Austin film scene through 2001 with the production and release of Rodriguez's \$100-million blockbuster, *Spy Kids*. Each chapter explores the behind-the-scenes story of a specific movie, such as Linklater's

Dazed and Confused and Judge's Office Space, against the backdrop of Austin's ever-expanding film community.

Family Adventures Austin Sailsbury, gestalten, 2020-09-22 These are real-life tales of moms and dads braving the unavoidable struggles of travel--flight delays, lost luggage, middle-of-nowhere engine breakdowns, and middle-of-everyone emotional meltdowns--to share new experiences with their kids. As all of these parents will tell you, traveling with kids is never easy. But the benefits can be invaluable. What could be more important than introducing our children to cultures where families, not so unlike our own, look and live and speak and eat differently than we do. What could be more useful than giving them the tools to deal with the challenges encountered on the road. Taking risks, overcoming challenges, discovering beauty, and opening our minds and hearts. These are the things we hope for each time we pack our bags, load the car, or board a plane. This is why we leave home and head into the unknown. No matter how old we are, each of us wants to be filled with awe and to feel fully alive. And we want to share these experiences with the people we love the most, so that these moments of wonder might live on for years to come.- Travel tips for the age groups 0-3, 4-6, 7-10, 10-13 as well as thirteen and up are laid out in detailed chapters. Also for older children from the ages of eleven to thirteen for example, travel provides an opportunity to deepen a connection, or to reconnect, with a child that might be spending more and more time away from you.- Reif Larsen, author of the novels *The Selected Works of T. S. Spivet* and *I Am Radar*, speaks in his essay about rediscovering nature with his children around their home during the current travel restrictions. *Family Adventures* provides inspiration and guidance for vacations long and short; creating memories that last a lifetime.

Troubling a Star Madeleine L'Engle, 2008-09-02 In book five of the award-winning *Austin Family Chronicles* young adult series from Madeleine L'Engle, author of *A Wrinkle in Time*, Vicky Austin experiences the difficulties and joys of growing up. After a year in New York City and a summer with her grandfather, Vicky Austin returns to the rural Connecticut village she grew up in-- and feels totally out of place. Then she meets Adam Eddington's Great Aunt Serena, who reminds her of her beloved grandfather, and she begins to find a comfortable, if not exciting, routine to her days. At Christmas,

Serena gives Vicky a trip to Antarctica, to visit Adam. Vicky can't believe her luck. But the trip is not what Vicky imagined it would be. First of all, she doesn't know where she stands with Adam. He's pulled back, saying they are just friends. But weren't they more than that, Vicky thinks. And Vicky's fellow passengers are not what they seem or they are more than she knows. Finally, even Aunt Serena's motives are suspect, as Vicky discovers a journal that belonged to Adam's famous uncle who disappeared many years earlier. As Vicky becomes more and more caught up in a mystery involving drugs, nuclear waste, and international espionage, she discovers that her assumptions about the world are hopelessly naive and that life, hers included, is as fragile as the ecosystem of Antarctica, the world's most remote continent. Meet the Austins Madeleine L'Engle, 2008-09-02 In book one in the award-winning Austin Family Chronicles young adult series from Madeleine L'Engle, author of *A Wrinkle in Time*, Vicky Austin experiences the difficulties and joys of growing up. For a family with four kids, two dogs, assorted cats, and a constant stream of family and friends dropping by, life in the Austin family home has always been remarkably steady and contented. When a family friend suddenly dies in a plane crash, the Austins open their home to an orphaned girl, Maggy Hamilton. The Austin children—Vicky, John, Suzy, and Rob—do their best to be generous and welcoming to Maggy. Vicky knows she should feel sorry for Maggy, but having sympathy for Maggy is no easy thing. Maggy is moody and spoiled; she breaks toys, wakes people in the middle of the night screaming, discourages homework, and generally causes chaos in the Austin household. How can one small child disrupt a family of six? Will life ever return to normal? A Ring of Endless Light Madeleine L'Engle, 2008-09-02 In book four of the award-winning *Austin Family Chronicles* young adult series from Madeleine L'Engle, author of *A Wrinkle in Time*, Vicky Austin experiences the difficulties and joys of growing up. This wasn't the first time that I'd come close to death, but it was the first time I'd been involved in this part of it, this strange, terrible saying goodbye to someone you've loved. These are Vicky Austin's thoughts as she stands near Commander Rodney's grave while her grandfather, who himself is dying of cancer, recites the funeral service.

Watching his condition deteriorate over that long summer is almost more than she can bear. Then, in the midst of her struggle, she finds herself the center of attention for three young men. Leo, Commander Rodney's son, turns to her as an old friend seeking comfort but longing for romance. Zachary, whose attempted suicide inadvertently caused Commander Rodney's death, sees her as the one sane and normal person who can give some meaning to his life. And Adam, a serious young student working at the nearby marine-biology station, discovers Vicky, his friend's little sister, incipient telepathic powers that can help him with his experiments in dolphin communications. Vicky finds solace and brief moments of peace in her poetry, but life goes on around her, and the strain intensifies as she confronts matters of love and of death, of dependence and of responsibility, universal concerns that we all must face. The inevitable crisis comes and Vicky must rely on openness, sensitivity, and the love of others to overcome her private grief. Once again, Madeleine L'Engle has written a story that revels in the drama of vividly portrayed characters and events of the spiritual and moral dimensions of common human experiences.
